

ROCORI SCHOOL DISTRICT

ROCORI Public School COVID Protocols-Student
1-25-2022

ROCORI Schools encourage students who are symptomatic to stay home and be tested.

- Daily screenings are important. If your child is not feeling well, keep them at home.
- Symptoms to look for: Fever of 100.4, new or worsening cough, difficulty breathing, new loss of taste or smell. Other symptoms to be watching for: sore throat, nausea, vomiting, diarrhea, chill, muscle pain, extreme fatigue, severe headache, and nasal congestion/runny nose.

What to do if:

Test Positive for COVID-19

Regardless of vaccination status, would do one of the following:

1. Stay home for 5 days. If asymptomatic or symptoms are resolved after 5 days, you may return to school, with a mask recommended through day 10.
2. Stay home for 10 days. If asymptomatic or symptoms are resolved return day 11 with no mask.

Household Exposure

If vaccinated or have received a positive test in the last 90 days, students do not quarantine unless they develop symptoms. If symptoms develop, you would follow the positive test protocol.

If unvaccinated, do one of the following:

1. Stay home for 5 days. Test on Day 6. Return with negative test and mask recommended until day 11.
2. Stay home for 10 days without a COVID test. Return day 11 with no mask.

Other Exposure/Close Contact

Required: Daily screen for COVID like symptoms.

Return to school and monitor for symptoms. Mask recommended.

If you develop symptoms or test positive you will follow the positive test protocol.

Activities: MSHSL requirements

- Follow ROCORI positive test or symptomatic guidelines on returning to school
- ROCORI will follow [MSHSL guidelines](#) on return to practice and play.

How are Days Counted

- Day 0 is the date of student's positive test or first day of symptoms
- Day 1 is the first full day after a positive test or symptoms start

Notification

ROCORI will monitor and inform our families about positive cases to the best of our ability.

A listing of recorded positive cases by building and classroom is available on the district website. Families should check this document regularly for instances of close contact and exposure.

ROCORI Schools reserve the right to use a reset for a class, grade level, pod, building or district should an outbreak occur calling for action.

ROCORI SCHOOL DISTRICT

Continued Mitigation Strategies

- Self-screen at home for symptoms of illness. If you are ill, stay home.
- Distancing will be done as much as possible
- HVAC systems are running to maximize air flow.
- Cleaning practices continue to support mitigation of COVID-19.
- Temperature screens will be monitored.
- Staff and students will be encouraged to wash their hands often, sanitization stations will be used, and proper covering of mouth and nose during a sneeze or cough will be taught. Masking will be allowed at any time.
- Students and staff will be encouraged to use bottle filling stations with their own bottles for water consumption.

If you have any questions about the new protocols, please contact your child's building.
