CAPITAL IMPROVEMENTS PROGRAM

FY 2026 – 2031

Nondiscrimination Statement

Calvert County Public Schools does not discriminate on the basis of race, color, religion, sex, age, ancestry or national origin, familial status, marital status, physical or mental disability, sexual orientation, gender identity and expression, genetic information, or any other characteristic protected by law in its programs and activities and provides equal access to the Boy Scouts and other designated youth programs.

Calvert County Public Schools does not refuse enrollment of a prospective student, expel a current student, or withhold privileges from a current student, or prospective student, or the parent or guardian of a current or prospective student because of an individual's race, ethnicity, color, religion, sex, age, national original, marital status, sexual orientation, gender identity or disability.

Calvert County Public Schools does not discipline, invoke a penalty against, or take any other retaliatory action against a student or parent or guardian of a student who files a complaint alleging that the program or school discriminated against the student, regardless of the outcome of the complaint.

The following persons have been designated to handle inquiries regarding the non-discrimination policies:

- Director of Student Services
 - Director of Human Resources
- 443-550-8000

For further information on notice of non-discrimination, visit the Office for Civil Rights Complaint Assessment System at: <https://ocracas.ed.gov> or call 1-800-421-3481.

Anti-sexual, Anti-racial and Anti-disability Harassment Statement

Discrimination can manifest itself in behaviors such as bullying, harassment, or intimidation of individuals.

Calvert County Public Schools does not tolerate any form of harassment including, but not limited to, sexual, racial, or disability. Any individual (student, employee, or community member) who believes that they have been subjected to any form of harassment is encouraged to report the allegation of harassment. Students, parents, and community members may report allegations of harassment to: Ms. Cecelia Lewis, Director of Student Services, Calvert County Public Schools, 1305 Dares Beach Road, Prince Frederick, MD 20678

Employees may report allegations of harassment to: Mr. Zachary Seawell, Director of Human Resources, Calvert County Public Schools, 1305 Dares Beach Road, Prince Frederick, MD 20678

Calvert County Public Schools is committed to conducting a prompt investigation for any allegation of harassment. If harassment has occurred, the individual will be disciplined promptly. Disciplinary actions for students found to have engaged in any form of harassment may result in suspension or expulsion. Disciplinary actions for employees found to have engaged in any form of harassment may result in suspension or termination.

Calvert County Public Schools encourages all students, parents, employees, and community members to work together to prevent any form of harassment.

For further information on notice of non-discrimination, visit the Office for Civil Rights Complaint Assessment System at: <https://ocracas.ed.gov> or call 1-800-421-3481.

Calvert County Public Schools Antiracism Statement

Calvert County Public Schools (CCPS) explicitly denounces racism, bullying, discrimination, white supremacy, hate, and racial inequity in any form within our school community. Furthermore, CCPS will not tolerate the values, structures, and behaviors that perpetuate systemic racism.

Each member of the district, individually and collectively, is responsible for creating and nurturing a safe, antiracist learning environment where each student, staff member, and community partner is a respected and valued member of the CCPS community.

SECTION I

FY 2026 SUMMARY

PROJECTS REQUIRING IAC APPROVAL

1. Northern Middle School Construction

\$21,261,213 in State funds and \$9,122,380 in Local funds for a total of \$30,163,238 will be needed for the second year of construction. \$13,227,412 of State allocated funds will be provided through Build to Learn Act (BTL) funds.

2. Mary Harrison Center Partial HVAC Equipment Replacement

This is the remaining allocation required for the replacement of the auditorium HVAC unit as well as the addition of an independent heating plant for the building. Partial funding for this project was provided in the FY 2025 CIP cycle. The boiler that currently provides heating for the Harrison Center is located in the existing Northern Middle School building, which will be demolished as part of that school's replacement. \$245,686 in State funds and \$183,039 in Local funds will be needed for a total of \$428,725.

