Mrs. Zasowski asked Nurse Smith to weigh in before the action item for amending the Health & Safety Plan. Nurse Smith stated that she does not agree with Masks optional and believes in the metrics. The contract tracing is more difficult and does not believe the nurses will be able to keep up.

Mr. Rizzo said there was a survey on all staff members. He provided the data received from the survey. About 668 responses were received by noon. 63.6% response rate. 73.8% believe masks should be recommended. Of that 73.8%, 33% believe it should be based on community transmission, 40% regardless of community transmission, 5.5% should be required and 20.9% no change in current Health & Safety Plan. He then went through statistics if k-6 should be treated the same as 7-12 and also spoke about when the mandate should be lifted. The highest % wanted masks recommended, not based on transition status and all students treated the same.

II. ACTION ITEMS

Motion for Action Item A by Mr. Shafer, Second by Mrs. Earle.

Motion to table the motion for Action Item A by Mrs. Fazzini, second by Dr. Wright.

Motion denied 5-4. (Dissenting votes were: Mrs. Earle, Mrs. Sullivan, Mrs. Fazzini, and Mrs. Melton.)

Mr. Rizzo spoke about the 5-6 center closing after reaching out to the county. Mrs. Melton asked what it will look like if the plan is revised and what supports would be in place to keep the students in the building. Mr. Rizzo said they will be asking for extra staff to help with contract tracing and it will come from unassigned fund balance. There was discussion with the Board about those with vaccines not having to quarantine, about PCR testing effectiveness and the recommendation of masks. Mr. DiBello noted that children ages 5-11 are now eligible to get the vaccine. Dr. Wright asked about waiting until the January 17th meeting and see what the numbers are and stated the focus should be on quarantine strategies. Mrs. Zasowski stated that she asked for this to be on the agenda tonight as a voting item. Next week is our last meeting before January 17th. She believes the parents are tired of waiting until the last minute. If numbers are dramatic in one direction, the Board can revisit this. The Board discussed parents pushing back about not making a decision, several asked about the data should be reviewed and we should listen to the nurses. Mr. Shafer stated many teachers are supporting the masks optional. Motion passes 5-4 (Dissenting votes: Mrs. Sullivan, Mrs. Fazzini, Mrs. Melton, and Dr. Wright)

- A.** The Board of School Directors hereby authorizes an amendment to the District's 2021-2022 Health and Safety Plan effective January 17, 2022 to align with recommendations of the Montgomery County Department of Health, the Center for Disease Control and Prevention (CDC), and the Pennsylvania Department of Health and recommends that students and staff, Kindergarten through 12th grade, wear appropriate face coverings while indoors during school activities. This amendment herein does not otherwise change mask requirements on buses as the result of the mandated order of the CDC. Further, nothing herein shall limit the administration's requirement to adhere to mandatory mitigation strategies that may be required in the future by the Montgomery County Department of Health or other applicable agencies with oversight over the district.

III. PRESENTATION

A. Dr. Kelly Murray to present the Spring-Ford Learning Loss Plan.

A copy of the presentation that Dr. Murray displayed during her presentation is attached to the minutes.

Dr. Murray discussed breakdown on how much for each bucket which includes staff development, summer learning, social emotional wellness. Some through School counselors, BCBA and Social workers. There will be 3 Saturdays for Social Emotional professional development. The Curriculum and Technology Committee would like to see Summer Rams program run for another 2 years (summer of 2022 and 2023). They are working to make enrollment more friendly and planning will start in December. Preplanning key to success. Afterschool tutoring programs for Algebra, Biology and Literature. Any remaining money will be split across all buildings for before/after school programs and that would help students quarantine. Mr. Shafer asked about Learning Loss, are we applying data for this and how do we measure success? Dr. Murray reintroduced iReady as it provides assessments and individualized learning. The Board discussed the costs and where that would come from. It was noted that no new devices would be needed for this. Dr. Murray feels this is the best tool but does have concerns about the price tag. Good data, individualized learning plan, in building and at home lessons, and lessons for mediation or someone who needs more. Teachers can work with small group instruction so the other students can do this with learning stations. Mrs. Fazzini stated that the curriculum department will also look within the curriculum budget to sustain this program. Mrs. Zasowski would like to move forward with the rest of the plan and continue to develop. Dr. Murray will go back and pull out the iReady and submit the application on the 29th. Dr. Murray said iReady is for learning loss, Diagnose, assess where students are and their needs and provide instruction. iReady is a tool used in the classroom for all students. Teachers would post on Canves and may say to do lessons in iReady.

