SCHOOL IMPACT FEE STUDY SERVICES
(DEVELOPER FEES)**

I. BACKGROUND

Lompoc Unified School District (“District”) is an innovative public school district located in Santa Barbara County that serves approximately 9,000 TK-12th grade students living in the City of Lompoc, Vandenberg Village, Mesa Oaks, Mission Hills, Vandenberg Air Force Base and rural areas adjacent to these communities. The District currently operates 17 schools comprised of nine K-6 elementary schools (including one visual and performing arts academy and one STEAM academy), two middle schools (7-8), one community day school serving grades 7-12, two traditional high schools (9-12), one continuation high school (9-12), and one adult school.

Education Code section 17620, *et seq.*, and Government Code section 65995, *et seq.*, authorize the District to levy a fee against residential, commercial, and industrial construction within District boundaries for the purpose of funding the construction, reconstruction, and refurbishment of school facilities needed to house students generated by development and to mitigate the impacts on school facilities caused by such development. Such fees are known as “school impact fees” or “developer fees”. Level 1 developer fee (“Level 1 Fees”) rates are set by the State Allocation Board (“SAB”) every other year, and the District is required to prepare a Developer Fee Justification Study (or similar document) as the basis establishing: (i) that a nexus exists between new development in the District and the need for school facilities; and (ii) the amount of the Level 1 Fees imposed on each type of development.

In order to impose Level 2 or Level 3 developer fees (“Alternative Fees”) on residential development, the District must meet certain eligibility requirements and prepare a School Facilities Needs Analysis (“SFNA”) on at least an annual basis to justify and calculate the amount of the Alternative Fees that may be imposed on residential construction only.

The District last raised its developer fee rates in 2018, and currently imposes Level 1 Fees at a rate of \$3.79 per square foot of residential construction, and at a rate of \$0.61 per square foot of commercial/industrial construction. The District does not currently impose Alternative Fees.

Effective January 1, 2022, recent changes in the law (Assembly Bill No. 602) imposes new content standards on developer fee justification studies.

The District invites any qualified firm to submit SOQs and Proposals related to its ability to provide the school impact fee/developer fee study services described herein for the District. In general, the firm(s) selected as a result of this process will be placed in a pool of qualified firms for future consideration to provide school impact fee/developer fee study services to the District, and to thereafter work cooperatively with the District Board, staff, and consultants, to facilitate timely completion of the developer fee statutory process.

II. GENERAL INFORMATION

The Justification Study shall include, without limitation, the purpose of the fee, the use to which the fee is to be put, a determination whether a reasonable relationship exists between the fee's use and the type of development project on which the fee is imposed, and a determination whether a reasonable relationship exists between the need for the public facility and the type of development on which the fee is imposed in accordance with applicable law, statutory methodology, and industry-wide accepted practices. The Justification Study must also comply with recent changes in the law pursuant to Assembly Bill No. 602 ("AB 602"), and include, without limitation, the requisite level of service ("LOS") analysis, as well as calculate the residential fee proportionately to the square footage of proposed units unless findings are made to explain why square footage is not an appropriate metric.

10. Compliance with Laws. Consultant shall observe and comply with all rules and regulations of the governing board of District and all federal, state, and local laws, ordinances and regulations. 10.2. COVID-19 Vaccination and Testing Requirements

(a) *Vaccination Requirements.*

Consultant shall fill out, sign, date and submit to District the COVID-19 Vaccination/Testing Certification Form, attached hereto as Attachment "A."

According to the August 11, 2021, California Department of Public Health ("CDPH") State Public Health Officer Order ("Order"), a person is "fully vaccinated" for COVID-19 if two weeks or more have passed since they have received the second dose in a 2-dose series (Pfizer-BioNTech or Moderna or vaccine authorized by the World Health Organization), or two weeks or more have passed since they received a single-dose vaccine (Johnson and Johnson[J&J]/Janssen). If the definition of "fully vaccinated" subsequently changes to include booster shots, said updated definition shall be incorporated herein.

Pursuant to the CDPH Guidance for Vaccine Records Guidelines & Standards, Consultant shall only accept the following as proof of vaccination:

- (1) COVID-19 Vaccination Record Card (issued by the Department of Health and Human Services Centers for Disease Control & Prevention or WHO Yellow Card) which includes name of person vaccinated, type of vaccine provided and date last dose administered);
- (2) a photo of a Vaccination Record Card as a separate document;
- (3) a photo of a Vaccination Record Card stored on a phone or electronic device;
- (4) documentation of COVID-19 vaccination from a health care provider;
- (5) digital record that includes a QR code that when scanned by a SMART Health Card reader displays to the reader name, date of birth, vaccine dates and vaccine type; or
- (6) documentation of vaccination from other contracted employers who follow these vaccination records guidelines and standards.

In the absence of knowledge to the contrary, Consultant may accept the documentation presented in (1) through (6) above as valid.

Consultant shall have a plan in place for tracking verified Consultant personnel vaccination status. Records of vaccination verification must be made available, upon request, to the local health jurisdiction for purposes of case investigation.

Consultant personnel, including any and all tiers of subconsultant, supplier, and any other personnel entering District property, who are not fully vaccinated, or for whom vaccine status is unknown or documentation is not provided, must be considered unvaccinated.

