Mr R S Samra B.A., M.A.

Dear Parent/Carer,

Year 11 GCSE Virtual Parents' Information Evening

In order to support students in their GCSE English, Mathematics and Science I would like to invite you and your child to a Virtual Parents' Information Evening on **Tuesday 25th January at 7 pm**. This event will take place via Microsoft Teams and the link will be shared on our website and on Year 11 Class Charts on the day of the event.

This virtual session will enable us to provide you with information on examinations and assessments which will take place in the remainder of Year 11 and will include talks from the Heads of English, Mathematics and Science on how to support your child in their core subjects. All presentation materials from this evening and a recording will be shared on the Year 11 Blog after the event, for future reference.

The next set of Year 11 Pre-Public Examinations start on 14th February, until 8th March 2022. Students received detailed feedback on their first set of PPEs this year. In order to support their preparation for the second set of PPEs there will be a series of after school revision sessions in the week beginning Monday 31st January. These will work in rotation so students can attend a range of subjects each evening and each session will offer an "exam takeaway" resource to support independent revision. The timetable for these sessions and the PPE timetable will be issued to students in due course.

Year 11 students have shown such resilience and diligence to their studies so far this year and I want to take this opportunity to congratulate them on the progress they have made through challenging times and thank you for your ongoing support.

If you have any queries please do not hesitate to get in touch via the college office.

Yours sincerely

Mr D Johnson
Head of Year 11
