## **Responsibility to Prevent Harassment**

- Make sure you notice how your behavior impacts others.
- Take responsibility for treating people with respect.
- It is important that each of us listens to and supports our friends who feel harassed and that we take their concerns seriously.
- It is also important to try, whenever possible, to confront people whose behavior has created an intimidating, hostile or offensive environment for ourselves and others.
- Sometimes it will not be easy or even appropriate, especially if you feel threatened. In these cases, you should report this behavior to appropriate school personnel and/or other trusted adults or professionals.
