What is the Health Science Academy?

Health Science Academy is 4-year program that includes:

- * Preparation for those planning to enter any healthcare field
- * Exploration of various health career options
- * Development of skills
- * Shadowing various medical professionals
- * Visiting medical facilities

Students learn:

- * Medical terminology
- * Body systems
- * Legal and ethical issues
- * Health care skills
- * Much more...

Students gain:

- * Advanced knowledge
- * Exposure to as many different medical careers as possible.

Apply for NWRHS academies by the deadline. If you want to go into any health-related field, make sure you mark Health Science Academy as your FIRST choice.
