## 2021 School Accountability Report Card

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at [www.cde.ca.gov/ta/ac/sa/](http://www.cde.ca.gov/ta/ac/sa/)

For more information about the LCFF or the LCAP, see the CDE LCFF web page at [www.cde.ca.gov/fg/aa/lc/](http://www.cde.ca.gov/fg/aa/lc/)

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at [dq.cde.ca.gov/dataquest/](http://dq.cde.ca.gov/dataquest/) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) [www.caschooldashboard.org/](http://www.caschooldashboard.org/) reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2021-22 School Overview

Twelve Bridges High School is in its first year of operations, serving approximately 575 students in the 9th and 10th grades. Our comprehensive high school offers a full slate of core academic classes, rigorous and engaging electives, and three distinct CTE pathways that include Biomedical Science, Computer Science, and Media Arts. In addition to robust academic offerings, our school offers diverse extra-curricular activities as well so that all students can feel connected to their school. From clubs, to sports, to visual/performing arts, our students have a variety of options to find activities that suit their interests and help feed their connection to our school and community.

Our beautiful facilities are a true point of pride- our classrooms feature flexible seating arrangements, 1:1 technology for our students, state of the labs for our science and CTE classes, and so much more. From our theater, to our gymnasium, to our stadium, and to every other corner of our campus, our facilities are aesthetic, efficient, and supportive of a safe and effective learning environment.

Our Mission Statement is Twelve Bridges High School pursues excellence in education with purpose, commitment, and perseverance; our Vision is that Twelve Bridges High School will create the opportunities and provide the support for each member of its community to learn, grow, and become the people they aspire to be. Combining how we serve our students and community with what we want to accomplish, we condensed these two statements into our Value Actions- four simple yet powerful words that define how we measure success and what we challenge every member of our Rhino family to accomplish- "Learn, Strive, Lead, and Thrive."

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

### 2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	N/A
Intern Credential Holders Properly Assigned	N/A
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)	N/A
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)	N/A
Unknown	N/A
<b>Total Teaching Positions</b>	N/A

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2019-20 Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Authorization/Assignment	2019-20
Permits and Waivers	N/A
Misassignments	N/A
Vacant Positions	N/A
<b>Total Teachers Without Credentials and Misassignments</b>	N/A

## 2019-20 Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2019-20
Credentialed Teachers Authorized on a Permit or Waiver	N/A
Local Assignment Options	N/A
<b>Total Out-of-Field Teachers</b>	N/A

## 2019-20 Class Assignments

Indicator	2019-20
<b>Misassignments for English Learners</b> (a percentage of all the classes with English learners taught by teachers that are misassigned)	N/A
<b>No credential, permit or authorization to teach</b> (a percentage of all the classes taught by teachers with no record of an authorization to teach)	N/A

## 2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

A key element of our instructional materials is that TBHS, like the entire district, is now 1:1 in computers/chromebooks, so that each student has their own Chromebook device. With this in place, many of our instructional materials are now delivered online, although hard copy books are still in use in several departments. For families that have internet connectivity issues, our district is able to provide mobile hotspots to boost internet connectivity, which is essential for many of our online instructional programs.

Year and month in which the data were collected

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

## 2020-21 Career Technical Education Programs

TBHS offers CTE programs in three industry sectors- Health Sciences, Arts/Media and Entertainment, and Information and Computer Technology. Once we have all four grades active at TBHS, students will be able to complete three or four year CTE pathways. Our district has a rich history of commitment to CTE studies. Funding of these programs comes primarily through CTEIG grants that our district applies for annually, and which we have a positive history of being successful with.

The sequences listed here represent only grades 9 and 10, and will expand as we bring grades 11 and 12 onboard- all of these classes are offered at TBHS and conducted by TBHS staff:

Health Sciences: Principles of Biomedical Science and Human Body Systems

Arts/Media and Entertainment: Media Communications and Digital Photography, Video Productions, and/or Graphic Design

Information and Computer Technologies: Exploring Computer Science and AP Computer Science Principles and/or Cisco IT

Essentials (with the option for dual enrollment with Sierra College class IT 90)

The primary district representative is the district College and Career Coordinator, who organizes all CTE advisory meetings.

Our district advisory committee meetings include multiple representatives from all industries that our district offers CTE pathways in.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

Grade 5	N/A	N/A	N/A
Grade 7	N/A	N/A	N/A
Grade 9	N/A	N/A	N/A

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2021-22 Opportunities for Parental Involvement

Parents have many opportunities to be involved in our school. One of the first interactions for every incoming parent is to have a course selection meeting with a TBHS staff member, the parent, and the student, to have a meaningful meeting to get the student enrolled in a set of classes where the parents is an active voice in the course selection process, while also empowering the student to begin making choices that will share his ore her high school and post secondary paths.