3. Sunderland Elementary School HVAC Systemic

The air handlers associated terminal units and pneumatic controls serving the original portion of this building will be 38 years old. The fossil fuel fired original boilers will also be replaced with electric boilers, requiring an electric service upgrade from the utility. Maryland Energy Administration (MEA) decarbonization grant funds in the amount of \$983,736 will be used for the boiler electrification, service upgrade requirements, and DDC conversion of the pneumatic controls. Aside from the MEA grant funds, the project will require \$784,000 in State funds and \$716,000 in Local funds for a State and Local CIP allocation of \$1,500,000.

4. Plum Point Middle Curtainwall and Skylight Replacement

The large skylights and multistory curtainwall assemblies at the front and rear façade of the school are constant source of leaks. The seals and gasketing are compromised and these locations are in a constant state of repair. \$539,000 in State funds are needed. \$448,500 in Local funds were previously allocated for design and construction.

STATE \$22,829,899

LOCAL \$10,021,419

TOTAL \$32,630,963

FY 2026 SUMMARY

PROJECTS NOT REQUIRING IAC APPROVAL

1. Misc. Playground Replacement

\$350,000 in Local funds will be needed for the replacement of misc. existing playground structures at existing schools.

FY 2027 SUMMARY
PROJECTS REQUIRING IAC APPROVAL

1. Northern Middle School Construction and FFE

\$2,952,787 in State funds and \$12,725,500 in Local funds for a total of \$15,678,287 will be needed for the third year of funding, for construction and Furniture, Fixtures, and Equipment (FFE).

STATE <u>\$2,952,787</u>	LOCAL <u>\$12,725,500</u>	TOTAL <u>\$15,678,287</u>
--------------------------	---------------------------	---------------------------

FY 2027 SUMMARY

PROJECTS NOT REQUIRING IAC APPROVAL

1. Calvert Elementary/Calvert County Feasibility Study

The Calvert Elementary School facility built in 1964, with additions in 1974, 1981, and 2007, has inefficient classroom configurations, outdated facilities, and requires upgrades to various systemic components. Additionally, Calvert Country School, located on property adjacent to Calvert Elementary School, was built in 1958 with an addition in 1983. This facility needs to be studied to determine the optimal configuration to best serve its student population. \$118,000 will be needed for a study to determine extent of the overall project.

2. Patuxent High School Field House

\$1,219,000 in Local funds will be needed for the construction of a field house. Please Note: Excess Local funds from previous CIP projects will be requested for part of the allocation.

3. Misc. Playground Replacement at Multiple Schools

\$700,000 in Local funds will be needed for the replacement of misc. existing playground structures at existing schools.

4. Misc. Paving Projects at Various Schools

\$375,000 in Local funds will be needed for resurfacing and striping at various school parking areas.

5. Calvert High School Field House Renovation Design Services

\$67,000 in Local funds will be needed for design services for renovations to the field house.

6. Huntingtown High School Tennis Court Resurfacing

233,200 in Local funds will be required to resurface the tennis courts.

STATE \$0	LOCAL <u>\$2,712,200</u>	TOTAL <u>\$2,712,200</u>
-----------	--------------------------	--------------------------

FY 2028 SUMMARY

PROJECTS REQUIRING IAC APPROVAL

1. Northern Middle School Construction

\$1,907,920 in Local funds will be needed for the fourth and final year of funding, towards the project.

2. Calvert Elementary School Planning Approval/Design

The Calvert Elementary School facility built in 1964, with additions in 1974, 1981, and 2007, has inefficient classroom configurations, outdated facilities, and requires upgrades to various systemic components. Pending the results of the overall feasibility study encompassing the facility, planning approval will be required, and funding will be needed for design. \$2,621,526 will be needed in State funds and \$1,230,380 in Local funds for a total of \$3,851,906, to commence design. State funds totaling \$30,068,784 will be required for Calvert Elementary School design, construction, and FFE.

3. Patuxent Elementary School Roof & Clerestory Windows Replacement

The roofing system will be 33 years old. The B.U.R. system and clerestory windows at the roof level are a constant source of frequent leaks. \$616,000 in State funding and \$534,000 in Local funding will be needed for a total cost of \$1,150,000.

