***Gainesville City Schools***  
***School Year 2021 - 2022***  
***Revision Date 07/15/2021***

In support of strengthening student academic achievement, [Gainesville City School System] receives Title I, Part A funds and therefore must jointly develop with, agree on with, and distribute to parents and family members of participating children a written parent and family engagement policy that contains information required by Section 1116(a)(2) of the Every Student Succeeds Act (ESSA). The policy establishes the LEA's expectations and objectives for meaningful parent and family engagement and describes how the LEA will implement a number of specific parent and family engagement activities, and it is incorporated into the LEA's plan submitted to the Georgia Department of Education.

**The [Gainesville City School System] agrees to implement the following requirements as outlined by Section 1116:**

- The school district will put into operation programs, activities, and procedures for the engagement of parents and family members in all of its schools with Title I, Part A programs. These programs, activities, and procedures will be planned and operated with meaningful consultation with parents and family members of participating children.
- The school district will work with its schools to ensure that the required school-level parent and family engagement policies meet the requirements of Section 1116(b) of the ESSA, and each include as a component a school-parent compact consistent with federal law.
- In carrying out the Title I, Part A parent and family engagement requirements to the extent practicable, the school district and its schools will provide full opportunities for the participation of parents with limited English proficiency, limited literacy, disabilities, of migratory children, who are economically disadvantaged, or are of any racial or ethnic minority background, including providing information and school reports required under Section 1111 of the ESSA in an understandable and uniform format including alternative formats upon request and, to the extent practicable, in a language parents understand.
- If the LEA plan for Title I, Part A, developed under Section 1112 of the ESSA, is not satisfactory to the parents of participating children, the school district will submit any parent

comments with the plan when the school district submits the plan to the state Department of Education.

- The school district will be governed by the following definition of parental involvement/family engagement and expects that its Title I schools will carry out programs, activities, and procedures in accordance with this definition in Section 8101 of the ESSA:

Family engagement means the participation of parents in regular, two-way, and meaningful communication involving student academic learning and other school activities, including ensuring:

- (A) Parents play an integral role in assisting their child’s learning
- (B) Parents are encouraged to be actively involved in their child’s education at school
- (C) Parents are full partners in their child’s education and are included, as appropriate, in decision-making and on advisory committees to assist in the education of their child
