The District identified the following six core principles to illustrate their values and commitment to students, staff, families, and the community as a whole. The School Board and District staff will use these principles as a guide to decision-making for the District's future.

2021-2025:

All Means All: All staff focus on success for all students. There are many pathways and opportunities for students to learn, achieve, and celebrate their intellectual, creative, personal, and future success.

High Expectations: Expectations for students, parents, and staff are clearly defined, understood, and shared. Students, parents, and staff are empowered, supported, and provided training and professional development opportunities to meet expectations. SLCUSD creates learning environments that empower students to take ownership over their learning in order for them to find purpose, meaning, and joy in their education and to excel beyond high school.

Respect and Integrity: Communication and interactions among and between students, staff, and parents is defined by mutual respect, trust, empathy, and support. SLCUSD strives to create a safe space for students to learn about themselves, other people, and the world around them.

Collaboration and Civil Discourse: The organization works collaboratively and creatively to ensure student success in a supportive environment. Decisions are made with stakeholder input and participation. Critical thinking, collegial dialogue and civil discourse around challenging problems are expected. Successes are recognized and celebrated.

Culture of Care and Safety: Schools and all district work sites are safe and secure environments for students, parents, and staff. SLCUSD focuses on the social-emotional needs of our students, values students' voices, and creates nurturing and inclusive school communities. Students, staff and families are compassionate school community members.

Continuous Improvement: Staff, students, and parents collaboratively evaluate progress using multiple, reliable measures, and make changes when necessary.

I. Data and Access

Ed-Data is a partnership of the CDE, EdSource, and the Fiscal Crisis and Management Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools.

DataQuest is an online data tool located at <http://dg.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, *DataQuest* is a dynamic system that provides reports for accountability (e.g., Academic Performance Index (API), Adequate Yearly Progress (AYP), test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access is available at public libraries and other locations that are publicly accessible; e.g., the California State Library. Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used, depending on availability, the types of software programs available on a workstation, and the ability to print documents.

II. About Teach Elementary School

School Description and Mission Statement

Teach School is committed to providing our local school communities with an accelerated learning environment that nurtures creativity and diverse learning styles. As a school of choice, Teach School is sought out as an educational alternative by parents of Avila Valley, San Luis Obispo, Los Osos, and Morro Bay because of its long history of excellence. Underpinning this history of achievement are expectations for high personal standards, accountability, and a climate that fosters independent learning. The staff, parents, and students share a common vision that much of our academic success is based on strong parental involvement in the learning process.

Teach is an active place where instruction takes many forms and students exhibit a real excitement for learning. Examples of the high value that Teach School places on experiential learning include: study trips to places such as Catalina Island Marine Institute, Astro Camp, and Camp Ocean Pines in Cambria; enrichment assemblies; and an emphasis on engineering, technology and the visual and performing arts. These rich and varied additions to our accelerated curriculum are provided for our students throughout the school year.

Our Mission Statement is:

The mission of the Teach Elementary School program is to provide an alternative choice for parents and students in the San Luis Coastal Unified School District. It is designed for students whose needs include a rigorous curriculum, the opportunity for challenge and enrichment, an outlet for creativity and individuality, and an atmosphere that promotes leadership, responsibility, collaboration, and independence.

Opportunities for Parental Involvement

A strong home/school partnership is the basis for the collaborative atmosphere at Teach Elementary School. Parents are an integral part of our school, providing considerable volunteer and financial support. Parents are involved in Booster Club, School Site Council, San Luis Coastal Unified School District committees, and day-to-day campus and classroom activities. Numerous activities, field trips, and overnight excursions would not be possible without parent support. Our Booster Club also helps organize events that bring us together as a school community, such as the Science/STEAM Fair, Teach Tiger Games, and grade level activities. Parents seeking information about how to become more involved in school life should call Mrs. Cati Hughes, our school secretary, (805) 596-4100.

III. School Climate

School Safety Plan

Safety is the only thing we care about more than learning at our school. We pride ourselves in maintaining a safe and orderly environment. As required, our school has developed a Safe School Plan. It includes the key elements of School Characteristics, Physical Environment, Social Environment, School Culture, Crime Data, Critical Incident Response, and an Emergency Response Plan. As prescribed by State law, it is formally reviewed annually. It was last reviewed by our School Site Council in September 2021 and by our school staff in August 2021. This Comprehensive School Safety Plan is available in the school office. More important than the written document, however, is our consistent attention to safety. Safety precautions and procedures are routinely reviewed and updated by the principal and staff as appropriate, and drills are held regularly to reinforce established emergency procedures.

Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

Rate	School			District		
	2018-19	2019-20	2020-21	2018-19	2019-20	2020-21

Expulsions	0%	0%	0%	0.1%	0.0013%	0%

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years. Data collected during the 2020-2021 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

IV. School Facilities

Facility Conditions and Planned Improvements

The District extends great efforts to maintain the schools in a manner that ensures that they are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument, with all potential problems related to safety reported and monitored for completion by site administration and the Building, Grounds, and Transportation Department. Information about this evaluation can be found for all sites at <http://www.slcdusd.org/fmp/index.html>. Elementary and middle school planned improvements include accessibility upgrades, campus-wide painting projects, fire alarms, and parking lot paving.

The following is specific information on the condition of the school and the efforts made to ensure that students are provided a clean, safe, functional learning environment.

Age of School Buildings

Teach School has 8 classrooms, a multipurpose room, a library and an office. The Teach campus is located on the original site of the Romauldo Pacheco Elementary School, built in 1954.

Maintenance and Repair

The District maintenance staff ensures that repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is utilized to ensure efficient service, and ensures that emergency repairs are given the highest priority. Many of our facilities are being modernized as part of the District Measure D program enacted in 2014.

Cleaning Process and Schedule

The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at Buildings, Grounds and Transportation. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance Budget

The district utilizes a deferred maintenance plan that is funded by an annual percentage from the District general fund. The District uses the funding to assist schools with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems.

Deferred Maintenance Projects

The complete deferred maintenance plan is available at the Buildings, Grounds and Transportation office.

IX. Student Performance

Please note scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of an individual student.

California Assessment of Student Performance and Progress Results for All Students (School Year 20-21)

Subject	Percent of Students Meeting or Exceeding the State Standards					
	School		District		State	
	2019-20	2020-21	2019-20	2020-21	2019-20	2020-21

Mathematics (grades 3-8 and 11)	N/A	N/A	N/A	N/A	N/A	N/A

Note: The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-a9 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year. Note: The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-a9 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

CAASPP Assessment Results – English Language Arts (ELA)

Disaggregated by Student Groups, Grades Three through Eight and Eleven (School Year 20-21)

Student Groups	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	177	164	92.66	87.80
Male	101	92	91.09	80.43
Female	76	72	94.74	97.22
Asian	16	16	100	93.75

Socioeconomically Disadvantaged	28	22	78.57	77.27
English Learners	--	--	--	--
Students with Disabilities	--	--	--	--

Note: ELA/Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes – appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.
