

# **“2N3 Building Maintenance” AT THE CCCTC:** **For Students Who NEED a Way to Graduate and a whole lot more**

2N3 Building Maintenance: Students learn a variety of skills needed for a building maintenance career. This might include safety, hand/power tools, general carpentry, drywall repair, general repairs around the building, masonry, landscaping, setting up/tearing down for different events, grounds care, simple welding, OSHA 10 and The Academic Craftsman’s Core test from NCCER ©.

## Examples:

Our students currently are renovating a pole barn to be a classroom.

Last year they made structure to be used as an artificial reef in the Chesapeake Bay

Part of the CCCTC programs that built the 911 memorial at the Carroll County Public Safety Training Center

Part of the CCCTC programs that reconstructed the WHS Shot Put Pit

## **Schedule:**

SY 2018/2019:      MP1, MP2, MP3, MP4                      MODS 2 AND MODS 3

## **BENEFITS:**

1. FINISH A COMPLETE FOR GRADUATION IN ONE YEAR
2. Earn some additional service hours
3. Gain valuable work experience and job skills
4. Benefit from **excellent** staff to student ratio

## **REQUIREMENTS:**

1. High School Counselor recommends student for program and gives them an application to fill out and return to CCCTC
2. Student has the ability to graduate (earn a diploma) by June 2019.
