The District identified the following six core principles to illustrate their values and commitment to students, staff, families, and the community as a whole. The School Board and District staff will use these principles as a guide to decision-making for the District's future.

2021-2025:

All Means All: All staff focus on success for all students. There are many pathways and opportunities for students to learn, achieve, and celebrate their intellectual, creative, personal, and future success.

High Expectations: Expectations for students, parents, and staff are clearly defined, understood, and shared. Students, parents, and staff are empowered, supported, and provided training and professional development opportunities to meet expectations. SLCUSD creates learning environments that empower students to take ownership over their learning in order for them to find purpose, meaning, and joy in their education and to excel beyond high school.

Respect and Integrity: Communication and interactions among and between students, staff, and parents is defined by mutual respect, trust, empathy, and support. SLCUSD strives to create a safe space for students to learn about themselves, other people, and the world around them.

Collaboration and Civil Discourse: The organization works collaboratively and creatively to ensure student success in a supportive environment. Decisions are made with stakeholder input and participation. Critical thinking, collegial dialogue and civil discourse around challenging problems are expected. Successes are recognized and celebrated.

Culture of Care and Safety: Schools and all district work sites are safe and secure environments for students, parents, and staff. SLCUSD focuses on the social-emotional needs of our students, values students' voices, and creates nurturing and inclusive school communities. Students, staff and families are compassionate school community members.

Continuous Improvement: Staff, students, and parents collaboratively evaluate progress using multiple, reliable measures, and make changes when necessary.

I. Data and Access

Ed-Data is a partnership of the CDE, EdSource, and the Fiscal Crisis and Management Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools.

DataQuest is an online data tool located at <http://dg.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., Academic Performance Index (API), Adequate Yearly Progress (AYP), test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access is available at public libraries and other locations that are publicly accessible; e.g., the California State Library. Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used, depending on availability, the types of software programs available on a workstation, and the ability to print documents.

II. About Los Osos Middle School

School Description and Mission Statement

Los Osos Middle School is a dynamic, innovative, educational community designed to meet the unique needs of adolescents. It is our belief that every middle school child has the capacity to be compassionate and giving; to be perceptive, creative and informed; to be industrious, ethical and a risk-taker; to be poised; to persevere and to celebrate each day with optimism.

Los Osos Middle School has earned a reputation of providing learning environments that are safe, inclusive, and supportive of learning. Our teaming model at the sixth grade level allows us to assist and support our students during this transition to middle school. Students have one teacher for English/language arts and social science and one for math and science. Students also have the opportunity to experience a technology rich STEAM elective and have the option to participate in a beginning band or choir class. In seventh and eighth grade, students are on a traditional 6 period day. The electives range from Science & Technology, Engineering, Art, Mathematics as well as various levels of Choir and Orchestra. Students have the opportunity to participate in College and Career Readiness, Leadership as well as support classes.

At Los Osos Middle School, we are proud of our students' achievements. We believe that these successes are a direct reflection and compliment to the talents and support of our students, parents, and community, as well as the professional competency and dedication of our teachers and staff members. We are committed to providing a strong, standards-based curriculum and innovative instructional strategies to all our students. Additionally, a continuous review of student outcomes ensures that all students receive rigorous instruction that actively engages them in their learning. In an effort to develop 21st century skills, instruction is supported with a 1:1 device program for all grade levels. Outside of the classroom, co-curricular activities include sport and academic teams, as well as clubs.

Los Osos Middle School is a National Forum and California School to Watch. The School to Watch designation requires a constant evaluation of the school's programs in areas of Academic Excellence, Developmental Responsiveness, Social Equity, and Organizational Structures and Processes. Looking at each of these areas, the staff at Los Osos Middle School continues to strive for ongoing improvement.

Our facilities boast a beautiful library for student use, a multipurpose room, gymnasium and fitness center, all of which are set in a picturesque and historic corner of Los Osos, neatly tucked amongst the protected lands of a Chumash Indian archeological site and a nature preserve. Because of our facilities and central location, our campus is a hub of extracurricular activities for the Los Osos/Morro Bay communities.

Our staff, together with our School Site Council, has set goals to be met in each classroom and throughout the campus. Our Teacher Collaboration – Late Start Mondays, provide the institutional structure to support staff development, staff meetings, team meetings, and department meetings. We are committed as a staff to analyze the individual needs of our students and provide instruction and remediation when necessary to guide each student to success.

Opportunities for Parental Involvement

The parents and community play a crucial part of the programs and success of Los Osos Middle School. The parents provide support through numerous activities such as: volunteering in classrooms, chaperoning dances, participating in field trips, and helping supervise other activities. The formal avenues for parents to demonstrate their support is through our PTSA and School Site Council, and ELAC where their feedback and creative ideas help shape the instructional programs.

III. School Climate

School Safety Plan

Our comprehensive safety plan addresses the following areas: assessment of school crime, procedures for school safety, child abuse reporting procedures, routine and emergency disaster plans, discipline policies and suspension/expulsion offenses consistent with Education Code, sexual harassment policy, dress code, bus safety rules, safe school survey results, crisis response procedures, and collaborative relationships with local law enforcement and social agencies. The plan was last updated in September 2021 and shared with staff and our School Site Council in October 2021. Our staff receives yearly safety procedure in-services and participates in campus tours to identify location of emergency equipment and to review emergency response protocols.

Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

Expulsions	0.3%	0%	0%	0.1%	0.0013%	0%

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years. Data collected during the 2020-2021 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

IV. School Facilities

Facility Conditions and Planned Improvements

The District extends great efforts to maintain the schools in a manner that ensures that they are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument, with all potential problems related to safety reported and monitored for completion by site administration and the Building, Grounds, and Transportation Department. Information about this evaluation can be found for all sites at <http://www.slcsd.org/fmp/index.html>. Elementary and middle school planned improvements include accessibility upgrades, campus-wide painting projects, fire alarms, and parking lot paving.

The following is specific information on the condition of the school and the efforts made to ensure that students are provided a clean, safe, functional learning environment.

Age of School Buildings

Los Osos Middle School has 40 classrooms, a multipurpose room, kitchen, gymnasium, locker rooms, a fitness center, library and an office. The main campus was built in 1977; additions were constructed in 1978 and 1999.

IX. Student Performance

Please note scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of an individual student.

California Assessment of Student Performance and Progress Results for All Students (School Year 19-20)

Subject	Percent of Students Meeting or Exceeding the State Standards					
	School		District		State	
	2019-20	2020-21	2019-20	2020-21	2019-20	2020-21

The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year. Note: The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-a9 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

CAASPP Assessment Results – English Language Arts (ELA)

Disaggregated by Student Groups, Grades Three through Eight and Eleven (School Year 20-21)

Student Groups	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded

English Learners	45	42	93.33	11.9
Students with Disabilities	88	65	73.86	21.88

Note: ELA/Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes – appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.
