### **JROTC Upcoming Events:**

- \* The Franklin Knighting Ceremony will take place in January 2022. More to follow as we work out specific dates and time.
- \* Franklin Military Academy is going through its JROTC Program Accreditation (JPA) February 23, 2022. This is to validate our program and is a huge event for Franklin. The Military department needs your help and support during this time. Currently we are an Honor Unit with Distinction and would like to maintain this great prestigious Title, but we need your help. Please allow selected cadets to participate in the inspection. Their names will be forthcoming by the end of the month. Thank you for your support and assistance.
- \* Franklin Military Academy will be hosting the National Raider Event on March 19, 2022, at Pocahontas State Park. Approximately 42 schools from across the state will participate with over 48 teams competing to be named the Best Raider Team in the State. Please come out and support our Franklin Knights!!!!
- \* Academic Bowl Competition is now. Congratulations to Franklin Military Academy, placing two teams in the second round of the competition. This is the first time Franklin, in its history, has placed two teams in the Army Academic Bowl Challenge. The Challenge begins now, and teams are staying back on Tuesdays to study for this competition. Support is needed in Math, English and Science as 90% of the test is coming from SAT/ACT and ASVAB. If you would like to support, please let me know, our teams need You!!!.
- \* The Military Awards Ceremony will take place in April 2022. More to follow as we continue to monitor current COVID Protocols.
- \* JCLC will be held this year at Virginia Polytechnic Institute and State University, (VA Tech), from 23 – 30 June 2022. The objectives of JROTC Cadet Leadership Challenge (JCLC) are: To provide a safe, healthy, and fun training environment that is both physically and mentally challenging. To provide hands-on training designed to develop leadership, discipline, teamwork, and self-confidence.

### **September 27, 2021– Classroom Vision (Posted)**

Teachers, make sure the students in your class come up with a classroom vision. The classroom vision needs to be posted in your classroom. Students may come up with their vision, but you will be required to have one for the entire class.

Goal (s) Meetings Submission

### **October 8, 2021- Submission of the Goal Setting for Student Progress Form 1<sup>st</sup> Quarter)**

Teachers complete a draft of procedures and schedule a meeting with their evaluators to look at the available data from performance measures and discuss the proposed goal. Each year, teachers are responsible for submitting their goals to me by October 8, 2021.

### **February – 4, 2021 – Review 1<sup>st</sup> Semester Goal and Identify 2<sup>nd</sup> Semester New Goal**

A mid-year review of progress on the goal is held for all teachers. At the principal's discretion, this review may be conducted through peer teams, assistance from the evaluator, teacher-led conversations at a faculty meeting or professional development day, or in another format that promotes collegiality and reflection. The mid-year review should be held by February 14, 2019. It is the principal's responsibility to establish the format and select the time of the review.

### **February 14, 2022- Submission of the Goal Setting for Student Progress Form 1<sup>st</sup> Quarter)**

Teachers complete a draft of procedures and schedule a meeting with their evaluators to look at the available data from performance measures and discuss the proposed goal. Each year, teachers are responsible for submitting their goals to me by October 8, 2021.

### **June 10, 2022 - End-of-Year Review of Goal**

By June 1, each teacher is responsible for assessing the professional growth made on the goal and for submitting documentation to the evaluator. A teacher may find it beneficial to draft the next year's goal as part of the reflection process in the event the goal has to be continued and/or revised. The due date for the end-of-year reviews may be extended to include the current year's testing data or exam scores.

### **6<sup>th</sup> Grade Mathematics**

- 6.2 The student will
- a) represent and determine equivalencies among fractions, mixed numbers, decimals, and percents; and
  - b) compare and order positive rational numbers.
- 6.3 The student will
- a) identify and represent integers;
  - b) compare and order integers; and
  - c) identify and describe absolute value of integers.
- 6.6 The student will
- a) add, subtract, multiply, and divide integers;
  - b) solve practical problems involving operations with integers; and
  - c) simplify numerical expressions involving integers.
- 6.8 The student will
- a) identify the components of the coordinate plane; and
  - b) identify the coordinates of a point and graph ordered pairs in a coordinate plane.

### **7<sup>th</sup> Grade Mathematics**

- 7.12 The student will solve two-step linear equations in one variable, including practical problems that require the solution of a two-step linear equation in one variable.
- 8.17 The student will solve multistep linear equations in one variable with the variable on one or both sides of the equation, including practical problems that require the solution of a multistep linear equation in one variable.

- c) factor polynomials completely in one or two variables.

## Pre Calculus

### Functions

- MA.1 The student will investigate and identify the properties of polynomial, rational, piecewise, and step functions and sketch the graphs of the functions.
- MA.2 The student will investigate and identify the characteristics of exponential and logarithmic functions to graph the function, solve equations, and solve practical problems.
- MA.3 The student will apply compositions of functions and inverses of functions to practical situations and investigate and verify the domain and range of resulting functions.
- MA.4 The student will determine the limit of an algebraic function, if it exists, as the variable approaches either a finite number or infinity.
- MA.5 The student will investigate and describe the continuity of functions.

### Analytic Geometry

- MA.6 The student will investigate, graph, and identify the properties of conic sections from equations in vertex and standard form.
- MA.7 The student will perform operations with vectors in the coordinate plane and solve practical problems using vectors.
- MA.8 The student will identify, create, and solve practical problems involving triangles.
