

8th Grade
Orientation
Monday, January 31
6:30 - 8:30

The annual SMNW enrollment orientation program for current eighth-grade students and their parents will be **Monday, January 31 at 6:30 pm**. The evening is designed to provide information to help students enroll at Northwest. **Dr. Gruman, principal, will present an opening session in the auditorium at 6:30 pm followed by breakout sessions with the different departments.** Students and parents may attend the sessions to obtain information from specific subject areas and answer individual questions.

Trailridge 8th graders will be visiting Northwest at 9:10 am on January 27th. During the opening session administrators and counselors will share enrollment information and our STUCO / LINK Crew will encourage students to get involved at NW! Next, they will get to explore elective options, co-curriculars and athletics. This is their best opportunity to visit our building while school in session.

Students currently attending 8th grade at a private school are also invited to join us. Please have your student check in at the office through the east entrance. Parents - don't miss this opportunity to help your eighth-grade student plan an appropriate freshman schedule for the next school year. Please contact our Student Services Department with questions.