Purpose

The Board places the primary responsibility and authority for the administration of the district on the Superintendent and Assistant Superintendent. Therefore, selection of a Superintendent or Assistant Superintendent is critical to the effective leadership and management of the district.[\[1\]](#)

Authority

During the last year of the Superintendent's term or any other time the position of Superintendent becomes vacant, the Board shall meet to appoint, by a majority vote of all members of the Board, a properly qualified district Superintendent. The appointed Superintendent shall enter into a written contract with the Board for a term of three (3) to five (5) years.[\[2\]](#)[\[3\]](#)[\[4\]](#)

An Assistant Superintendent shall be appointed by a majority vote of all members of the Board upon nomination of the Superintendent. An Assistant Superintendent may serve through the term of the Superintendent or enter into a contract for a term of three (3) to five (5) years.[\[2\]](#)[\[3\]](#)[\[5\]](#)[\[6\]](#)

At a public Board meeting occurring at least ninety (90) days prior to the expiration date of the Superintendent's or an Assistant Superintendent's term of office, the Board meeting agenda shall include an item requiring affirmative action by five (5) or more Board members to notify the Superintendent or Assistant Superintendent that the Board intends to retain him/her or that other candidates will be considered for the office. If the Board fails to take such action, the term of office which the Superintendent or Assistant Superintendent is serving shall be extended one (1) time for a one-year period. Prior to the end of the one-year extension, the Board shall take action necessary to retain the Superintendent or Assistant Superintendent. If no action is taken prior to the conclusion of the one-year extension, the term of office for the current Superintendent or Assistant Superintendent shall terminate.[\[4\]](#)[\[6\]](#)

Any time the Board votes to retain a Superintendent or Assistant Superintendent, the Superintendent may be retained for a term of three (3) to five (5) years, and the Assistant Superintendent may be retained for a term of three (3) to five (5) years or for a term extending through the term of the Superintendent.[\[4\]](#)[\[6\]](#)

Whenever the Board finds it impossible or impractical to immediately fill a vacancy in

the office of Superintendent or Assistant Superintendent, the Board may appoint an acting Superintendent or Assistant Superintendent to serve not longer than one (1) year from the time of appointment.[\[7\]](#)

In the event the Board appoints an acting Superintendent or Assistant Superintendent, the Board shall approve and document the recruitment and assessment procedures to be used to permanently fill such vacancy in accordance with Board policy.

Guidelines

Recruitment and Assessment of Candidates

The Board shall actively seek candidates who meet the qualifications and requirements for the position of Superintendent and/or Assistant Superintendent. It may be aided in this task by a committee of Board members and/or the services of professional consultants.

When undertaking a search to fill the position of Superintendent or Assistant Superintendent, recruitment procedures shall be prepared and may include the following:

1. Preparation of a job description for the position, written in accordance with the requirements of federal and state laws and regulations.[\[8\]](#)
2. Preparation of written qualifications, in addition to applicable state requirements, for all applicants.[\[9\]](#)[\[10\]](#)[\[11\]](#)[\[12\]](#)[\[13\]](#)
3. Preparation of informative materials describing the school district, the Superintendent/Assistant Superintendent position, and the district's educational goals.
4. Opportunity for selected applicants to visit the district schools, meet with internal staff and external stakeholders at the Board's invitation.

Recruitment, screening and evaluation of candidates shall be conducted in accordance with Board policy, Board established leadership criteria and state and federal law.[\[8\]](#)

The Board shall determine prior to interviewing finalists which expenses associated with such interviews will be reimbursed by the school district.

A candidate's misstatement of fact material to qualifications for employment or determination of salary shall constitute grounds for dismissal by the Board.

