# Cleveland Independent School District District Improvement Plan

2021-2022

### **Mission Statement**

## Vision

The vision of the Cleveland Independent School District is to build a community of empowered, life-long learners, in a way that staff and community support and take pride in Cleveland ISD, so that we can develop successful, productive, responsible, and healthy citizens of the world.

#### Nondiscrimination Notice

The Cleveland Independent School District (District) as an equal opportunity educational provider and employer does not discriminate on the basis of race, color, national origin, sex, religion, age, or disability in educational programs or activities that it operates or in employment matters. The District is required by Title VI and Title VII of the Civil Rights Act of 1964, as amended, Title IX of the Education Amendments of 1972, the Age Discrimination Act of 1975, as amended, Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act, as well as Board policy not to discriminate in such a manner.

# **Comprehensive Needs Assessment**

#### **Demographics**

#### **Demographics Summary**

Cleveland ISD is a small but growing independent school district northeast of Houston. The Texas Education Agency (TEA) has labeled CISD as a hyper-growth district and indicated we are the fastest growing district in Texas, as of October 9, 2019. Our rate of growth is 114%. As of September 17, 2021, 10,670 students were enrolled in CISD, an increase of 1,782. Cleveland ISD consists of nine campuses: Cleveland High School, Cleveland Middle School, Southside Elementary, Northside Elementary, Eastside Elementary, Cottonwood Elementary, Pine Burr Elementary, Douglass Learning Academy (Alternative Education/Dropout Recovery Program) and DAEP. Our elementary schools serve Pre-K thru 5th grades.

The philosophy of the Cleveland Independent School District is to build a community of empowered, life-long learners, in a way that staff and community support and take pride in Cleveland ISD, so that we can develop successful, productive, responsible, and healthy citizens of the world. In an effort to accomplish this vision in a hyper-growth district, we must intentionally plan for future infrastructure, academics, and community engagement. Improved or additional academic structures include schools, technology, transportation, and the development of systems and structures to plan appropriately for our growth. Academically, due to the increased enrollment of Emerging Bilingual students, formerly English Learners (EL), and Economically Disadvantaged students CISD is also in great need of bilingual teachers, certified and exerpienced teachers, instructional resources, and professional development to support our unique learners. Our district must continue to focus our efforts on the needs of students and families through community engagement opportunities that support students in their learning and families with the resources and tools to ensure their students are successfully attaining their academic goals. To support our highly mobile and bilingual students, our efforts are focused on meeting their academic needs through professional learning centered on language acquisition through the adopted practices of sheltered instruction.

#### **Demographics Strengths**

Increased diversity

Families are eager to be involved in the academic development of their childrent and the growth of the school district

Developing systems to support our represented student groups

#### **Problem Statements Identifying Demographics Needs**

**Problem Statement 1:** Meeting the diverse needs of every student in every classroom **Root Cause:** The district is experiencing hyper-growth causing an increase in the academic demands and supports needed for our Emergent Bilinguals and Economically Disadvantaged students and families.

#### **Student Achievement**

District Goal is < 1%

Cleveland ISD attendance rate is 92.2% down 3.47% from the previous year. Due to COVID-19, the district did not reach its goal of 98% for the 2020-2021 school year. The district will continue to monitor and document attendance for all students. Campuses will follow district procedures and protocols to address truancy needs.

The district annual dropout rate is 0.6% a decrease from 2.4% in 2019. CISD has implemented a dropout recovery plan allowing overaged middle school students to gain high school credit before their 9th grade year. The plan also monitors and tracks students at-risk of being a dropout.

Further interventions to assist in preventing drop-out, and encourage school attendance and completion are needed. Strategies to increase rigor and differentiated instruction are also needed to meet the acadmeic demands of learning loss caused by COVID-19. Increasing the number of dual-credit courses at the high school is another effort the district would like to pursue to assist with encouraging students to obtain higher education and participate in CTE pathways and certifications. The district continues to see the need for the continuation of an online system for initial credit and credit recovery to assist at-risk youth.

CISD's 2021-2022 attendance goal is 95%.

#### **Student Achievement Strengths**

All STAAR tested subject areas, with the exception of Social Studies declined 3% or more in academic achievement. Three student groups who made academic gains by 3% points or more include African American, White, and Special Education.

#### **Problem Statements Identifying Student Achievement Needs**

**Problem Statement 1:** Due to low student attendance caused by COVID-19, students did not receive nor engage in differentiated instruction provided daily in the classroom. **Root** Cause: Families were cautious about sending students to school and poor internet connectivity and access to devices prevented many from engaging online or accessing CANVAS.

**Problem Statement 2:** A significant percentage of CISD students in grades 3-12 are below grade level in reading by two or more grade levels. **Root Cause:** Lack of reading curriculum aligned with high yield primary literacy strategies and lack of professional learning to provide teachers expert training in reading at all grade levels.

