

Community Council

Agenda Jan. 19, 2022 5:00pm

Room 30

1. Welcome: Mrs. Lundell welcomed the committee. Present today are: Mrs. Lundell, Jen Merrill, Stacey Rohwer, Maree Pope, Tara Turner, and Lori James. Tarrin Philpott, Becca Dastrup, Aleesha Chatterton, and were unable to attend this meeting.
2. Review of Minutes—By Mrs. Merrill—Goals, technology spending, token incentive rewards, and BOY data review. Minutes were approved by with a second by Mrs. Rohwer.
3. School Business— Tara Turner, STS, reviewed our digital citizenship responsibilities. She emphasized accountability whether at home or at school on school-owned devices. Filtering, monitoring, and block systems were reviewed. Internet safety is reviewed and taught annually, as well, within computer prep time. CoVid numbers are staying low as compared to our threshold of 30 here at Clinton. We currently have 6.
4. School Goals: In the midst of MOY testing currently, so we don't have new data to share at this point as window is still open, and will review this next time. Mrs. Lundell did send out a teacher survey to get feedback about programs and funding to inform decisions for the 2022-2023 school year TSSP an TSSA. Interest in having intervention TAs is still strong, as is an interest into having Imagine Math Facts added in next year, although we no longer use the program that brings this for free into our school. We'll have to gage the cost vs. advantages into next year. Currently evaluating the expenditure of Infini-D STEM lab. We'd like to continue with paying teachers an add'l professional day at the start of the year as well. Considering robotics, outside of SEM as currently handled. A draft of goals for next year, will be available at the next meeting.
5. Community Business— No add'l business tonight.

Our next meeting is planned for Feb. 23 at 5:00pm.
