

Protect Your Students With SpeakUp for Safety Cyber Tips

Students are one of the best lines of defense to protect your schools, but they are often reluctant to speak directly to an adult. SpeakUp for Safety from Gaggle provides an easy way for your students to share concerns about school safety and the well-being of fellow students.

Unlike Traditional Reporting Tools

SpeakUp for Safety integrates directly with G Suite for Education or Office 365, which students already use on a daily basis. There's no need to download an app or remember a phone number.

Easy to Use

- + Students see the SpeakUp for Safety address whenever they start to compose an email
- + Messages sent to SpeakUp for Safety result in an auto-reply, which explains how the tipline works. SpeakUp for Safety replies include a phone number that students can use for text messages or phone calls.
- + A monthly reminder sent to all students includes your dedicated SpeakUp for Safety phone number as well as more information about the tipline.

Expert Review

Trained professionals evaluate content 24/7/365, filter out false positives, and send an email regarding non-life-threatening items to your designated staff. They will also call school officials in emergency situations and can even contact local law enforcement.

Students can report:

- + Bullying
- + Planned fights
- + Students in crisis
- + Threats of violence
- + Weapons brought to school
- + Other urgent situations