Our "Rhino Rollout" Event allows for parents to come and see all of the programs TBHS has to offer, and provides the opportunity for our parents to "mingle" with staff members and find out the options students have when they come our school.

All sports are required to have parent informational meetings, many of which include opportunities for parents to volunteer within the team to help support programs that their son or daughter has an interest in.

Our School Site Council is open to any parents who would like to be involved with some of the more in-depth decision making, budgetary, and school safety aspects of the school.

Our TBHS Booster Club is likewise open to any parents who wish to be involved in the support of academic, athletic, and co-curricular programs at TBHS. They meet monthly, and their meeting are open to any members of the community who wish to participate.

Several district opportunities exist as well, including our District Facilities Planning meetings, where parents and other community members provide input on facility improvement plans, including for TBHS. The District English Learner Advisory Committee (DELAC) provides families the opportunity to interact and engage with school leaders on the important topic of how to better engage and support our families where English is not the primary language spoken at home.

Through communications avenues like Schoology, Parent Square, and FaceBook, we strive to keep our parents fully informed of news, events, and happenings at TBHS, and these platforms provide the opportunity for two-way communications. Our phones are always answered by a live person during office hours.

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21
Suspensions			2.15	1.03	3.47	0.20
Expulsions			0.05	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

## 2021-22 School Safety Plan

The Twelve Bridges High School School safety plan was created in the fall of 2021, and discussed at staff meetings in September and October of 2021, and shared and reviewed at the October 2021 School Site Council meeting that includes certificated staff, classified staff, parents, students, administration, and our school resource officer. The plan was approved by the LEA in December of 2021. Key elements of this plan include safety drills in connection with the Standard Response/I Love You Guys Protocol that is utilized by our entire district, Socio/Emotional well being supports so that students feel not only physically but emotionally safe, COVID response protocols, and a review/growth/reflection plan so that, in the first year of our existence, we can learn from our drills and procedures, evaluate what worked, and improve what was less effective. We gain input from Lincoln Police Department and Lincoln Fire Department to ensure that we are using best practices, and we gain feedback from these entities on our drill efficiency.

## 2018-19 Secondary Average Class Size and Class Size Distribution

This table displays the 2018-19 average class size and class size distribution. ## 2020-21 Types of Services Funded

Many programs at our site are funded directly by district support, including programs like AVID, which helps create a college-going mindset for students on campus, and our Wellness Together counseling program, which offers students regular counseling services to support their mental health and well-being. In addition, the district grants site funds to allow site administrators the flexibility to fund programs that are most relevant and needed at their individual sites. At TBHS, these funds are utilized in large part to support our tutoring program. Based upon the highly-successful peer tutoring program at Lincoln High School, we offer twice a week in-person and four times a week virtual peer tutoring for students, completely free of charge. Students are able to get 1:1 and small group support from peers who are hired for their expertise in specific subjects and their desire to help other students be successful, all under the supervision of a staff member. Sports were provided with a start-up budget so that our students would be able to participate in sports with a minimum of fundraising at the onset. Funds are also used to support professional growth in teachers and staff members who wish to challenge themselves with learning new programs and new strategies in order to better support students and learning. Our district, through CTEIG funds, also strongly supports the implementation and growth of three distinct CTE industry sector pathways at TBHS so that students can investigate college and career readiness in an environment tied to an industry of interest.

## Professional Development

Our entire staff, classified and certificated alike, attended an intense two-day training about setting a positive school culture put on by the prestigious Learning for Living group. Our staff committed itself to the primary goal of creating a positive school culture where our value actions could flourish. Professional development is a continual part of our staff meetings, including refreshers from our Learning for Living work, and AVID strategy development to help ensure that our school is AVID certified after its first year. Teachers involved in our co-taught classes that provide support for students on an IEP were provided with time during two days with our co-teach support specialist, who observes and debriefs each of our co-teach teams. Our entire AVID team attended a three-day conference to develop our AVID site goals and create our AVID platform. Our Culture team meets once a month after school to share ideas, examine best practices, and continually update our school culture creation/improvement plan. These professional development plans reflect only this year, as it is our school's first year, but staff members were also involved in other district and site-based professional development annually before this year.

This table displays the number of school days dedicated to staff development and continuous improvement.

## 2020-21 Local Accountability Report Card (LARC) Addendum

# Local Accountability Report Card (LARC) Addendum

## 2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
