January 19, 2022

Updated Covid-19 Guidance

Meeting Outcome:

*To share updates to
State Covid
guidelines and
implications for
Newark schools.*

WE INVITE YOU TO A
LOS INVITAMOS A UNA

**VIRTUAL
TOWN HALL**
REUNIÓN COMMUNITARIA
VIRTUAL

WEDNESDAY, JANUARY 19, 2022, 6:00 PM
MIECOLES, 19 DE ENERO 2022, 7:30 PM

**TOPIC OF DISCUSSION
TEMA DE CONVERSACION**

The coronavirus (Covid-19) pandemic: Updates and Guidelines
La pandemia de coronavirus (Covid-19): Reglas y Novedades

ZOOM INFO:
ENGLISH WEBINAR ID: 843 0021 4602
ESPAÑOL WEBINAR ID: 841 8055 6605

The poster is for a virtual town hall meeting. It features a dark blue background with a large, stylized virus particle in the upper left and lower right corners. The text is in white and yellow. At the top, it says "WE INVITE YOU TO A" and "LOS INVITAMOS A UNA". Below that, the title "VIRTUAL TOWN HALL" is in large, bold, yellow letters, followed by "REUNIÓN COMMUNITARIA VIRTUAL" in white. In the center, there is an illustration of two people, a woman and a man, standing and talking. Below the illustration, the date and time are listed: "WEDNESDAY, JANUARY 19, 2022, 6:00 PM" and "MIECOLES, 19 DE ENERO 2022, 7:30 PM". Then, the topic of discussion is listed: "TOPIC OF DISCUSSION" and "TEMA DE CONVERSACION". Below that, the topic is described in English and Spanish: "The coronavirus (Covid-19) pandemic: Updates and Guidelines" and "La pandemia de coronavirus (Covid-19): Reglas y Novedades". At the bottom, the Zoom information is provided: "ZOOM INFO:", "ENGLISH WEBINAR ID: 843 0021 4602", and "ESPAÑOL WEBINAR ID: 841 8055 6605". The Newark Unified School District logo is in the top right corner.

COVID-19 Data Dashboard

The information below is based on positive COVID-19 cases of NUSD students and staff who reported to school or work during their infectious period. A “case” refers to a person who tested positive for COVID-19.

Month/Week	# of Student Cases	# of Staff Cases
November 1-7	5	0
November 8-14	9	2
November 15-21	1	0
Nov 29-Dec 5	13	1
December 6-12	3	0
December 13-19	1	2
December 20-January 2	3	0
January 3-9	141	16
January 10-16	180	24
District-wide totals	304	53