#### **District Culture and Climate**

#### **District Culture and Climate Summary**

#### **Facilities Information**

Recognizing the continuous growth in the community, and the aging of existing infrastructure, including school buildings, Cleveland ISD passed a bond election in May 2017 and again in November 2019. Elementary 6 and Middle School 2 are scheduled to open in the 2022-2023 school year. Documented student growth and the increased need for educational space, renovations, technology, and infrastructure repairs are evident and continue to be a challenge. Passage of the bond elections allowed campuses to be realigned to most effectively utilize space in order to best meet the needs of all students. To illustrate the need for improvements in infrastructure, two elementary schools have opened in the past two years, Pine Burr Elementary and Cottonwood Elementary. Cleveland High School expanded to almost double its occupancy, and a Service Center was built to house operational departments, such as Maintenance and Transportation, as they too have expanded to serve the growing needs of our community. CISD now has five PK - 5th grade campuses. The Cleveland ISD Board of Trustees called for an additional bond referendum for November 2021 to address the increase in enrollment and the need for new schools, specifically a high school.

#### **School Climate**

The school community has a common goal. It is to maintain an environment where all stakeholders are welcomed, supported, and feel safe in our schools. The school community has a shared vision and plan for promoting, enhancing and sustaining a positive school climate. Data is collected through GearUp from teachers reflecting on professional learning, instruction, and school climate. More data from families needs to be collected to ensure we analyze specific feedback for continuous improvment.

#### **School Safety**

Student discipline referrals indicate that there is a no indication of guns being brought to the campuses as indicated in PEIMS 425 and Gun Free Schools report. Student discipline referrals are analyzed on a regular basis to identify patterns of behavior that need to be addressed. Cleveland ISD works with the district police department to ensure safety across the district. Discipline referrals are reported on all campuses for a variety of reasons and appropriate administrators work to resolve these issues in a timely manner. Professional Learning will be implemented for staff to recognize behaviors associated with bullying and harassment and suicide awareness and prevention. We have also entered into an agreement with Tri County Youth Services to provide services to assist counselors in providing services to students and families who might not have the personal means to privately secure services.

The district assesses the disciplinary environment of campuses on a regular basis. Non-violent Crisis Intervention is available for staff and regular trainings are held twice yearly. Positive Behavior Intervention Support(PBIS) is being incorporated at the campuses. Ripple Effects and Character Strong are two behavioral supports CISD is implementing to proactively support behavior and character development.

Additional security cameras and equipment to monitor safety at all campuses have been repaired and replaced throughout the district. Cameras have been added to specified Special Education classrooms as required by Texas law.

Safety audits are completed annually to gauge current safety on all district properties.

Cleveland ISD Police Department engaes in drills and collaborates and trains with city, county, and state policing agencies.

#### **District Culture and Climate Strengths**

Small class sizes in elementary

Attendance/Dropout Liaison

Ripple Effects and Character Strong

Positive Behavior Intervention Supports

Positive Family and Community Feedback

#### **Problem Statements Identifying District Culture and Climate Needs**

**Problem Statement 1:** Aging and traditional academic structures and systems make it difficult to plan for the long term needs of students, families, and the community. **Root Cause:** Long range plans that ensure all departments and systems can sustain the hyper-growth have not been developed.

#### Staff Quality, Recruitment, and Retention

Staff Quality, Recruitment, and Retention Summary

**Staff Information (TAPR)** 

#### **Teachers by Ethnicity and Gender**

| School Year | Male | Female | Af Am | Hisp | Wht | Nat Am | As/PI | 2+ races |

#### Teachers by Experience

| School Year | Beginning | 1-5 Yr(s) Experience | 6-10 yrs | 11-20 yrs | >20 yrs |
|-------------|-----------|----------------------|----------|-----------|---------|
| 2020-2021   | 145       | 348                  | 109      | 107       | 53      |
| 2019-2020   | 87        | 220                  | 71       | 70        | 32      |
| 2018-2019   | 75        | 193                  | 63       | 60        | 31      |

On average, 79% of Cleveland ISD teachers have less than 10 years of experience. Many new teachers to the district are also new to teaching. Therefore, CISD has developed a New Teacher Academy. CISD continues to revise the salary structure to remains competive with surrounding markets. Improving stipends is a priority, especially in content areas with teacher shortages.

CISD continues to retain most administrative staff and we continue to add positions to support the the hyper-growth we are experiencing in CISD. New or additional positions range from central office personnel, both administrative and instructional, as well as bus drivers, teachers, and Child Nutrition Staff. Specific areas we continue to address are the need for bilingual, special education, CTE teachers and instructional coaches, not only in core content areas, but also for our bilingual programs.

