Sign Up for College Visits

Many college admissions representatives visit NDP during the school year (virtually and in person). They give a 30-40 minute presentation about their college or university, and allow time for the students to ask questions. These visits occur during the school day.

My Colleges-Applied

After you send in your application, you will need to request for your transcripts to be sent (if your college is asking for official transcripts). In order for your counselors to send your official transcripts and letters of recommendation, you must move your college to the “Applied” column after you submit your application.

*If you are a transfer student, we will send your previous school’s transcript along with your NDP transcript.

*If you took any dual enrollment classes, you will need to send transcripts directly from SCC or U of A. NDP does not send out these transcripts. Most of the time, you will not need to send these transcripts until the end of your senior year unless the college specifically asks for them beforehand.