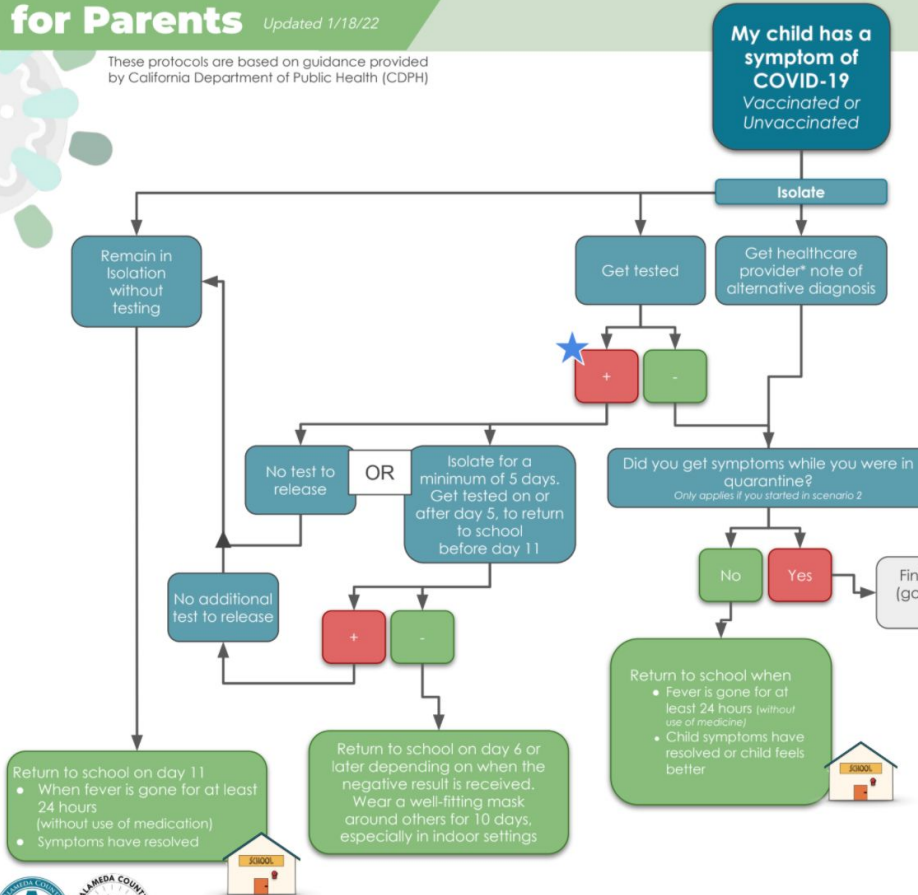

COVID-19 Flowchart for Parents

Updated 1/18/22

These protocols are based on guidance provided by California Department of Public Health (CDPH)

Begin with the teal box and follow the arrows, answering the questions for your situation.

KEY DEFINITIONS

COVID -19 Symptoms

- Fever or chills
- Sore throat
- Cough
- New loss of taste or smell
- Headache
- Nausea or vomiting
- Diarrhea
- Shortness of breath or difficulty breathing
- Congestion or runny nose
- Fatigue
- Muscle or body aches

Quarantine

Restricts the movement of persons who were exposed to COVID-19 in case they become infected.

Isolation

Separates those infected with COVID-19 from people who are not infected.

For all scenarios, wear a well-fitting mask around others at all times, especially indoors, for 10 days after exposure, showing symptoms, or a positive test.

*Healthcare Provider: doctor, nurse practitioner, or certified physician assistant