4. Mill Creek Middle HVAC Systemic

The Water Source Heat Pumps, piping, and Energy Recovery Units will be 27 years old. The piping is starting to show signs of deterioration and the heat pumps will be well beyond their useful life. The full HVAC Systemic Replacement project will require \$1,601,600 in State funds and \$1,358,400 in Local funds for a total of \$2,960,000.

5. Huntingtown High Chiller Replacement

The small chiller will need to be replaced, requiring \$215,600 in State funds and \$199,400 in Local funds for a total of \$415,000.

STATE \$5,054,726

LOCAL \$5,230,100

TOTAL \$10,284,826

FY 2028 SUMMARY

PROJECTS NOT REQUIRING IAC APPROVAL

1. Misc Paving Projects at Various Schools

\$350,000 in Local funds will be needed for resurfacing and striping at various school parking areas.

2. Stormwater Management Pond Repairs at Multiple Schools

\$275,000 in Local funds will be needed for stormwater management pond repairs at various sites.

3. Huntingtown High Field House Renovation Design Services

\$70,000 in Local funds will be needed for design of renovations required to update the field house.

4. Misc. Playground Replacement

\$350,000 in Local funds will be needed for the replacement of misc. existing playground structures at existing schools.

STATE \$0

LOCAL \$1,045,000

TOTAL \$1,045,000

FY 2029 SUMMARY

PROJECTS REQUIRING IAC APPROVAL

1. Calvert Elementary School Design and Construction

\$13,000,000 in State funds and \$7,581,576 in Local funds for a total of \$20,581,576, are needed for completion of design and the first year of construction.

2. Calvert Country School Planning Approval/Design

Calvert Country School, located on property adjacent to Calvert Elementary School, was built in 1958 with an addition in 1983. Pending the results of the overall feasibility study encompassing this facility, planning approval will be required, and funding will be needed for design. \$1,970,753 in State funds and \$1,167,110 will be required to commence design. State funds totaling \$22,182,287 will be required for Calvert Country School design, construction, and FFE.

3. Patuxent High School Re-roofing

The B.U.R. roof, original to the 1996 building, is starting to show signs of wear and tear, and will be beyond its useful life. The replacement roof will be an Energy Star system, requiring \$1,728,958 in State funds and \$1,483,467 in Local funds for a total of \$3,212,425.

4. Plum Point Elementary School HVAC Systemic Replacement

All equipment will be 38 years old and require replacement. \$1,466,080 in State funds and \$1,271,920 in Local funds will be needed for a total of \$2,738,000.

5. Barstow Elementary Partial HVAC Equipment Replacement

The Energy Recovery Units (ERUs) that serve the Gymnasium and Cafeteria are problematic to maintain. They will be replaced and tied back to the existing DDC system. \$185,640 in State funds and \$195,860 in Local funds will be needed for a total of \$381,500.

6. Windy Hill Elementary HVAC Equipment Replacement

The air handling units and Administration unit will be 32 years old and replaced with equipment that meets ASHRAE requirements. \$1,469,530 in State funding and \$1,304,630 in Local funding are required for a total cost of \$2,774,160.

STATE \$19,820,961

LOCAL \$13,004,563

TOTAL \$32,825,524

FY 2029 SUMMARY

PROJECTS NOT REQUIRING IAC APPROVAL

1. Calvert High School Field House

\$800,000 in local funds will be needed for renovations to the field house.

2. Misc Paving Projects at Various Schools

\$350,000 in Local funds will be needed for resurfacing and striping at various school parking areas.

3. Misc Playground Requirements at Multiple Schools

\$775,000 in Local funds will be needed for the replacement of misc. existing playground structures at existing schools.

