

Non-resident application processes (CURRENTLY ENROLLED, returning NON - RESIDENT STUDENTS) 2022-2023 School year

This checklist codifies the non-resident tuition process by providing specific details for each step in applying to Gainesville City Schools. *The Gainesville City School Board of Education reserves the right to establish enrollment limits in all grades, classes, and/or programs. Therefore, there must be spaces available within the established cap amount for each grade level in order to be admitted. Priority for classroom space will be provided to all City of Gainesville resident students first.*

GHSA: As governed by the Georgia High School Association (GHSA) By-Laws, a student who has not yet established eligibility at a member high school will be eligible to play in varsity competition for the first year of enrollment. If an out-of-district student transfers to a Gainesville City School after having established eligibility by enrolling in another GHSA member school, then he/she will not be eligible to play in varsity competition for a full year. Unless there is a bona fide move, if after having established eligibility, a student then transfers to a different school, then he/she will not be eligible to play in varsity competition for a full year from the date of transfer. Please see the GHSA guidelines for further information.
