The District identified the following six core principles to illustrate their values and commitment to students, staff, families, and the community as a whole. The School Board and District staff will use these principles as a guide to decision-making for the District's future.

**2021-2025:**

**All Means All:** All staff focus on success for all students. There are many pathways and opportunities for students to learn, achieve, and celebrate their intellectual, creative, personal, and future success.

**High Expectations:** Expectations for students, parents, and staff are clearly defined, understood, and shared. Students, parents, and staff are empowered, supported, and provided training and professional development opportunities to meet expectations. SLCUSD creates learning environments that empower students to take ownership over their learning in order for them to find purpose, meaning, and joy in their education and to excel beyond high school.

**Respect and Integrity:** Communication and interactions among and between students, staff, and parents is defined by mutual respect, trust, empathy, and support. SLCUSD strives to create a safe space for students to learn about themselves, other people, and the world around them.

**Collaboration and Civil Discourse:** The organization works collaboratively and creatively to ensure student success in a supportive environment. Decisions are made with stakeholder input and participation. Critical thinking, collegial dialogue and civil discourse around challenging problems are expected. Successes are recognized and celebrated.

**Culture of Care and Safety:** Schools and all district work sites are safe and secure environments for students, parents, and staff. SLCUSD focuses on the social-emotional needs of our students, values students' voices, and creates nurturing and inclusive school communities. Students, staff and families are compassionate school community members.

**Continuous Improvement:** Staff, students, and parents collaboratively evaluate progress using multiple, reliable measures, and make changes when necessary.

## I. Data and Access

*Ed-Data* is a partnership of the CDE, EdSource, and the Fiscal Crisis and Management Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools.

*DataQuest* is an online data tool located at <http://dg.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, *DataQuest* is a dynamic system that provides reports for accountability (e.g., Academic Performance Index (API), Adequate Yearly Progress (AYP), test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners.

*Internet Access* is available at public libraries and other locations that are publicly accessible; e.g., the California State Library. Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used, depending on availability, the types of software programs available on a workstation, and the ability to print documents.

## II. About Bishop's Peak Elementary School

### School Description and Mission Statement

Bishop's Peak Elementary School is home to some of the finest young minds in San Luis Obispo. Our school is dedicated to academic excellence and achievement. We are committed to nurturing the intellectual, physical, social, and emotional capacities of every student. We strive to make all students lifelong learners who will positively contribute to our diverse society. The school's experienced and dedicated staff, along with the committed and involved parent population, work together to create academic excellence.

Our Mission Statement is:

*The Bishop's Peak Elementary School and family community is student-centered, innovative, and committed to empowering all of our children to develop independence, collaborative critical thinking skills, and compassion.*

### Opportunities for Parental Involvement

A strong home/school partnership is the basis for the collaborative atmosphere at Bishop's Peak Elementary School. Parents are an integral part of our school, providing considerable volunteer and financial support. Parents are involved in PTA, School Site Council, San Luis Coastal Unified School District committees, and day-to-day campus and classroom activities. Numerous activities, field trips, and overnight excursions would not be possible without parent support. Our PTA also helps organize events that bring us together as a school community, such as the annual Fall Carnival, STEAM Fair, March-a-Thon, Study Trips, Family Fun Nights, and grade-level activities. Parents seeking information about how to become more involved in school life should call our school secretary, Mrs. Rosemary Hollis, at 805-596-4030.

### III. School Climate

#### School Safety Plan

We pride ourselves in maintaining a safe and orderly environment. As required, our school has developed a Comprehensive School Safety Plan. It includes the key elements of school characteristics, physical environment, social environment, school culture, crime data, critical incident response, and an emergency response plan. As prescribed by state law, the plan is formally reviewed annually. It was last reviewed by our school staff in August 2021 and by our School Site Council in September 2021. This Comprehensive School Safety Plan is available for review in the school office. More important than the written document, however, is our consistent attention to safety. Safety precautions and procedures are routinely reviewed and updated by the principal and staff as appropriate, and drills are held regularly to reinforce established emergency procedures.

#### Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

Rate	School			District		
	2018-19	2019-20	2020-21	2018-19	2019-20	2020-21
<b>Suspensions</b>	0.2%	0.002%	0%	2.7%	0.024%	0.004%
<b>Expulsions</b>	0%	0%	0%	0.1%	0.0013%	0%

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years. Data collected during the 2020-2021 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

### IV. Facilities

#### Facility Conditions and Planned Improvements

and functional. To assist in this effort, the district uses a facility survey instrument, with all potential problems related to safety reported and monitored for completion by site administration and the Building, Grounds, and Transportation Department. Information about this evaluation can be found for all sites at <http://www.slcsd.org/fmp/index.html>.

Elementary and middle school planned improvements include accessibility upgrades, campus-wide painting projects, fire alarms, and parking lot paving.

The following is specific information on the condition of the school and the efforts made to ensure that students are provided a clean, safe, functional learning environment.

**Age of School Buildings**

Bishop’s Peak School has 19 classrooms, a multi-purpose room, a library and an office. The main campus was built in 1956; additions were constructed in 1958, 1961, 1972 and 1998. A new multi-purpose room and remodeled administrative office were completed in 2020.

**Maintenance and Repair**

The District maintenance staff ensures that repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is utilized to ensure efficient service, and ensures that emergency repairs are given the highest priority. Many of our facilities are being modernized as part of the District Measure D program enacted in 2014.

**Cleaning Process and Schedule**

The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at Buildings, Grounds and Transportation. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

**Deferred Maintenance Budget**

The district utilizes a deferred maintenance plan that is funded by an annual percentage from the District general fund. The District uses the funding to assist schools with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems.

**Deferred Maintenance Projects**

The complete deferred maintenance plan is available at the Buildings, Grounds and Transportation office.

**School Facility Good Repair Status**

This table displays the results of the most recently completed school site inspection to determine the school facility's good repair status. Year and month of the most recent FIT report: 10/23/20

## IX. Student Performance

Please note scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of an individual student.

### California Assessment of Student Performance and Progress Results for All Students (School Year 20-21)

Subject	Percent of Students Meeting or Exceeding the State Standards					
	School		District		State	
	2019-20	2020-21	2019-20	2020-21	2019-20	2020-21
English Language Arts/Literacy (grades 3-8 and 11)	N/A	N/A	N/A	N/A	N/A	N/A
Mathematics (grades 3-8 and 11)	N/A	N/A	N/A	N/A	N/A	N/A

Note: The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-a9 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year. Note: The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-a9 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

### CAASPP Assessment Results – English Language Arts (ELA)

#### Disaggregated by Student Groups, Grades Three through Eight and Eleven (School Year 20-21)

Student Groups	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	246	231	93.9	61.47
Male	122	116	95.08	59.48
Female	124	115	92.74	63.48
Asian	15	14	93.33	64.29
Hispanic or Latino	37	36	97.3	41.67
White	172	161	93.6	67.08
Two or More Races	14	14	100	50
Socioeconomically Disadvantaged	59	52	88.14	30.77
English Learners	--	--	--	--
Students with Disabilities	51	47	92.16	27.66

Note: ELA/Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments. Double dashes -- appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.