STATE \$0	LOCAL <u>\$1,925,000</u>	TOTAL <u>\$1,925,000</u>

FY 2030 SUMMARY

PROJECTS REQUIRING IAC APPROVAL

1. Calvert Elementary School Construction

\$12,000,000 in State funds and \$11,810,000 in Local funds will be needed for a total of \$23,810,000 for the second year of construction.

2. Calvert Country School Design

\$381,339 in Local funds will be needed to continue design.

3. St. Leonard Elementary Roof Replacement

The existing 4-ply built-up roof is beginning to show signs of failure and requires replacement. It will be replaced with a 30-year Energy Star 2-Ply Modified SBS System. \$548,800 in State funds and \$496,200 in Local funds will be needed for a total of \$1,045,000.

4. Huntingtown Elementary Partial Roof Replacement

The B.U.R. roof on the 1971 original building was re-roofed in 1991, is starting to show signs of wear and tear and will be beyond its useful life. The roof will be replaced with a 30-year Energy Star 2-Ply Modified SBS System. \$623,577 in State funds and \$534,953 in Local funds will be needed for a total of \$1,158,530.

STATE \$13,172,377

LOCAL \$13,222,492

WITHIN above GSF							
3. DESCRIPTION & JUSTIFICATION: (What you wish to accomplish with this project)							
<p>The Constant Volume AHU that serves the auditorium is original to the building, unreliable, and difficult to maintain. The Auditorium AHU will be replaced with an energy efficient unit that meets current ASHRAE requirements. The project will also eliminate reliance on the Northern Middle School's heating plant in order to heat the Mary Harrison Center by providing an independent heating plant, inclusive of consensing type boilers, pumps, and building automation controls. A heating plant independent of Northern Middle will decrease the load off Northern Middle's boiler and allow the future Northern Middle to be designed independent of consideration for Mary Harrison Center's heating requirements. This project was approved in FY 2025 with State and Local funding provided in the previous fiscal year. The engineer's cost estimate for the project indicates that the project budget needs to be increased therefore additional funding will be required to fully fund the project. \$245,686 in State funding and \$183,039 in Local funds are being requested during the FY2026 cycle.</p>							

4. BUDGET:		Total Estimated Project Budget	Estimated Local Funds	Estimated Maximum State Allocation

ADDITION					-
ADDITION					-
ADDITION					-
TOTAL	69,494		-	-	69,494

3. Indicate below the date the building component was last replaced with State Funds:

Original to 1988 construction

4. Describe all preventive maintenance activities that have occurred to keep the system operational? (i.e., work orders, etc.) Monthly water treatment on all hydronic piping through Bond. Quarterly greasing of bearings (unit blower bearings and motor) and unit filter changes. Annual coil cleaning and belt changes on equipment.

5. Detailed Scope: (What do you wish to accomplish with this project; Describe, with measurements)

The air handlers, associated terminal units, and controls will be 38 years old and well beyond their useful life, at the point of replacement. The fossil fuel fired original boilers will also be replaced with electric boilers, requiring an electric service upgrade from the utility. The Building Automation Controls and boiler electrification are being funded through an MEA decarbonization grant, in the amount of \$983,736. The remaining \$1,500,000 required for the project will be provided through \$784,000 in State CIP funds and \$716,000 in Local CIP funds. \$78,400 in State CIP funds were received in FY 2024. This facility is not deemed an emergency shelter by the County EOC.

6. Alternative Solution: What else can be done to correct the problem:

All HVAC equipment is at the end of its useful life. Some units are less problematic than others so the scope could potentially be reduced to address replacement of the most critical equipment. However most of this equipment replacement has already been deferred within the CIP and further deferrals could cause critical equipment failures.

7. What Caused this Problem? (normal wear and tear, poor contractor performance, poor materials, improper maintenance)?

Normal wear and tear. The equipment will be 35 years old and well beyond its useful life.

Note: Data should be entered into the fields highlighted in gray. In addition, the formula fields in Section 11 - Total Estimated Project Budget can be overwritten.