COVID-19 Flowchart for Parents

Updated 1/18/22

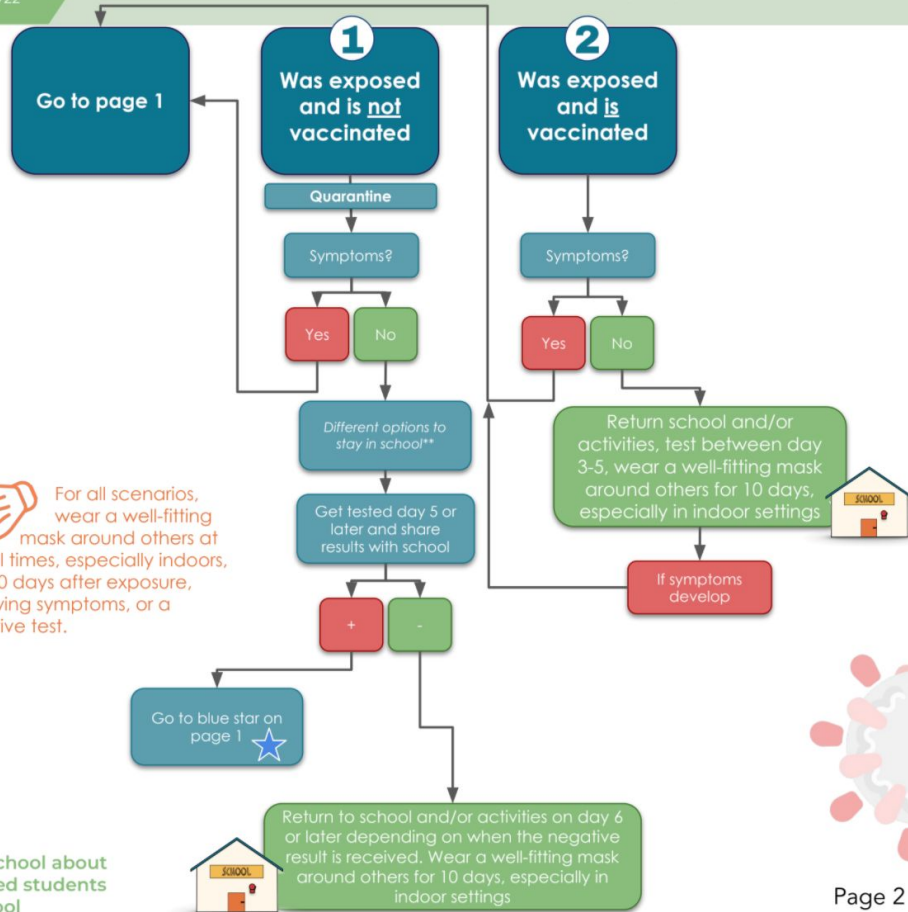

Begin with scenario 1 or 2 and follow the arrows, answering the questions for your child's situation.

MY CHILD...

These protocols are based on guidance provided by California Department of Public Health (CDPH)

For all scenarios, wear a well-fitting mask around others at all times, especially indoors, for 10 days after exposure, showing symptoms, or a positive test.

****Talk to your school about whether exposed students can stay in school**

CDPH Group Tracing Approach

Students exposed to someone with COVID-19 in a K-12 school:

School notifies students who spent more than a cumulative total of 15 minutes (within a 24-hour time period) in a shared indoor airspace (e.g., classroom) with someone with COVID-19 during their period of infectiousness.

CDPH Group Tracing Approach

Students exposed to someone with COVID-19 in a K-12 school:

Notification sent to "groups" of exposed students (e.g., classmates, teammates, cohorts, etc.) rather than contact tracing to identify individual "close contacts" (e.g., those within 6 feet).

CDPH Group Tracing Approach

Students exposed to someone with COVID-19 in a K-12 school:

Exposed students, regardless of COVID-19 vaccination status or prior infection, should get tested for COVID-19 with at least one diagnostic test obtained within 3-5 days after last exposure.

In the event of wide-scale and/or repeated exposures, broader (e.g., grade-wide or campus-wide) state guidance allows for once weekly on-site testing for COVID-19 until such time that exposure events become less frequent.

CDPH Group Tracing Approach

Students exposed to someone with COVID-19 in a K-12 school:

Exposed students ***who participate in weekly testing*** may continue to take part in all aspects of K-12 schooling, including sports and extracurricular activities, unless they develop symptoms or test positive for COVID-19.

Exposed students who develop symptoms should *quarantine*.

Exposed students who receive a positive test result should *isolate*.

Student Testing

Weekly asymptomatic testing program at every school

- Parent/guardian consent required
 - *Submit forms to school office or complete online using QR Code*
 - *QR codes are on the website and school offices*
- No cost to families

Student Testing

- Lower nasal PCR swab test (or oral PCR for younger students)
- Test results within 24 hours (but may take up to 72 hours)
 - *Sent via text or email depending on information provided on consent form.*
 - *District Nurse will also receive results*
 - *If child tests positive, isolate for required days and contact the school immediately*

Student Testing

When is testing done?

Predicine staff is scheduled to be on campus once a week between 8:00 am - 3:30 pm.

Monday	Tuesday	Wednesday	Thursday	Friday
Birch Grove Primary	Coyote Hills Elementary	Lincoln Elementary	Musick Elementary	MacGregor Alternative (Bridgepoint HS, Crossroads IS and Adult School)
Birch Grove Intermediate	Kennedy Elementary	Schilling Elementary	Newark Jr High School	Newark Memorial High School
Newark Jr High School	Newark Memorial High School			

FREE COVID-19 TESTING

Communication Group Exposure Letter

- After contact tracing has occurred (within 24 hours)
- Communicated to classes who were exposed to a positive case.
- Articulates next steps

NEWARK UNIFIED SCHOOL DISTRICT

5715 Musick Avenue, Newark, CA 94560 | (510) 818-4103

Date: 08/23/2021

Dear EXPOSED STAFF/STUDENT:

STAFF/STUDENT may possibly have been exposed to a person with COVID-19 who was present at NEWARK JUNIOR HIGH SCHOOL on 08/18/2021. We are working closely with the Alameda County Public Health Department (ACPHD).