#### **Professional Development**

Each year, Cleveland ISD evaluates the professional learning needs of its employees. The data collected from this evaluation drives the design and development of our professional learning plans. Data indicates specific needs to campuses or departments, but also highlights the growing needs of the district. Our Coordinator of Professional Learning supports the development and implementation of our district plan. Data indicates a growing need for instructional and behavioral support, support for Emergent Bilinguals, and training that addresses low socio-economic student groups for our campuses. Instructional professional learning targets include differentiated instruction, sheltered instruction, data disaggregation and informed lesson design, digital learning, and improving instructional rigor through Professional Learning Communities. To meet these targets, professional learning for administrators and teachers includes data evaluation and application in lesson design and delivery to support the learning needs and academic success of all student groups. Data review focuses on local and state assessments, screening data from various instructional platforms, and other norm and criterion assessments. Writing across all content areas is an expectation and will be included in lessons. Professional Learning will also be available to teachers and administrators to improve instruction in specific content areas, including CTE. Additionally, Instructional Coaches continue to be identified as a need to assist campuses and teachers with data disaggregation of all local and state assessments and to provide administrators and teachers and students with instructional support and feedback.

Behaviorally, we are seeing a growing need for social-emotional learning, especially in the areas of anxiety, anger, and inappropriate attention-seeking behaviors. We continue to evaluate our needs and gather feedback to ensure our plan accurately reflects student behaviors and the appropriate professional learning to equip our teachers and administrators with the skills and tools required to address disruptive behaviors. Ripple Effects and Character Strong programs address these needs and prepare our teachers to identify them and respond appropriately.

New teachers are enrolled in the New Teacher Academy for the entirety of their first year of practice. First year teachers are offered a series of relevant topics presented by district leaders. This professional learning helps to develop more effective teachers through monthly opportunities to meet and learn from these individuals.

Opportunities for required training, such as Gifted and Talented and CPI, will be provided throughout the year to ensure all teachers are able to attend and earn compliance hours.

Campus teachers and administrators will also work collaboratively, through the T-TESS process, to determine areas of professional learning to ensure student learning. Eduphoria Strive has been added to ensure continuous monitoring of instruction, including participation in professional learning.

All teachers and staff participate in mandated trainings through Vector Solutions.

Leadership development experiences are in place and designed to support current campus and district administrators in meeting the growing demands of our community and student populations.

The Aspiring Leadership Academy, currently in its sixth year, was designed to grow leaders internally and ensure a leadership pipeline, as CISD continues to add schools and central office personnel to support instruction and our growing infrastructure. Additionally, as a measure of continuous improvement, the Academy is offering leadership development specific to various positions to provide a more expansive pipeline to support the growing needs of our district.

12 of 53

#### Staff Quality, Recruitment, and Retention Strengths

Instructional Coaches at all Title I campuses

Continuous review salary and stipend structures to ensure CISD is competitive in the current market

Recruiting Stipend

Implementation of the full one-way dual language program model in grades Pre-K - 5th Cleveland Independent School District Generated by Plan4Learning.com

| Problem Statements Identifying Staff Quality, Recruitment, and Retention Needs  |
|---|
| Problem Statement 1: Need to increase the number of staff who hold their bi-lingual and/or ESL certification Root Cause: A decrease exists in the number of candidates graduating from colleges and universities or completing alternative certification programs coupled with an increasing demand internally and externally for Bilingual Certified candidates. |
|   |

#### **Curriculum, Instruction, and Assessment**

#### Curriculum, Instruction, and Assessment Summary

The Department of Curriculum and Instruction is responsible for meeting the academic and behavior needs of all students to ensure academic success and future possibilities. Areas of focus include initial instruction, intervention and remediation, assessment, Student Services, Multilingual, PEIMS, professional learning, and counseling. Over the past three years, this department has grown in size to ensure the design and alignment of a flexible and viable curriculum and grown teachers to ensure that it is delivered through high quality and high yeild instructional methodologies. In the Spring of 2021, the Curriculum and Instruction Department rewrote the curriculum to address the learning loss experienced through COVID and prepared teachers and administrators for the 2021-2022 school year through professional learning opportunities. In addition to designing new curriculum, Curriculum and Instruction identified the need of traning teachers and administrators in Sheltered Instruction, specifically through 7 Steps to a Language-Rich Interactive Classroom and Sheltered Instruction in Texas.

#### Curriculum, Instruction, and Assessment Strengths

Alignment of Curriculum

Focus on Sheltered Instruction for all content areas

Writing across the curriculum

Ripple Effect

Character Strong

Identifying and implementing appropriate instructional resources

#### Problem Statements Identifying Curriculum, Instruction, and Assessment Needs

**Problem Statement 1:** Overall, CISD students performed poorly on state assessments. **Root Cause:** There is a need across the district for curriculum alignment, implementation of best instructional practices with fidelity, and local assessment practices that yield reliable data for improving student achievement.