8. What are the consequences if this project is not approved:

Check all that apply:

<input checked="" type="checkbox"/>	1. Failure of system is likely to cause shutdown of facility for purposes of delivering educational programs and services.
<input type="checkbox"/>	2. System is currently adversely affecting the delivery of educational programs & services.
<input type="checkbox"/>	3. System is currently causing serious threats to life, safety, or health of facility occupants.
<input type="checkbox"/>	4. System is currently causing violations of building or other official codes.
<input type="checkbox"/>	5. System is currently causing or will imminently cause damage to other building systems.
<input checked="" type="checkbox"/>	6. Replacement/installation will increase the remaining useful lifespan (RUL) of other building systems in the facility, thereby extending the RUL of the facility.

9. ENROLLMENT PROJECTIONS (Requested)	Year→	2024	2025	2026	2027	2028	2029	2030	2031	Difference
	SRC	Current Enrollment	FTE	FTE	FTE	FTE	FTE	FTE	FTE	SRC-FTE
Requested School:	722									722

10. EMERGENCY ELECTRICAL POWER:

Entering an X in the Electrical Upgrade/Replacement field on page 1 indicates that this project involves replacement of the electrical system or upgrade to the electrical capacity. Provide the Status of the Shelter Compliance Process:

This facility is not deemed an emergency shelter by the County EOC. The electrical service upgrades required due to electrification of the boilers, which are being funded through an MEA Decarbonization grant.

11. BUDGET:		Total Estimated Project Budget	Estimated Local Funds	Estimated Net State Funding

8. What are the consequences if this project is not approved:

Check all that apply:

<input type="checkbox"/>	1. Failure of system is likely to cause shutdown of facility for purposes of delivering educational programs and services.
<input type="checkbox"/>	2. System is currently adversely affecting the delivery of educational programs & services.
<input type="checkbox"/>	3. System is currently causing serious threats to life, safety, or health of facility occupants.
<input type="checkbox"/>	4. System is currently causing violations of building or other official codes.
<input checked="" type="checkbox"/>	5. System is currently causing or will imminently cause damage to other building systems.
<input checked="" type="checkbox"/>	6. Replacement/installation will increase the remaining useful lifespan (RUL) of other building systems in the facility, thereby extending the RUL of the facility.

9. ENROLLMENT PROJECTIONS (Requested)	Year→	2024	2025	2026	2027	2028	2029	2030	2031	Difference
	SRC	Current Enrollment	FTE	FTE	FTE	FTE	FTE	FTE	FTE	SRC-FTE

FUTURE PROJECT REQUEST - (Optional Form)

LEA: **Calvert**
 DATE: **10/4/2024**

FISCAL YEAR: **2028**

PSC NO.: **04.004**

PROJECT TYPE: NEW ☐ ADDITION ☐ RENOVATION ☐ REPLACEMENT ☒

SYSTEMIC RENOVATIONS: ☐ STATE-OWNED RELOCATABLES: ☐

SCHOOL NAME: Calvert Elementary

SCHOOL ADDRESS: 450 Dares Beach Road, Prince Frederick, MD 20678

DESCRIPTION:

The Calvert Elementary School facility built in 1964, with additions in 1974, 1981, and 2007, has inefficient classroom configurations, outdated facilities, and requires upgrades to various systemic components. Pending the results of the overall feasibility study encompassing the facility, planning approval will be required, and funding will be needed for design. \$2,621,526 will be needed in State funds and \$1,230,380 in Local funds for a total of \$3,851,906, to commence design. State funds totaling \$30,068,784 will be required for Calvert Elementary School design, construction, and FFE.

PROPOSED RATED CAPACITY: **600** GRADES: **Pre K-5**

REQUEST APPROVAL FOR PLANNING FY: **2028** FUNDING FY: **2029, 2030, 2031**

ESTIMATED COST TO STATE: **\$30,068,784** LOCAL COST: **\$23,625,472**

PROJECT JUSTIFICATION:

This facility built in 1964, with additions in 1974, 1981, and 2007, has inefficient classroom configurations, outdated facilities, and requires upgrades to various systemic components.
