

Add Extension

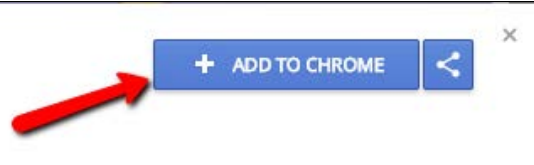

Classlink requires an extension to be installed for your browser. Below are instructions on how to install an extension.

When you are in Classlink and this message pops up, be sure to follow the instructions on the screen to install the extension.

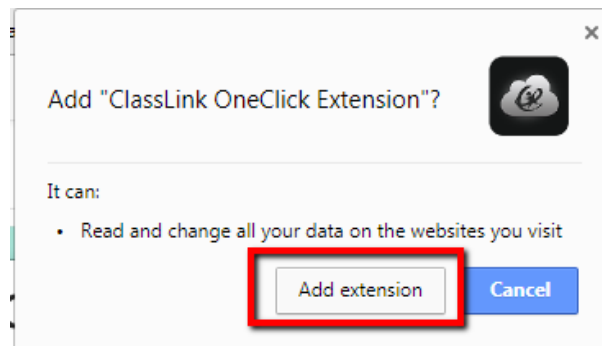

Click "Install Extension"

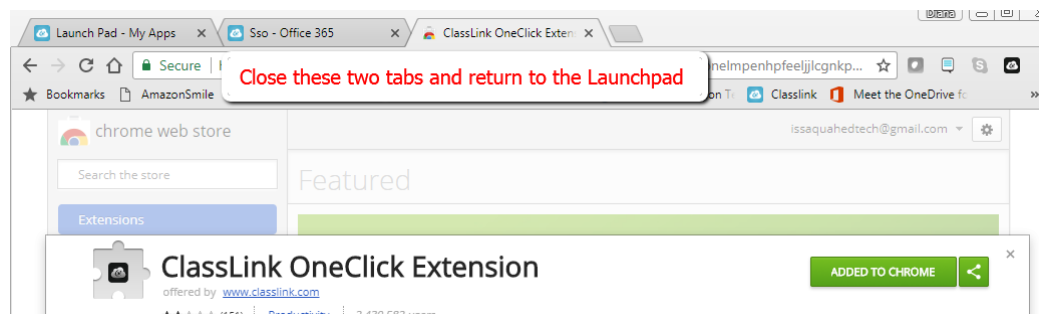

Click "Add to Chrome"

Click "Add Extension"

Close the two extra tabs in the browser and return to the tab labeled "Launch Pad – My Apps"

Click the App icon again. Once installed on the computer you should not have to install it again.