Pre-Employment Requirements

The district shall conduct an employment history review in compliance with state law prior to issuing an offer of employment to a candidate. Failure to accurately report required information shall subject the candidate to discipline up to, and including, denial of employment or termination if already hired, and may subject the candidate to civil and criminal penalties. The district may use the information for the purpose of evaluating an applicant's fitness to be hired or for continued employment and may report the information as permitted by law.[\[14\]](#)

A candidate shall not be employed until the individual has complied with the mandatory background check requirements for criminal history and child abuse and the district has evaluated the results of that screening process.[\[15\]](#)[\[16\]](#)

Each candidate shall report, on the designated form, all arrests and convictions as specified on the form. Candidates shall likewise report arrests and/or convictions that occur subsequent to initially submitting the form. Failure to accurately report such arrests and convictions may subject the individual to denial of employment, termination if already hired, and/or criminal prosecution.[\[16\]](#)

Before entering the duties of the office, the Superintendent or Assistant Superintendent shall take and subscribe to the oath of office prescribed by law.[\[17\]](#)

After receiving a conditional offer of employment but prior to beginning employment, the candidate shall undergo medical examinations, as required by law and as the Board may require.[\[18\]](#)

5. Specify the termination, buyout and severance provisions, including all post employment compensation and the period of time in which the compensation shall be provided. Termination, buyout and severance provisions may not be modified during the course of the contract or in the event a contract is terminated prematurely.
6. Contain provisions relating to outside work that may be performed, if any.[\[25\]](#)[\[26\]](#)
7. State that any modification to the contract must be in writing.

8. State that the contract shall be governed by the laws of the Commonwealth.
9. Limit compensation for unused sick leave in employment contracts for Superintendents and/or Assistant Superintendents who have no prior experience as a district Superintendent or Assistant Superintendent to the maximum compensation for unused sick leave under the school district's administrative compensation plan in effect at the time of the contract.
10. Limit transferred sick leave from previous employment to not more than thirty (30) days for Superintendents and/or Assistant Superintendents who have no prior experience as a district Superintendent or Assistant Superintendent.
11. Specify postretirement benefits and the period of time in which the benefits shall be provided.

Removal/Severance

A Superintendent or Assistant Superintendent may be removed from office and have their contracts terminated, after a hearing, by a majority vote of all members of the Board and in accordance with law. The Board shall publicly disclose at the next regularly scheduled meeting the removal from office of a Superintendent or Assistant Superintendent. [\[27\]](#)[\[28\]](#)

Any negotiated severance of employment prior to the end of the term of the Superintendent's or Assistant Superintendent's specified contract term shall be limited to either: [\[4\]](#)

1. The equivalent of one (1) year's compensation and benefits due under the contract, if the severance agreement takes effect two (2) or more years prior to the end of the contract term; or
2. The equivalent of one-half (1/2) of the total compensation and benefits due under the contract for the remainder of the term, if the severance agreement takes effect less than two (2) years prior to the end of the contract term.

The assignment and transfer of administrative, professional and support employees within the district shall be determined by the management, supervisory, instructional and operational needs of the schools and the school district.

The Board shall approve the initial assignment of all employees at the time of employment and delegates authority to the Superintendent to approve transfers when such assignments involve a transfer from one building or supervisor to another or a move to a position requiring a certificate or credentials other than those required for the employee's present position.[\[1\]\[2\]](#)

Vacancies shall be publicized to all appropriate employees.

Before new employees are sought, requests for transfer to a vacant position will be considered.

Employees shall be informed of their assignments as early as possible preceding the school year in which the assignment will be effective.

This policy shall not prevent reassignment of an employee during the school year for good cause, as determined by the Board.

Title	Telework
Code	309.1
Status	From PSBA (New)
Adopted	

Purpose

The Board recognizes that in certain limited circumstances it may be necessary to allow or require district employees to work remotely in order to maintain continuity of district educational programs and operations.[1]

The Board adopts the following policy to establish district rules for employees who telework from a remote work location.

Definitions

Remote work location – a worksite other than an employee’s regularly assigned place of work, typically the employee’s residence.

Telework/Teleworking – the performance of the assigned essential functions of an employee’s job at a remote work location via electronic means in accordance with the employee’s usual expected standards of performance and other approved or agreed-upon terms.

Teleworking agreement – a written agreement that details the terms and conditions to permit an employee to engage in teleworking.

Teleworking employee – a district employee who can perform all of their assigned essential job duties at a remote work location. The employee must have a suitable designated workspace at the remote work location and access to any computer and telecommunications equipment necessary for the completion of tasks.

