A student who transfers must be enrolled his/her entire last semester and earn his/her last 4 credits at Milford High School to be eligible for a high school diploma or certificate of performance in May of the transfer year. Any exceptions must be approved by the Milford School Board.

Students are required to select a Career Pathway (Major) by the end of their freshman year. If a student selects a state Career Technical Education program of study, the courses are required to be taken in sequence.

Course / Schedule changes: Students are required to take a challenging academic load for four years. Consequently, schedule changes may only be requested for academic and career choice reasons. In addition, students may not request a schedule or course change for personal reasons such as to be with friends.

Senior Options: Seniors may be released for senior options, provided they have:

- a minimum of 4 classes (2 per semester),
- completed at least 20 credits by the end of their junior year,
- prior administrative approval.

Senior options may include completing college courses, employment, and volunteer work. Students must submit the approved written application for a Senior Option by the deadline established by the school administration.

#### Transfer Students:

Students transferring to Milford High School from out of state or a private school, before the second semester of their junior year are required to choose a career pathway and complete a strand (an approved three-course sequence). If a student enters Milford High School from another Delaware High School and already has approved Delaware career and technical education courses on his/her transcript, those courses will count toward completion of a pathway. Students transferring to Milford High School during the second semester of their junior year are required to choose a career pathway and complete at least two of three courses in a pathway. Students transferring to Milford High School after the first quarter of their senior year are required to choose a career pathway and complete at least one course in a pathway.

~~A listing and requirements of Career Pathways and the Advanced Honors /AP program are on the following two pages.~~
