## Widening Advancements for Youth

### Words from the Director - James Middleditch

---

Hello Parents and Students!

I hope that everyone enjoyed the Spooky Season in October. I want to say that I appreciate all your hard work to make Count successful and participating in the NWEA MAP Growth testing. We use the NWEA MAP Growth testing to help us adjust our instruction to provide the most support to students.

We are now accepting transfer students for enrollment into WAY Michigan. All transfer students must send us proof of count day completion to enroll. Also, it is time to start thinking of test preparation for this school year. We have two options for students to receive preparation for testing: Method Test Prep and Khan Academy. More information will be shared through our Mentors and Team Leaders. If you have any questions, please feel free to call us at 313-638-2716 or email us at [enroll@wayprogram.net](mailto:enroll@wayprogram.net).

I look forward to working with you and having an amazing year!

## Tutoring

WAY Michigan and Centric Learning offer 1 on 1 tutoring for all of our researchers. Researchers can schedule 1 on 1 tutoring sessions, held via Zoom, in a variety of subjects to help them make progress. Teachers will work with our researchers to make progress through projects while answering any questions they may have. There are no limits to the number of sessions each researcher can schedule, so we encourage researchers to sign up for at least 1-2 sessions each week in addition to their virtual learning cohort classes.

Data has shown that attending tutoring each week can lead to a 200-300% increase in credit. Your researcher can schedule tutoring in HERO or ask their mentor or team leader to set up tutoring sessions.

- Stacy Long

## Parent Testimonial

"I would like to Thank You for the Wonderful Education my son received from your learning institution WAY Academy Michigan. I want to also thank your staff members too. Because of you and your staff, my son has achieved great heights in his learning capabilities. As I told you before, I have recommended your school to parents and children. I would like for you to continue doing all the things that you have been doing at your school. I believe your school should be a model for other schools in Michigan including the United States of America plus abroad. I would mention the staff members, but there are too many because they all are essential and knowledgeable.

Thank You So Much,

The Wright Family."

## WAY Parents

Hello, Parents/Guardians!

We have completed the fall middle school testing! Everyone did a great job getting their student signed up and prepped to take the tests! Now we are gearing up for the next round of testing, which is the fall high school testing! These are the same reading and math tests that the middle schoolers took last week. If you haven't already, please sign your student up for 2 testing sessions, one reading and one math. There are testing sessions for both morning and afternoon for each day next week to accommodate all students' schedules. Please remember to choose test sessions that will NOT cause your student to miss their online classes. All information and procedures have been emailed to you several times. If you have not received those emails, please check your spam folder. If you still don't see it, please contact me with your most recent active email address, as our records might need to be updated.

## College and Career Corner

We have an exciting November to look forward to! On November 5th, we will be hosting a Financial Aid Meeting for all grades. One session will be at 1030am and the second at 130pm, both sessions are the same, and the link is on the Centric Home Page under the announcements. On November 19th at 130pm, our Virtual College Tour will take us to Wayne State University. Wayne State is in the heart of Midtown in Detroit, and has an award winning medical program. Our last big announcement is Xello. We will continue using Xello as the State requirement for the old Career Cruising. Our mentors and myself will be working with all grades to help get this completed before the Christmas holiday. I hope you have a great fall!

- Jackee' Smith