WHAT YOU SHOULD DO

If staff/student are **FULLY VACCINATED** (it has been 2 weeks since your 2nd dose of your Pfizer or Moderna vaccine or 1st dose of your Johnson&Johnson vaccine) **AND NOT** experiencing symptoms of COVID-19:

- You do not have to quarantine.

If staff/student are **NOT FULLY VACCINATED** OR staff/student are **FULLY VACCINATED AND** experiencing symptoms of COVID-19:

YOUR RETURN DATE: 08/29/2021

- **Stay home and do not have any visitors.** You will be under home quarantine through 08/28/2021, which is 10 days after the date of exposure at school. See ACPHD quarantine instructions at: <http://www.acphd.org/2019-ncov/resources-residents/quarantine-and-isolation.aspx>
- **Monitor for fever or COVID-19 symptoms** through 09/01/2021 (14 days).
 - Fever ($\geq 37.8^{\circ}\text{C}/100^{\circ}\text{F}$)
 - Cough
 - Shortness of breath
 - Any other symptoms such as chills, body aches, fatigue, sore throat, headache, runny nose or nasal congestion, loss of taste or smell, nausea, vomiting or diarrhea. For more information about symptoms, see <https://www.cdc.gov/coronavirus/2019-ncov/symptoms-testing/symptoms.html>
- If STAFF/STUDENT become sick, have a fever, or develop any of the symptoms listed, contact your healthcare provider to see if testing for COVID-19 is recommended.
- Even if STAFF/STUDENT develop no symptoms, ACPHD recommends that teachers, school or program staff obtain COVID-19 testing 5-7 days following exposure.
 - If STAFF/STUDENT test **NEGATIVE** for COVID-19, STAFF/STUDENT must still stay in home quarantine for a minimum of 10 days through 08/28/2021.
 - + If you or student test **POSITIVE** for COVID-19, follow isolation instructions and stay home and away from others for 10 days with at least 24 hours of symptom improvement.

Communication Positive Cases Community Letter

- Communicated weekly to whole school community where positive cases occurred

NEWARK UNIFIED SCHOOL DISTRICT

5715 Musick Avenue, Newark, CA 94560 | (510) 818-4103

DATE: 8/24/2021

Dear **Newark Memorial** Community:

I am writing to let you know that a member of our community has reported testing positive for COVID-19. This person was last on site on **TUESDAY, 8/17/2021**. In the interest of protecting their privacy, I cannot disclose any information that might reveal their identity. This remains true even if the person who tested positive has decided to share information about their situation with others. The District still can't confirm or disclose any other information about who they are or their positive case.

However, I can let you know that **Newark Memorial** has been regularly cleaned and specially disinfected in accordance with all recommended protocols, including CDC guidelines.

In addition, any individual who was in prolonged close contact with this individual has been notified and directed to stay home for 10 days from the date of potential exposure. **FULLY VACCINATED** individuals **WITHOUT** any symptoms of COVID-19 do not have to self-quarantine. If you did not receive such a notification, it's because we do not have reason to believe that you should self-quarantine.

That being said, if you are interested in testing, you can find testing locations offered by Alameda County here: <http://www.acphd.org/2019-ncov/testing.aspx>. It is recommended that you wait 5-7 days to get tested.

As always, you must complete your health screening form every day before coming to school, and if you are experiencing COVID-19 symptoms, you must stay home.

Here at **Newark Memorial**, we remain dedicated to maintaining a safe and healthy school environment for all of our students and staff, which includes transparent and timely communication. If you have any questions, please contact Principal Rangel.

Thank you,
Olivia Rangel
Newark Memorial Principal

Diagrama de flujo del COVID-19 para padres

Actualizado el 18 de enero de 2022

Estos protocolos se basan en la guía proporcionada por el Departamento de Salud Pública de California (California Department of Public Health, CDPH).

Comience con el cuadro verde azulado y siga las flechas, respondiendo las preguntas sobre su situación.

Mi hijo tiene un síntoma de COVID-19
(acunado o no vacunado).

