

**Shawnee Mission School District  
Bid 22-006 – Vehicles-Trucks  
January 25, 2022**

**Addendum No. 1**

The following response address a question submitted by a vendor on January 25, 2022; responses to the question are indicated in **bold**. If you feel that a question has not been addressed, please contact Reed Beebe at [purchasing@smsd.org](mailto:purchasing@smsd.org) as soon as possible.

1. The M-33 vehicle specifications call for the installation of a Tommy Gate bolt on a LED light kit and a camera sensor bar for a lift gate by Knapheide, but a specific Tommy Gate lift gate is not specified. Could this information be provided?

**The Knapheide installation reference to a Tommy Gate lift gate is a typographical error, as the desired vehicle specifications do not include a Tommy Gate lift gate. Therefore, the following Knapheide installation requirements for the M-33 vehicle should be ignored:**

TGT-57L	BOLT-ON LED LIGHT KIT (T-57L) OPTIONS
TG014617	BAR FOR REAR CAMERA & SENSOR

**CHANGE TO ITB:**

**As noted above, the M-33 specifications incorrectly reference Tommy Gate lift gate installation requirements via Knapheide. The specifications for the M-33 are therefore hereby changed as follows (note the strikethrough of the items referenced above):**

<p><b>A replacement for a current District vehicle; the District’s designation number for this vehicle is “M-33”</b></p>
<p><b>Utility Pickup Truck-2022</b> Specifications: <b>Minimum Requirements</b></p> <ul style="list-style-type: none"> <li>• F350 4x4 SD R/C</li> <li>• 142” Wheelbase</li> <li>• 60” cab to axel</li> <li>• 6 Speed Automatic</li> <li>• 6.2L EFI V8 Engine</li> </ul>
