NTI

Days 26-30

Special Education

Dear Parents / Guardians,

This packet contains hands-on activities, worksheets, and review content to help continue the educational success of your child while they are away from the classroom. A checklist / sign off sheet has been included to allow you to keep up with completed assignments. You will also need to take pictures of your work or checklists and send to Mr. Staggs every **two days.**

Remember, your child may have his / her eligible accommodations on this packet. You may provide your child with those accommodations and / or reach out to one of us. We will be available via phone, video chat, or email throughout the day to answer any questions that you might have.

Thank you so much for your continued investment in the academic success of your child.

Mr. Staggs

Math

If you are unable to print this packet, please use a regular piece of paper to record the activity and your response. Send pictures of the complete work to Mr. Staggs
For example : Day 21. 3/30/2020 ***Signature.*** *Answer the question, write your sentence.*

Date	Signature	(Day) Activity
		(D26) Math For this activity, place which animal is missing in each box! If you are unable to access a printer for this activity, please write your answer on a sheet of paper. 
		(D27) Math Please order the numbers from the worksheet from 1-20! You do not have to print the page unless you would like to cut the numbers out and have your child arrange and glue them on a sheet of paper.. If not using a printer, please write numbers 1-20 on a piece of notebook paper.

		
		(D28)Math Did you know the first ever math problem involved rocks? Rocks were used to keep track of livestock a man owned. If a man owned 5 cows, 5 rocks were kept in his pocket. If one went missing and there were more rocks than livestock at the end of the day, the man knew one had went missing! Create your own math problem using rocks outside!
		(D29) Math Find 3 different types of toys in your closet and count them! How many are there *in all?*_____ Which number of toys are there the *most* of? _____ Which number of toys are there the least? _____
		(D30) Math Color the correct number of objects in each group! There may be some left over at the end. If using pencil and paper, please write how many objects are left over at the end. How many coffee mugs are left over? _____ How many music notes are left over? _____ How many leaves are left over? _____

		COUNT 'N COLOR Color the correct number of objects shown in each group. 15 19 12 Education.com Find worksheets, games, lessons & more at education.com/resources