#### **Parent and Community Engagement**

#### Parent and Community Engagement Summary

Parental Involvement

Opportunities for parent involvement will be offered to all Cleveland ISD parents. Campus-based activities for Parents Involved in Education (PIE) will be expanded for families to be more involved with their student's academic development. Additional campus-based activities will include training for parents on how to assist their children with meeting proficiency in core content areas, an overview of the state assessments, and required meetings as indicated in the Federal Title Programs and ESSA. Meetings will be published through campus and district communication mediums and through our local media. Documentation for meetings will be maintained at the campus level with sign-in sheets, agendas, and minutes. The district will also offer parent meetings for specific student groups, such as Gifted and Talented, Bilingual/ESL and Special Education. CISD will continue to offer activities and events to encourage and support family engagement.

The district has committed to finding family engagement opportunties to increase parental involvement for all student groups, especially for the parents of the district's Emergent Bilingual and At-Risk students. Additional activities include increasing community involvement regarding the district's academic achievement and assisting parents with technology. CISD also provides ESL and GED classes for families.

#### **Parent and Community Engagement Strengths**

Campus newsletters

Local Newspaper

HS Television Station (Cable Channel 4) and Radio Station

District's Website

School Messenger

Remind

Class Dojo

Translation of communications from English to Spanish

A Parent University will be offered to parents of Pre-K thru 2nd grade students

Campus PIE's are active, as well as the band and athletic booster clubs.

A minimum of three parent activities will be offered at each campus for Emergent Bilingual families

#### **Problem Statements Identifying Parent and Community Engagement Needs**

Problem Statement 1: Lack of parent involvement throughout the district. Root Cause: CISD's aging and traditional academic structures and systems, due to the hypergrowth and Cleveland Independent School District

#### **District Context and Organization**

#### **District Context and Organization Summary**

Cleveland ISD has a Cabinet structure that consists of the Superintendent, Deputy Superintendent, Assistant Superintendent of Curriculum & Instruction, Assistant Superintendent of Human Resources, and the Chief Financial Officer. The Assistant Superintendent of Curriculum & Instruction also ovesees the Director of Elementary Schools, Director of Secondary Schools, and campus instructional specialists. The Assistant Superintendent for Human Resources also supervisors the Executive Director of Technology and his team.

This year, the position of Executive Director for Ancillary Services was created to support Directors leading Child Nutrition, Transportation, and the Custodial and Maintenance Departments.

The Director of Administrative Services acts as the Title IX Coordinator, COVID District Coordinator, and supports the interpretation and implementation of school board policy and legislative updates.

Cleveland ISD maintains its own Police Department with a Chief of Police.

#### **Technology**

#### **Technology Summary**

Cleveland ISD is a hypergrowth district for the 2020-2021 school year. The Technology Department is working daily to maintain adequate technology resource availability to all campuses, staff, and students. The Technology Department is working to upgrade existing infrastructure to be more compliant and expedient with the rapidly increasing student and staff population.

An Executive Director of Technology has been added to support the growing department. Additional technicians have been hired to offer support to every campus and department. Students have the opportunity to work in a summer pathways job programs in Technology to support them in potential future endeavors.

#### **Problem Statements Identifying Technology Needs**

Problem Statement 1: Intermittent signal on campuses and throughout district Root Cause: Cleveland ISD is dependent on an internet service provider with a single access route.

# **Priority Problem Statements**

# **Comprehensive Needs Assessment Data Documentation**

The following data were used to verify the comprehensive needs assessment analysis:

#### **Improvement Planning Data**

District goals

#### **Accountability Data**

- Texas Academic Performance Report (TAPR) data
- Accountability Distinction Designations

#### **Student Data: Assessments**

- · State and federally required assessment information
- (STAAR) current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Advanced Placement (AP) and/or International Baccalaureate (IB) assessment data
- SAT and/or ACT assessment data
- PSAT
- Student Success Initiative (SSI) data for Grades 5 and 8
- SSI: Think Through Math assessment data for Grades 3-8 and Algebra I (TEA approved statewide license)
- Observation Survey results

#### **Student Data: Student Groups**

• Dyslexia Data

#### **Student Data: Behavior and Other Indicators**

- Completion rates and/or graduation rates data
- Annual dropout rate data
- Attendance data
- Discipline records
- Violence and/or violence prevention records
- Tobacco, alcohol, and other drug-use data

#### **Employee Data**

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

#### Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

#### **Support Systems and Other Data**

• Budgets/entitlements and expenditures data

# Goals

Goal 1: Cleveland ISD will provide a student-centered educational environment in which students are expected to meet or exceed state standards in all areas.

**Performance Objective 1:** Student achievement scores will meet or exceed state standards on all STAAR subject areas to achieve a minimum increase of 10% for Meets and 5% for Masters by May 2022 test administration.
