

SCIENCE

[South Carolina's Vision for Science Education Academic Standards](#) begins in Kindergarten and extends each year through 12th grade, providing all students with a coherent K-12 progression of authentic and relevant learning experiences where they actively engage in science and engineering practices and apply crosscutting concepts to deepen their understanding of each field's disciplinary core ideas.

GRADUATION REQUIREMENTS

Earth Science	Physics H
Earth Science H Physical Science	AP Physics 1
Physical Science H	AP Physics 2
Biology 1	AP Physics C: Mechanics
Biology 1 H	AP Physics C: Electricity and Magnetism
Biology 2	Marine Science
IB Biology HL	Marine Science H
IB Biology SL	Environmental Science
AP Biology	AP Environmental Science
Chemistry 1	Anatomy and Physiology
Chemistry 1 H	Anatomy and Physiology H
Chemistry 2	Forensic Science
AP Chemistry	IB Sports, Exercise and Health
Physics	

ELECTIVES

AP Science Preparation Lab (Biology)
AP Science Preparation Lab (Chemistry)
AP Science Preparation Lab (Environmental Science)
IB Biology SL Seminar
IB Environmental Systems SL
