5050 MADISON STREET • SKOKIE, IL 60077 • (847)-675-7666 • FAX (847) 675 -7675 • WWW.SD69.ORG

Dear Parent/Guardian of a New Student:

According to Illinois state law, all children must have a physical examination and an up-to-date immunization record upon entrance to school and at the beginning of 6th grade. Failure to comply with this state law is cause for the exclusion of your child from school on October 15, 2022.

The physical exam and immunization record must be completed on the State of Illinois Certificate of Child Health Examination form and signed by a physician, nurse practitioner, or physician assistant. Forms dated on or after August 29, 2021, will be accepted. A chart from the Illinois Department of Public Health listing in detail what immunizations your child needs for school entry is enclosed.

An eye exam is also required for any child enrolling in kindergarten or students that are new to Illinois schools. The eye exam must be turned into school no later than October 15, 2022. An Illinois Eye Exam Report has been included in this packet.

Additionally, a dental exam is required for all Kindergarten, 2nd grade and 6th-grade students. Examinations must be performed by a licensed dentist and they must sign the State of Illinois Proof of School Dental Examination Form. Forms are due by May 15, 2023, and dental examinations must have been completed within the 18 months prior to the May 15 deadline.

The necessary forms are enclosed with this letter. Please return them to your school office as soon as possible. If you have any questions about these forms, please contact your school nurse:

PROOF OF SCHOOL DENTAL EXAMINATION FORM

Illinois law (Child Health Examination Code, 77 Ill. Adm. Code 665) states all children in kindergarten and the second, sixth and ninth grades of any public, private or parochial school shall have a dental examination. The examination must have taken place within 18 months prior to May 15 of the school year. A licensed dentist must complete the examination, sign and date this Proof of School Dental Examination Form. If you are unable to get this required examination for your child, fill out a separate Dental Examination Waiver Form.

This important examination will let you know if there are any dental problems that need attention by a dentist. Children need good oral health to speak with confidence, express themselves, be healthy and ready to learn. Poor oral health has been related to lower school performance, poor social relationships, and less success later in life. For this reason, we thank you for making this contribution to the health and well-being of your child.

Illinois law requires that proof of an eye examination by an optometrist or physician (such as an ophthalmologist) who provides eye examinations be submitted to the school no later than October 15 of the year the child is first enrolled or as required by the school for other children. The examination must be completed within one year prior to the first day of the school year the child enters the Illinois school system for the first time. The parent of any child who is unable to obtain an examination must submit a waiver form to the school.
