5:30PM After School	3:30PM-5:30PM	\$4,635/yr

* MAC's IK program follows the same schedule as MAC's Elementary and Middle School. The last day of school for each of these programs is May 26, 2023. IK students will be eligible to attend summer camp sessions at MAC with Elementary and Middle School students.

It is standard that private schools adjust their tuition an average of 4-5% each year to reflect cost of living increases. At MAC, tuition changes start on September 1. We strive to be open and honest with families at all times, and we will inform families via email and our website when changes are made to our tuition and fees. These changes are typically voted on by our Board of Trustees in January for the next school year.

Fees and Other Information

Application Fee: A non-refundable application fee of \$100 per child is due at the time the application is submitted.

Enrollment Fee: When a spot is offered and your family decides to accept a space at MAC, we require a \$750 nonrefundable enrollment fee with acceptance (\$500 is a one-time family enrollment fee, and there is a \$250 placement fee per child enrolling at MAC).

Building Fee: MAC is a large school and our building requires regular maintenance. A \$550.00 Building Reserve Fund fee is due upon enrollment of school and at the start of each school year for each family enrolled at MAC to ensure that our building remains a safe place for your children to learn and grow. This fee is prorated for students enrolling mid-year.

Admissions Overview: Once enrollment is accepted, the parent(s) or guardian(s) will attend an Enrollment Orientation with our Admissions Manager. This is your time to ask any additional questions you may have; school policies, procedures, and routines are reviewed and general questions are answered.

The Montessori Academy of Colorado is a metropolitan school that engages each child through innovative academics, exploration of character, and a fearless, forward mindset.