Delegation of Responsibility

The Board directs the Superintendent or designee to develop procedures that outline circumstances under which employees may telework and the expectations for such employees while teleworking.

Guidelines

Employees may be required to sign a teleworking agreement, or acknowledge teleworking provisions in an applicable collective bargaining agreement, prior to working in a remote work location, which may be waived under emergency conditions

at the Board's discretion or as specified in this policy.

Such an agreement may include, but is not limited to, the following considerations:

1. Acknowledgement that the employee's compensation, benefits, work hours, and performance expectations shall not change while teleworking.
2. The employee shall be subject to and shall comply with the same Board policies, administrative regulations, and standards of conduct as are expected at their regularly assigned place of work.
3. A teleworking employee's performance shall be monitored and assessed in the same manner as employees working from their regularly assigned place of work.
4. The employee shall work from a dedicated workspace that is free from health or safety hazards, undue distractions, or undue risk that confidential or private information will be discovered, or that district equipment permitted to be brought to the remote work location will be stolen or damaged.[2][3][4]
5. The employee shall obtain permission from their supervisor before bringing district property to a remote work location and will provide the supervisor with a written list of all such equipment.
6. The employee shall be personally responsible for any district equipment brought to the remote work location, shall be fully liable for any damage or loss occurring to the equipment during the period of use, and shall be responsible for its safe return.[5]
7. The employee does not have a right to telework and the teleworking arrangement may be terminated by the Board or district administration at any time.
8. The employee shall notify their supervisor if the employee is not able to perform all assigned job duties, essential or nonessential, at the remote work location.

General Conditions

Employees whose physical presence at their regularly assigned place of work is essential to the performance of their duties may not be permitted to telework.

Attendance at the employee's regularly assigned place of work for onsite meetings, conferences, training sessions, and other school business activities may be required on scheduled telework days, in accordance with applicable law.

Nonexempt employees shall not be permitted to work overtime or during non-working hours while teleworking without authorization from the employee's immediate supervisor, in accordance with law and Board policy.[10][11]

All teleworking employees shall be subject to and shall comply with the same Board policies, administrative regulations, and standards of conduct as are expected under normal working conditions.

Emergency Conditions

In the event that local, state or federal officials, or any similar authority with appropriate jurisdiction, declare an emergency condition that prevents or discourages public gatherings due to a public health or safety concern, or closes school buildings, the Board authorizes individual employees or designated classifications of employees to

be permitted to telework in accordance with established procedures or as otherwise directed.[1]

For district employees unable to perform their assigned essential job duties while teleworking, such employees may be required to take any available accrued leave, whether paid or unpaid, in accordance with applicable Board policies or provisions of an administrative compensation plan, individual contract, collective bargaining agreement or Board resolution.[6][7][8][9]

Purpose

The Board recognizes that each personnel vacancy shall be filled with the person most qualified among all the candidates. The Board further recognizes that from time to time a person related to a current employee may be among the candidates. In order to avoid nepotism, the following guideline shall be followed.

Definitions

Relative - For the purposes of this policy, a relative is defined as spouse, child, grandchild, parent, grandparent, sibling, and sibling in-law, including foster and step-relatives to the previous list. The definition also includes any other person who shares the same residence and who is generally regarded within that family as being one of the foregoing family members.

Personnel actions – includes, but is not limited to, employment decisions and actions, such hiring; dismissal; demotion; suspension or furlough; discipline; commendation; granting or denial of leave or time off; assignment or scheduling of work; changes in job classification, title, or duties; promotion or other advancement; wage or salary determinations; performance evaluations or ratings; performance or employee development counseling; approval or denial of attendance at or payment for conferences or employee development programs; and actions or determinations of a similar nature affecting wages, hours, conditions of employment, or eligibility for employment or advancement.

Guidelines

Relatives of current school board members, district-wide administrators/supervisors, and building administrators may be employed by the District, provided that the following requirements are met:

1. The District-wide administrator/supervisor and or building administrator does not directly supervise a relative.
2. The District-wide administrator/supervisor and or building administrator does not serve in the supervisory line of a relative.
3. The District-wide administrator/supervisor and or building administrator does not participate in personal actions in connection with a relative.

