Dear Parents and Guardians.

We are aware of the concerns of our families and community members about the spread of the Coronavirus and other similar illnesses. Our school nurses are working closely with the Pike County Health Department and Pikeville Medical Center to monitor the health of our students. At this time, we do not have any confirmed cases of the coronavirus in our schools; however, we continue to see an increased number of children with flu or flu-like symptoms. Because of this, we have asked our Principals to ensure that our school custodians increase their cleaning and disinfecting efforts in all buildings. Currently, we are requesting additional Non-traditional Instructional days to be used as needed.

The following are recommendations from the Center for Disease Control and Prevention (CDC) on how to prevent the spread of viruses like the coronavirus and flu:

1. Stay home if you are sick
2. Avoid touching eyes nose and mouth
3. Cover coughs and sneezes. Use a tissue to cover coughs and sneezes, then dispose of tissue. When tissue is not available, cough or sneeze into your elbow.
4. Clean and disinfect surfaces or objects
5. Wash hands with soap for 20 seconds

If your child has been diagnosed with the flu or similar illnesses, please contact the school so we can monitor the number of cases in Pike County.

If you have questions about COVID-19(Coronavirus) you can call the state hotline at 1-800-722-5725 or visit http://www.cdc.gov/coronavirus/2019-nCoV/index.html. Follow Kentucky related information at www.kycovid19.ky.gov

*Attached are ten days of NTI work should the district Cancel School and have additional NTI days.

Bevins Elementary School

NTI (Non-Traditional Instruction) Day Packet

First Grade Day 11