Aislar

Hacerse la prueba

+

-

Obtener una nota del proveedor* de atención médica de un diagnóstico alternativo

Permanecer aislado sin hacerse la prueba

Ninguna prueba para liberar

Aislar 5 días como mínimo. Hacerse la prueba el día 5 o después para volver a la escuela antes del día 11.

Ninguna prueba adicional para liberar

+

-

Volver a la escuela el día 11

- cuando la fiebre haya desaparecido al menos 24 horas (sin uso de medicamento)
- cuando los síntomas hayan desaparecido

Volver a la escuela el día 6 o después, dependiendo de cuándo se reciba el resultado negativo. Usar un cubrebocas que se ajuste bien cuando esté con otras personas, durante 10 días, especialmente en interiores.

¿Tuvo usted síntomas mientras estuvo en cuarentena?
Solo se aplica si comenzó en el caso 2.

No

Sí

Termine la cuarentena (vaya al caso #1 en la página 2).

Volver a la escuela cuando

- la fiebre haya desaparecido al menos 24 horas (sin uso de medicinas)
- los síntomas del niño hayan desaparecido o el niño se sienta mejor

DEFINICIONES CLAVE

Síntomas de COVID -19

- fiebre o escalofríos
- dolor de garganta
- tos
- pérdida reciente del gusto o del olfato
- dolor de cabeza
- náuseas o vómito
- diarrea
- falta de aire o dificultad para respirar
- congestión o secreción nasal
- fatiga
- dolor muscular o corporal

Cuarentena

Restringe el movimiento de las personas que estuvieron expuestas al COVID-19 en caso de que estén infectadas.

Aislamiento

Separa a los infectados de COVID-19 de las personas que no están infectadas.

En todos los casos, usar un cubrebocas que se ajuste bien cuando esté con otras personas, en todo momento, especialmente en interiores, durante 10 días después de la exposición, de mostrar síntomas o de dar positivo a la prueba.

*Proveedor de atención médica: médico, enfermero con práctica médica o asistente médico certificado

Diagrama de flujo del COVID-19 para padres

Actualizado el 18 de enero de 2022

Comience con el caso 1 o el caso 2 y siga las flechas, respondiendo las preguntas sobre la situación de su hijo.

