The District identified the following six core principles to illustrate their values and commitment to students, staff, families, and the community as a whole. The School Board and District staff will use these principles as a guide to decision-making for the District's future.

2021-2025:

All Means All: All staff focus on success for all students. There are many pathways and opportunities for students to learn, achieve, and celebrate their intellectual, creative, personal, and future success.

High Expectations: Expectations for students, parents, and staff are clearly defined, understood, and shared. Students, parents, and staff are empowered, supported, and provided training and professional development opportunities to meet expectations. SLCUSD creates learning environments that empower students to take ownership over their learning in order for them to find purpose, meaning, and joy in their education and to excel beyond high school.

Respect and Integrity: Communication and interactions among and between students, staff, and parents is defined by mutual respect, trust, empathy, and support. SLCUSD strives to create a safe space for students to learn about themselves, other people, and the world around them.

Collaboration and Civil Discourse: The organization works collaboratively and creatively to ensure student success in a supportive environment. Decisions are made with stakeholder input and participation. Critical thinking, collegial dialogue and civil discourse around challenging problems are expected. Successes are recognized and celebrated.

Culture of Care and Safety: Schools and all district work sites are safe and secure environments for students, parents, and staff. SLCUSD focuses on the social-emotional needs of our students, values students' voices, and creates nurturing and inclusive school communities. Students, staff and families are compassionate school community members.

Continuous Improvement: Staff, students, and parents collaboratively evaluate progress using multiple, reliable measures, and make changes when necessary.

I. Data and Access

Ed-Data is a partnership of the CDE, EdSource, and the Fiscal Crisis and Management Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools.

DataQuest is an online data tool located at <http://dg.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, *DataQuest* is a dynamic system that provides reports for accountability (e.g., Academic Performance Index (API), Adequate Yearly Progress (AYP), test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access is available at public libraries and other locations that are publicly accessible; e.g., the California State Library. Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used, depending on availability, the types of software programs available on a workstation, and the ability to print documents.

II. About Laguna Middle School

School Description and Mission Statement

Laguna Middle School encompasses a large geographic area within San Luis Obispo and extends outward in all directions, containing rural and urban housing. There is a broad socioeconomic range with a mix of affluent, middle income and low income families. Approximately 28.5% of the students are on the free/reduced lunch program and 10.7% of our students participate in our English Learner Program. The Laguna staff works diligently to identify struggling students and provide tiered interventions in our effort to support all students. The staff and community also work to ensure that our middle school students are connected to our campus through clubs, sports and campus-wide events. A true culture of care is our objective. Laguna Middle School is dependent upon the partnership of staff, students, parents, and community to continue to offer a challenging and varied program for our students. Highlights from our mission include:

- *Provide the necessary support to meet high academic standards while challenging the accelerated learner and providing additional support for low achieving students.*
- *Guide students to develop critical thinking, decision-making, organizational and communication skills resulting in confident, self-directed learners.*
- *Provide exploratory opportunities to students in an effort to address the needs of the early adolescent.*
- *Provide a comprehensive educational program that includes academics, the arts, vocational technology, health, wellness, and fitness.*
- *Provide a professional development program to staff to support the delivery of this program to the entire student population, including special needs students.*

Opportunities for Parental Involvement

Laguna Middle School offers a multitude of ways for parents to become involved with the school. Through signups at the beginning of the year, and via the volunteer tab on the school website, many parents commit to be involved according to their availability and areas of interest. The options available include school day activities within the classroom, providing support for students in reading intervention, assisting with teacher materials preparation, volunteering in the office and library, and membership on the School Site Council, PTA, and English Learner Advisory Committee. We also rely on parent volunteers for 8th Grade Career Day, Safe School Advisory, parent planning committees and chaperoning events. Large events such as our 3-Mile Run and our 8th Grade Promotion Events rely heavy on the help of our parent volunteers. The school newsletters regularly seek to involve parents in active participation with school departments' student activities. Parent Education Nights and principal's coffees provide an opportunity for parents to learn about a variety of topics related to their child's development. For further information, please call the school at 805-596-4055, Ext. 2002.

III. School Climate

School Safety Plan

The Laguna Safe Schools Plan is reviewed and updated each year by the School Safety Committee. The plan covers all events, including fire, spills, earthquake, nuclear, campus intruder, evacuation, sheltering, safety, and sanitation. The plan was updated and then reviewed with staff and the School Site Council in March 2020.

Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

| Rate | School | | | District | | |
|-------------|---------|---------|---------|----------|---------|---------|
| | 2018-19 | 2019-20 | 2020-21 | 2018-19 | 2019-20 | 2020-21 |
| Suspensions | 4.5% | 0.04% | 0.007% | 2.7% | 0.024% | 0.004% |
| Expulsions | 0.5% | 0.001% | 0% | 0.1% | 0.0013% | 0% |

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years. Data collected during the 2020-2021 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

IV. School Facilities

Facility Conditions and Planned Improvements

The District extends great efforts to maintain the schools in a manner that ensures that they are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument, with all potential problems related to safety reported and monitored for completion by site administration and the Building, Grounds, and Transportation Department. Information about this evaluation can be found for all sites at <http://www.slcsd.org/fmp/index.html>. Elementary and middle school planned improvements include accessibility upgrades, campus-wide painting projects, fire alarms, and parking lot paving.

The following is specific information on the condition of the school and the efforts made to ensure that students are provided a clean, safe, functional learning environment.

Age of School Buildings

Laguna Middle School has 42 classrooms, a multipurpose room, gymnasium, locker rooms, a library and an office. The main campus was built in 1968 and an addition was constructed in 1998.

Maintenance and Repair

The District maintenance staff ensures that repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is utilized to ensure efficient service, and ensures that emergency repairs are given the highest priority. Many of our facilities are being modernized as part of the District Measure D program enacted in 2014.

Cleaning Process and Schedule

The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at Buildings, Grounds and Transportation. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance Budget

The district utilizes a deferred maintenance plan that is funded by an annual percentage from the District general fund. The District uses the funding to assist schools with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems.

Deferred Maintenance Projects

The complete deferred maintenance plan is available at the Buildings, Grounds and Transportation office.

IX. Student Performance

Please note scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of an individual student.

California Assessment of Student Performance and Progress Results for All Students (School Year 20-21)

| Subject | Percent of Students Meeting or Exceeding the State Standards | | | | | |
|--|--|---------|----------|---------|---------|---------|
| | School | | District | | State | |
| | 2019-20 | 2020-21 | 2019-20 | 2020-21 | 2019-20 | 2020-21 |
| English Language Arts/Literacy (grades 3-8 and 11) | N/A | N/A | N/A | N/A | N/A | N/A |
| Mathematics (grades 3-8 and 11) | N/A | N/A | N/A | N/A | N/A | N/A |

Note: The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-a9 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year. Note: The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-a9 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

CAASPP Assessment Results – English Language Arts (ELA)

Note: ELA/Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes – appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.