The provisions of this policy are in addition to existing provisions of law restricting nepotism, including but not but not limited to, Sections 1111 and 1129 of the Public School Code of 1949 (regarding the hiring and dismissal of professional employees), and the Pennsylvania Public Official and Employee Ethics Act.[24 P.S. 11-1111][24 P.S. 11-1129][65 Pa. C.S.A. 1101-1113]

This policy shall not apply to extra-curricular appointments.

In extenuating circumstances, the Board may elect to grant an exception to this policy to support the needs of the District, in accordance with applicable law. [24 P.S. 11-1111]

This policy shall not apply to any person within such relationship or relationships who has regularly been employed by the Board prior to the inception of the relationship or a board member's election.

Authority

The Board is responsible for maintaining appropriate numbers of administrative, professional and support employees to effectively manage and operate the district and its schools. This policy establishes the manner in which necessary reductions of staff shall be accomplished.[1][2][3]

In the exercise of its authority to reduce staff through suspensions (furloughs) and elimination of positions, the Board shall give primary consideration to the staffing needs of the district, the effect upon the educational program and the financial stability of the district, and shall ensure compliance with law, regulations, collective bargaining agreements, individual contracts and Board resolutions.[4][5][6]

The Board shall not prevent any professional employee from engaging in another occupation during the period of suspension.[5]

Nothing in this policy shall be construed to limit the cause for which a temporary professional employee, or any employee other than a professional employee, may be suspended.[5]

Delegation of Responsibility

The Superintendent shall be responsible for the continuous review of the efficiency and effectiveness of district organization and staffing, and shall present recommendations for reduction in staff for Board consideration when such actions are deemed to be in the best interests of the district.

The Superintendent shall consult with the district solicitor as necessary to ensure that reduction of staff is implemented in accordance with applicable laws.[4][5]

Guidelines

Employees Other Than Professional Employees and Temporary Professional Employees

The employment status of employees other than professional employees and temporary professional employees may be terminated or temporarily suspended whenever deemed necessary in the best interests of the school district, subject to limitations and procedures provided for in collective bargaining agreements, if any.

Temporary Professional Employees

The employment status of a temporary professional employee may be nonrenewed when the employee's position has been eliminated or when the conditions for which professional employees may be suspended otherwise exist, subject to limitations and procedures provided for in collective bargaining agreements, if any.

Professional Employees

The necessary number of professional employees may be suspended for the following reasons:[4]

1. Substantial decrease in student enrollment in the district.
2. Curtailment or alteration of the educational program as a result of substantial decline in class or course enrollments or to conform with standards of organization or educational activities required by law or recommended by the Pennsylvania Department of Education. Such curtailment or alteration must be recommended by the Superintendent, agreed to by the Board, and approved by the Pennsylvania Department of Education. If not prevented by an existing or future provision of a collective bargaining agreement or employment contract, such a suspension may be effectuated without approval of the Pennsylvania Department of Education provided that, where an educational program is altered or curtailed, the district shall notify the Pennsylvania Department of Education of such action.
3. **Consolidation of schools, whether within the district, through a merger of districts, or as a result of Joint Board agreements, when such consolidation makes it unnecessary to retain the full staff of professional employees.**
4. When new school districts are established as the result of reorganization of school districts and such reorganization makes it unnecessary to retain the full staff of professional employees.
5. Economic reasons that require a reduction in professional employees; however, the district is prohibited from using an employee's compensation in the suspension determination. A Superintendent knowingly in violation of this prohibition shall have a letter from the Secretary of Education placed in his/her permanent employee record.

Economic Suspension Requirements -

The Board may suspend professional employees for economic reasons if all of the following apply:[4]

1. The Board approves the proposed suspensions by a majority vote of all school directors at a public meeting.
2. No later than sixty (60) days prior to the adoption of the final budget, the Board adopts a resolution of intent to suspend professional employees in the following fiscal year, setting forth:
 - a. The economic conditions necessitating the proposed suspensions and how the economic conditions will be alleviated by the proposed suspensions,

including:

- i. The total cost savings expected from the proposed suspensions.
- ii. A description of other cost-saving actions taken by the Board, if any.
- iii. The projected district expenditures for the following fiscal year with and without the proposed suspensions.
- iv. The projected total district revenues for the following fiscal year.
- b. The number and percentage of employees to be suspended who are:
 - i. Professional employees assigned to provide instruction directly to students.
 - ii. Administrative staff.
 - iii. Professional employees who are not assigned to provide instruction directly to students and who are not administrative staff.
- c. The impact of the proposed suspensions on academic programs to be offered to students following the proposed suspensions, as well as the impact on academic programs to be offered to students if the proposed suspensions are not undertaken, compared to the current school year, and the actions if any, that will be taken to minimize the impact on student achievement.

