Principal's Message

Centaurus Community-

First and foremost, I want to again let all of our students, staff, and community members who were impacted by the Marshall Fire know that we are thinking of you, and will do anything we can to support you. The impact on our community has been profound, but I also know that we have an amazing community that serves as a support system for all.

At the school level, we have been reaching out to individuals and families that we know were impacted so that we can give specific, focused help. Please, if you need support for your student and have not been contacted by Centaurus, please use these links:

- **Families with students impacted should fill out this form:**
[bit.ly/Student-Sup](#) (links are Case Sensitive)
- **Students who need social-emotional support should fill out this form:**
[bit.ly/Student-SES](#) (links are Case Sensitive)

You can also reach out to me directly (Daniel.Ryan@bvsd.org) if you need anything or have any issues getting connected with the correct support.

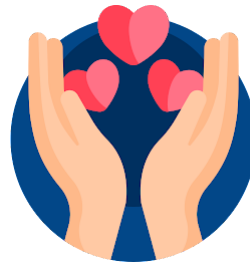

Many people have reached out to me to find out how they can support BVSD students and staff.

- The best place to donate directly to students and staff is through Impact on Education: <https://www.impactoneducation.org/>.
- We are leaning on our community partners to collect physical and monetary donations for families in need. Impact on Education is currently accepting school supplies and cash donations.
- A number of community organizations are also collecting donations and items to benefit the entire community. Please check out the Boulder Office of Emergency Management page for details. <https://www.boulderoem.com/emergency-status/>.

It was great to see students back with us this week, and know that we will continue working to support our students and community.

Please take care of yourselves and each other.

Daniel Ryan
Principal
