## Campus Master Planning Committee Selection Process

Presented to the Board of Education - January 4, 2022

# Background

- The administration will notify the community of the creation of the Campus Master Planning Committee in mid-January (after BOE approval of the Committee charge)
- An invitation and form will be sent to solicit representatives from any organization that is listed in the charge, or for use for "at-large" community members who may be interested in serving
- The administration will vet applicants against criterion for selection, seeking to create a group that represents a broad segment of community members
- The Superintendent will present these individuals for Board action in mid to late February

# Criterion for Selection

- Relationship with the school (parent, student, resident, etc.)
- Engagement with other community-based organizations
- Ability to be constructively critical and solutions oriented
- Ability to commit to the process