Professional Employees Assigned to Provide Instruction Directly to Students -

Suspensions, due to economic reasons, of professional employees assigned to provide instruction directly to students may be approved by the Board only if the Board also suspends at least an equal percentage proportion of administrative staff, except when all of the following apply:[4]

1. The Secretary of Education determines that the district's operations are already sufficiently streamlined or that the suspension of administrative staff would cause harm to the school stability and student programs.
2. The Secretary of Education submits the determination to the State Board of Education.
3. The State Board of Education approves the determination by a majority of its members.

The Board may choose to exempt from this requirement any five (5) administrative positions, one of which shall be the Business Manager or another staff member with the primary responsibility of managing the district's business operation.[4]

Order of Suspensions

Data necessary for computation of each professional employee's performance rating and seniority status shall be recorded and maintained to ensure compliance with the required order for suspensions.[7][8]

Performance Evaluation Rating -

Professional employees shall be suspended, within the area of certification required by law for the professional employee's current position, in the following order based on the two (2) most recent annual performance evaluations:[5][7][8]

1. Consecutive unsatisfactory ratings.

2. One (1) unsatisfactory rating and one (1) satisfactory rating.
3. Consecutive satisfactory ratings which are either consecutive ratings of proficient, or a combination of one (1) proficient or distinguished rating and one (1) needs improvement rating.
4. Consecutive satisfactory ratings which are consecutive distinguished, or a combination of one (1) rating of proficient and one (1) rating of distinguished.

Seniority -

When the number of professional employees within each certification area receiving the same performance rating is greater than the number of suspensions, professional employees with the least seniority within each certification area shall be suspended before employees with greater seniority having the same performance rating.[5]

In addition, professional employees shall be realigned to ensure that employees with more seniority have the opportunity to fill other positions within the district for which they are certificated and which are currently filled by less senior employees with the same or lower overall performance rating.

Seniority shall continue to accrue during a suspension and all approved leaves of absence.[5]

When there is or has been a consolidation of schools, departments or programs, all professional employees shall retain the seniority rights they had prior to the reorganization or consolidation.[5]

Reinstatement

Suspended professional employees, or professional employees demoted for reasons of this policy, shall be reinstated within the area of certification required by law for the vacancy being filled in the district, in the inverse order by which they were suspended and on the basis of their seniority within the district.[5]

No new appointment shall be made while there is a suspended or demoted professional employee available who is properly certificated to fill such vacancy.[5]

Positions from which professional employees are on approved leaves of absence shall be considered temporary vacancies.[5]

To be considered available, suspended professional employees shall annually report in writing to the Board their current address and intent to accept the same or similar position when offered.[5]

A suspended professional employee enrolled in a college program during a period of suspension and who is recalled shall be given the option of delaying a return to service until the end of the current semester.[5]

Local Agency Law Hearings

The decision to suspend a professional employee shall be considered an adjudication for the purposes of the Local Agency Law, and a professional employee subject to such a decision shall have the right to a Local Agency Law hearing before the Board, if a hearing is requested within ten (10) days after being notified of suspension.[5][9]

A decision to nonrenew the employment of a temporary professional employee whose position has been eliminated or who is being nonrenewed for reasons for which professional employees may be suspended, shall be considered an adjudication for purposes of the Local Agency Law, and the employee shall be entitled to a Local Agency Law hearing, if a hearing is requested within ten (10) days after being notified of the decision to nonrenew.

Purpose

In order to certify the fitness of administrative, professional and support employees to discharge efficiently the duties they will be performing and to protect the health of students and staff, the Board shall require physical examinations of all district employees prior to beginning employment and may require health monitoring to prevent the transmission of communicable diseases in the school setting.

Definitions

A physical examination, for purposes of this policy, shall mean a general examination by a licensed physician, certified registered nurse practitioner or a licensed physician assistant.