(b) *Weekly Testing Requirements.*

Consultant shall ensure that Consultant personnel, including any and all tiers of subconsultant, supplier, and any other worker entering District property, who are unvaccinated or who are not fully vaccinated are required to undergo diagnostic screening testing, as specified below:

(1) Consultant personnel may be tested with either antigen or molecular tests to satisfy this requirement, but unvaccinated or incompletely vaccinated workers must be tested at least once weekly with either PCR testing or antigen testing. Any PCR (molecular) or antigen test used must either have Emergency Use Authorization by the U.S. Food and Drug Administration or be operating per the Laboratory Developed Test requirements by the U.S. Centers for Medicare and Medicaid Services.

(2) Unvaccinated or not fully vaccinated Consultant personnel must also observe all other infection control requirements, and are not exempted from the testing requirement even if they have a medical contraindication to vaccination, since they are still potentially able to spread the illness. Previous history of COVID-19 from which the individual recovered more than 90 days earlier, or a previous positive antibody test for COVID-19, do not waive this requirement for testing.

Consultant shall have a plan in place for tracking test results and conducting workplace contact tracing, and must report results to local public health departments, if applicable.

(c) *Mandatory Compliance with Federal, State and Local Laws.*

Consultant shall continue to comply with all applicable federal, state and local laws regarding COVID-19. Further, except to the extent the Order provides otherwise, Consultant and Consultant personnel shall continue to comply with all other applicable terms in the CDPH's State Public Health Officer Orders.

11. Fingerprinting. The Fingerprinting/Criminal Background Investigation Certification must be completed and attached to this Agreement prior to Consultant's performing of any portion of the Services. Consultant expressly acknowledges that the following conditions shall apply to any work performed by Consultant and/or Consultant's employees on a school site:

- 11.1. All site visits shall be arranged through the District;
- 11.2. Consultant and Consultant's employees shall inform District of their proposed activities and location at the school site, allowing District time to arrange site visits without a disruption to the educational process;
- 11.3. Consultant and/or Consultant's employees shall check in with the school office each day immediately upon arriving at the school site;
- 11.4. Once at such location, Consultant and Consultant's employees shall not change locations without contacting the District;
- 11.5. Consultant and Consultant's employees shall not use student restroom facilities; and
- 11.6. If Consultant and Consultant's employees find themselves alone with a student, Consultant and Consultant's employees shall immediately contact the school office and request that a member of the school staff be assigned to the work location.

12. **Indemnification.** To the furthest extent permitted by California law, Consultant shall, at its sole cost and expense, indemnify and hold harmless the District and its governing board, members of the governing board, agents, representatives, officers, consultants, employees, trustees, and volunteers (the "Indemnified Parties") from any and all demands, losses, liabilities, claims, suits, and actions (the "Claims") of any kind, nature, and description, directly or indirectly arising out of, connected with, pertaining to, or resulting from the negligence, recklessness, or willful misconduct of the Consultant. Consultant shall, to the furthest extent permitted by California law, defend the Indemnified Parties at Consultant's own cost and expense, from any and all Claim(s) and allegations relating thereto with legal counsel approved by the District, where such approval is not to be unreasonably withheld.
13. **Limitation of District Liability.** Other than as provided in this Agreement, District's financial obligations under this Agreement shall be limited to the payment of the compensation provided in this Agreement. Notwithstanding any other provision of this Agreement, in no event, shall District be liable, regardless of whether any claim is based on contract or tort, for any special, consequential, indirect or incidental damages, including, but not limited to, lost profits or revenue, arising out of or in connection with this Agreement for the services performed in connection with this Agreement.
14. **Notice.** Any notice required or permitted to be given under this Agreement shall be deemed to have been given, served, and received if given in writing and either personally delivered or deposited in the United States mail, registered or certified mail, postage prepaid, return receipt required, or sent by overnight delivery service, or facsimile transmission or electronic mail, addressed as follows:

15. **Disputes.** In the event of a dispute between the parties as to performance of the Services, the interpretation of this Agreement, or payment or nonpayment for work performed or not performed, disputes may be determined by mediation if mutually agreeable, otherwise by litigation. If a claim, or any portion thereof, remains in dispute upon satisfaction of all applicable dispute resolution requirements, Consultant shall comply with all claims presentation requirements as provided in Chapter 1 (commencing with section 900) and Chapter 2 (commencing with section 910) of Part 3 of Division 3.6 of Title 1 of Government Code as a condition precedent to Consultant's right to bring a civil action against District. For purposes of those provisions, the running of the time within which a claim must be presented to District shall be tolled from the time Consultant submits its written claim until the time the claim is denied, including any time utilized by any applicable meet and

23. **Signature Authority.** Each party has the full power and authority to enter into and perform this Agreement, and the person signing this Agreement on behalf of each Party has been properly authority and empowered to enter into this Agreement.

The Justification Study shall include, without limitation, the purpose of the fee, the use to which the fee is to be put, a determination whether a reasonable relationship exists between the fee's use and the type of development project on which the fee is imposed, and a determination whether a reasonable relationship exists between the need for the public facility and the type of development on which the fee is imposed in accordance with applicable law, statutory methodology, and industry-wide accepted practices.
- (2) The Justification Study must also comply with recent changes in the law pursuant to Assembly Bill No. 602 ("AB 602"), and include, without limitation, the requisite level of service ("LOS") analysis, as well as calculate the residential fee proportionately to the square footage of proposed units unless findings are made to explain why square footage is not an appropriate metric.
