How Should You Use The School Report Card?

Kentucky's accountability system places students at its heart by ensuring they are well rounded, transition-ready, and prepared with the knowledge and skills needed to be successful at the next level. Use this information as a conversation starter in your community on how to improve academic performance on a local level.

How is the 5-Star Accountability Rating Calculated?

36.46% Proficiency

27.08% Separate Academic

36.46% Growth

Kentucky's accountability system provides an overall star rating for each school ranging from 1 (lowest) to 5 (highest). Calculations for how many stars a school or district receives are made based on the weights of the indicators shown above.

**Percentages listed are for schools with a standard configuration of grades 3-5 and 6-8 and rounded to the nearest hundredth.*

Novice Level

Reading

11.0% above prior year rate **5.8%**

Mathematics

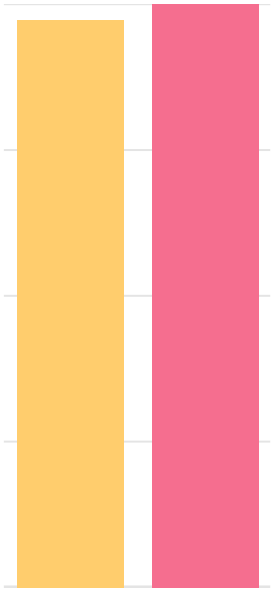

13.0% above prior year rate **9.6%**

Why is this important?

Students performing at the novice level have minimal understanding of grade level content and are in a state of “academic emergency.” The novice rate represents students performing at the lowest level in your school. The goal is to reduce the percentage of novice performance each year.

Total Spending Per Student

State and local funds: Total spending divided by student membership. Data reflects the 2017-2018 school year.