Health monitoring, for purposes of this policy, shall mean screening or monitoring an employee for specific symptoms that may indicate the presence of a communicable disease, in accordance with guidance from state and local health officials.

Authority

After receiving an offer of employment but prior to beginning employment, all candidates shall undergo physical examinations, as required by law and as the Board may require.[1][2][3]

The Board requires that all employees undergo a tuberculosis examination provided by the district upon initial employment, in accordance with regulations of the PA Department of Health.[1][4]

The Board may require an employee to undergo a physical examination at the Board's request.[1]

An employee who presents a signed statement that a physical examination is contrary to the employee's religious beliefs shall be examined only when the Secretary of Health determines that facts exist indicating that certain conditions would present a substantial menace to the health of others in contact with the employee if the employee is not examined for those conditions.[5][6]

Guidelines

Health Monitoring and Communicable Diseases

The district may require employees to participate in health monitoring by designated staff to check for signs and symptoms of communicable diseases in accordance with guidance issued by state and local health officials and the Board-approved health and safety plan. An employee may request an alternative method of monitoring as a religious accommodation, and designated district staff shall assess and respond to such request in accordance with applicable law, regulations and Board policy. A request for an accommodation that would unreasonably impair workplace safety or cause undue hardship will not be granted.[7]

An employee with a health condition that may render a monitoring method ineffective should notify designated staff so that alternative or supplemental methods may be considered.[7]

Employees exhibiting symptoms that indicate health concerns shall be referred to the school nurse or designated staff for further assessment, and may be excluded from school facilities in accordance with regulations of the PA Department of Health or guidance from state or local health officials for specified diseases and infectious conditions. Employees may return to school facilities when the criteria for readmission following a communicable disease have been met, in accordance with law, regulations or guidance from state or local health officials.[8][9][10][11]

Delegation of Responsibility

The results of all required physical examinations shall be made known to the Superintendent on a confidential basis and discussed with the employee.

Authority

The Board recognizes that administrative, professional and support employees do have the right to private lives and associations with others outside of school. However, the Board has a responsibility to evaluate employees' effectiveness in discharging assigned duties and responsibilities.

Therefore, when nonschool activities directly impact upon an employee's effectiveness within the school district, the Board reserves the right to evaluate the effect of such activities on the individual's completion of responsibilities and assignments.[1]

The Board does not endorse, support, nor assume liability for any district staff member who conducts nonschool, outside activities in which district students or employees may participate.

Guidelines

The following guidelines are provided for the direction of all employees:

1. Employees shall not utilize school material for personal gain. Copyrights to materials or equipment developed, processed, or tested by district employees when performing assigned activities in fulfillment of the terms of employment reside with and may be claimed by the district.

Authority

The Board acknowledges the right of administrative, professional and support employees as citizens in a democratic society to speak out on issues of public concern. When those issues are related to the school district and its programs, however, the employee's freedom of expression must be balanced against the interests of this district.

The Board adopts this policy to clarify situations in which an employee's expression could conflict with the district's interests.[1]

In situations in which a district employee is not engaged in the performance of assigned duties, they shall:

1. Refrain from comments that would interfere with the maintenance of student discipline.
2. Refrain from making public statements about the district known to be false or made without regard for truth or accuracy.
3. Refrain from making threats against co-workers, supervisors or district officials.

Violations of this policy may result in appropriate disciplinary action.

Purpose

The Board recognizes retention of employees creates stability and continuity within a school district.

When an employee leaves, either voluntarily or involuntarily it is important for the Board to know the reason for the separation.

Exit interviews provide a way for the Board and Administrators to gain insights into problems, difficulties, and dissatisfaction that might not otherwise come to the District's attention.

Exit interviews also provide an opportunity to clarify pay issues, benefits and explain District policies relating to departing employees.

Guidelines

Exit interviews with the Director of Personnel will be scheduled with all departing employees when possible after the letter of resignation is received.

During the interview, pay and benefit issues will be clarified, arrangements for the return of District materials and equipment will be made, and reasons for the termination and future plans of the departing employee will be reviewed.

The Director of Personnel will complete the Spring-Ford Area School District employee separation report (attached) and review any employment-related problems with the Superintendent.

When needed, constructive feedback will be given to the appropriate administrators by the Superintendent.
