

## **Management of Covid-19 cases**

**Positive Cases** (regardless of vaccination status)

Isolate for 10 days from onset of symptoms or date of positive test result.

**COVID Symptoms:** If child(ren) or parent(s) have any symptoms such as fever, sore throat, headache, muscle aches, sneezing, coughing, breathing difficulty, stomach pain/diarrhoea/ nausea/ vomiting, child(ren) must stay home and contact the school **Health Office** nurse@amaoman.org immediately.

Please note: Before returning to school, you must submit either a medical note or a 'quarantine-release' certificate' from a medical Practitioner, which must be sent to the school nurse prior to return.

**Close Contact:** People living together in the same house with a person who has tested positive and anyone who has had exposure to a positive case for over 15 minutes without masks.

Vaccinated: A person who has received two doses of a MoH approved Covid-19 vaccine and completed 14 days from the administration of the second dose is considered as vaccinated. Non-vaccinated: Students under 12 years of age are considered to be non-vaccinated.

## Covid Protocol at ABA as per the MOH& MOE guidelines
