

**Shawnee Mission School District  
RFI 22-002 – Payment Processing Services  
January 18, 2022**

**Addendum No. 1**

The following responses address questions submitted by vendors on January 11, 2022 and January 12, 2022; responses to the questions are indicated in bold. If you feel that a question has not been addressed, please contact Reed Beebe at [purchasing@smsd.org](mailto:purchasing@smsd.org) as soon as possible.

1. Does the point-of-sale (POS) equipment need to integrate with any other third-party solutions, such as an e-commerce platform or other bookkeeping software?

**Currently, the District's POS equipment does not integrate with any third-party solutions. However, the District would be interested in learning whether a vendor's proposed solutions can integrate with e-commerce platforms or other bookkeeping software, should such integration be desired by the District in the future.**

2. Is it possible to have a phone conversation regarding our pricing model and how we can find the District savings?

**The District will not be communicating with vendors outside the process outlined in the RFI. Therefore, the District will not be having detailed discussions with vendors regarding RFI-related products and services until after the RFI response due date.**
