Section A

Both Glenbrook high schools shall offer a course in Driver Education. This course shall conform to the rules and regulations set forth in the Illinois School Code and Illinois Administrative Code.

Section B

The successful completion of the classroom phase of Driver Education shall be required of all Glenbrook students for graduation. This requirement may be met through the completion of a state certified private Driver Education program.

Section C

The superintendent or designee shall set forth administrative procedures which shall provide for a program of Driver Education for non-public school students as mandated by the Illinois School Code.

Section D

The superintendent or designee is authorized to obtain new automobiles from licensed automobile dealers for use in the Driver Education program. District #225 shall adhere to the following guidelines:

1. Use of Driver Education cars exclusively for behind-the-wheel instruction under the direct supervision of a qualified Glenbrook Driver Education instructor.
2. Provision by the school of liability, collision, comprehensive, medical, and uninsured motorists insurance for the protection of the district, the school, the student, the dealer, the instructor and other users of the car.
3. Servicing of the automobile at regular intervals and garaging by the school.
4. Identifying the car as a "Driver Education Car" and permitting a dealer courtesy sign if desired by the dealer.

Section E

District #225 shall be financially responsible for the installation of dual brake controls in all automobiles used by students in the Driver Education program.

Section F

District #225 shall provide license plates for Driver Education cars as required by State of Illinois law.

Section G

Gasoline for automobiles used in the Driver Education program shall be supplied through school services.

(Note: Simulator guidelines set forth in IL Administrative Code referenced in Section A)
