Meeting Called To Order 7pm by Stacey Thermos

Principal's Report (Kerri Bongle)

Adler Park School

AFA Meeting Minute Report

- Talent show is tomorrow night. Bongle will not be in attendance due to District office meeting. No max of attendance – anyone can attend. 4 teachers will be there to help
- Family Reading night with Ms. Carr on Thursday
- Friday is Way-To-Go party for this trimester (outside). Honor great behavior and minute to win it. Will include prizes for the Gator Golds. Rain date is Tues before Thanksgiving.
- If you are traveling, please let the school nurse know prior to.
- We are up in positive cases, it is linked to one bus route and LCHD is investigating.
- New precautions are going into effect at lunch – moving them further away. Only Kindy and 2nd are in the lunchroom. 1st and 3rd is in the hallway.
 - Bongle with look for the bins they can use as tables.
 - Kids can start bringing in towels or mats.
- Moving students in the classroom if they don't mask properly.
- Avoiding mixing grades and classes. Instead aiming to do classroom presentations separate to avoid the close contacts.
- Working with bus drivers, CORE and champions to make sure masks are being worn properly.
- The "duck" masks cover the nose much better than standard masks.
- Why are there more Covid cases?
 - Asymptomatic + Symptomatic + Test to stay protocol. All mixtures. Email is going out this week to pause Shield Testing.
- Corporate Care is willing to do the asymptomatic testing if parents have a need/request.

Adler Park School

AFA Meeting Minute Report

- If a student is fully vax – they do not have quarantine or test to stay unless they are symptomatic. ICARES for medical professionals that the school nurse will have access to vaccinated students (who opted in).
- Any conversation for closing the schools, similar to last year? NO.
- Pause the Shield the week testing before Winter Break as well.
- If you need to change your Shield Testing opt in or out, email Amy R.
- Any news on the sub-division development?
 - The developer was approved to take the next steps. They started at 90 units, came down to 80 units. They didn't get into the timeline – no one has bought the land yet. (There is construction everywhere for new townhomes and units.)
 - A few options: Wait. Determine how many students it may add (est. 20). Maybe they would be added to Butterfield because they have the most room for growth. In order to do improvements and deferred . There are a wide range of teachers and admins on the committees, however having a new Superintendent may cause us to lose steam.

Officer Reports

2nd VP (Dana)

FAD70 updates: Katherine is going to be the new FAD70 representative.

Barbini will not be returning for 2022/2023 school year. We have temporary chief officers that need to be hired for.

They try to come up with a calendar, to align with D128 so the winter breaks and spring breaks will align.

VAX clinic:

There will be mascots there. Trying to keep it light.

They are really thinking it thru, ways for lines to go through quickly.

There is a waiting space. Getting partitions to separate the space.

They will be flexible if you have to step outside and take a moment.

Nov 19 and Dec 10, you must sign up for both.

If you'd like to sign up, there is a SignUpGenius.

Lakeside has a *Bus App* rolled out. But their biggest concern is having bus

Adler Park School

AFA Meeting Minute Report

drivers.

Sometimes a bus goes down and it needs repairs. You're tracking a vehicle, not a person, so you need to switch the tracker in the main office.

Is there a way to have a text chain for your bus? Maybe it sends out from the Emergency Services when the buses are running late, etc.

(Bongle) Maybe we can take the Powerschool information, using Webman or School Messenger, for a particular Bus Service.

Corporate Wellness Partners – No longer for drive up testing at our schools. But with Corporate Wellness, you can do a drive thru apt and they can share the Covid test with the school so it's official. The school will cover the cost (\$25).

New policy from the State or County says you must have 48 hours of symptoms free if you have Cold symptoms (full list can be found on website).

Committee will be presenting, D70 has used their fund balance to improve the facilities. So the thought is we cannot make any facility changes, without a referendum if D70 needs to take care any of the deferred maintenance.

Summer school presentation – had gifted and academic part of summer school for next year. So maybe next year will be FUN school! Intervention and Enrichment both. The last school board meeting notes.

1st VP (Cara)

President (Stacey)

- Voted all in favor for Jen Bowman – President. Naomi Simpson – 1st VP. Karen Camacho/Catherine Kung – 2nd VP. Welcome new School Board!!!
- We are deferring the Pancake breakfast to next semester, hopeful to have it in the Spring. Maybe with an outside option.
- Holiday Shoppe – we will do. Spicing it up. Holiday Shop around Dec 18 (Saturday) working on the flyers for it. There will select places you can shop and a portion of the proceeds go to AFA. Will need volunteers or adults to wrap (maybe the 5th graders will do it?) Petonics Pharmacy (corner of Cook and Milwaukee)

Adler Park School AFA Meeting Minute Report

- **Winter Carnival – we do not have anyone to lead that.** We have it in Feb, indoor, break it up with 30 min timeslots.

Treasurer (Erin)

- Review of 2021/2022 Budget.
- Is there a balance in the account vs. just the budget?
 - (Stacey) Yes. There is a cushion just in case – when you need to pay for playground equipment or COVID supplies.

Secretary Report (Morgan Junia)

- Motion to approve Sept meeting minutes