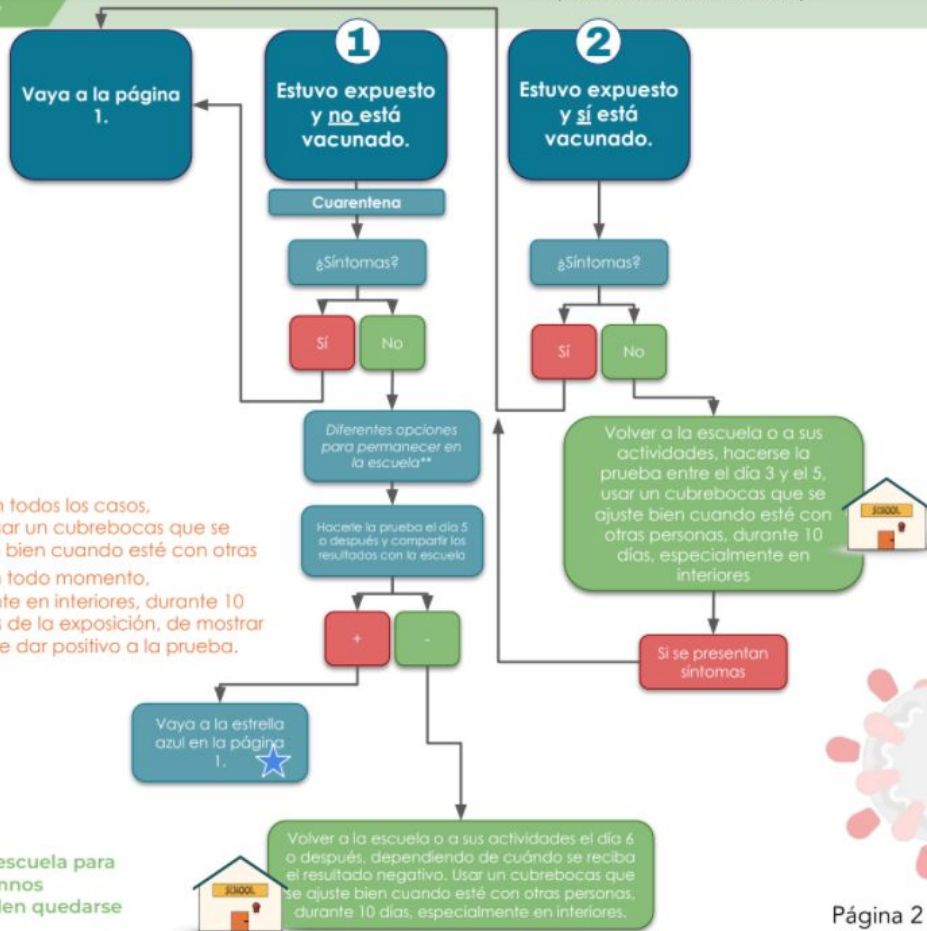

En todos los casos, usar un cubrebocas que se ajuste bien cuando esté con otras personas, en todo momento, especialmente en interiores, durante 10 días después de la exposición, de mostrar síntomas o de dar positivo a la prueba.

Open with

MI HIJO...

Estos protocolos se basan en la guía proporcionada por el Departamento de Salud Pública de California (California Department of Public Health, CDPH).

Vaya a la estrella azul en la página 1. ★

**Hable con su escuela para saber si los alumnos expuestos pueden quedarse en la escuela.

Enfoque de rastreo del grupo CDPH

Estudiantes expuestos a alguien con COVID-19 en una escuela K-12:

La escuela notifica a los estudiantes que pasaron más de un total de 15 minutos acumulativo (dentro de un período de 24 horas) en un espacio interior compartido (por ejemplo un salón de clases) con alguien contagiado con COVID-19 durante su período de infecciosidad.

Enfoque de rastreo del grupo CDPH

Estudiantes expuestos a alguien con COVID-19 en una escuela K-12:

Enviar una notificación a "grupos" de estudiantes expuestos (por ejemplo, compañeros de clase, compañeros de equipo, compañeros de estudio, etc.) en vez de el seguimiento de contactos para identificar "contactos cercanos" individuales (por ejemplo, aquellos dentro de 6 pies).

Enfoque de rastreo del grupo CDPH

Estudiantes expuestos a alguien con COVID-19 en una escuela K-12:

Los estudiantes expuestos, independientemente del estado de vacunación de COVID-19 o infección previa, deben hacerse la prueba de COVID-19 con al menos una prueba de diagnóstico obtenida dentro de los 3 a 5 días posteriores a la última exposición.

En el caso de exposiciones a gran escala y/o repetidas, se puede considerar una prueba más amplia (por ejemplo, en todo el grado o en todo el campus) una vez por semana para COVID-19 hasta el momento en que los eventos de exposición sean menos frecuentes.

Enfoque de rastreo del grupo CDPH

Estudiantes expuestos a alguien con COVID-19 en una escuela K-12:

Estudiantes expuestos que participan en las pruebas semanales pueden continuar participando en todos los aspectos de la educación K-12, incluidos los deportes y las actividades extracurriculares, a menos que desarrollen síntomas o den positivo en la prueba de COVID-19.

Estudiantes expuestos que desarrollen síntomas deben ponerse en *cuarentena*.

Estudiantes expuestos que reciban un resultado positivo en la prueba deben *aislarse*.

Pruebas para Estudiantes

Programa de pruebas semanales para asintomáticos en todas las escuelas.

- Se requiere el consentimiento de los padres/guardianes
 - *Envíe los formularios a la oficina de la escuela o complete los en línea usando el código QR*
- Sin costo para las familias

Pruebas para Estudiantes

- Prueba de PCR insertando palito nasal inferior (o PCR oral para estudiantes jóvenes)
- Resultados de la prueba dentro de las 24 horas (puede demorar 72 horas)
 - *Resultados por mensaje texto o email según su consentimiento.*
 - *La enfermera del distrito también recibirá los resultados.*
 - *Si el niño da positivo, aísle lo durante los días requeridos y comuníquese con la escuela de inmediato.*
