MISSION

WELCOME!

Thank you for taking time out of your busy life to join us. We appreciate your presence and involvement.

The Agenda

We review a draft agenda prior to our meetings. The agenda may deal with curriculum, budget, personnel, facilities, school transportation and/or long-range planning. It includes supporting materials to assist us with decisions.

This meeting is a meeting of the Board of Education in public for the purpose of conducting the School District's business and is not to be considered a public community meeting. There is a time for public participation during the meeting as indicated in the agenda. We welcome your comments; however, we do ask that you abide by the guidelines of our Policy 0169.1. When your name is called, please stand and state your name, address, and topic. You will have three (3) minutes to speak. If your comment involves a problem with a student, employee, or Board member please do not address them by name. The primary role of the Board of Education is to listen and reflect on your comments. Sometimes Board members may respond or ask questions, but not always. Whether we respond or not, your input is valued.

Thank You for Supporting Our Schools

School Board Members are elected officials who devote many hours to our schools. We serve on the Board because we care about providing high quality schools in our community. EXPENDITURES

The fiscal year 2022 adopted General Fund budget for the District is \$76,361,185. This budget, coupled with carryover encumbrances of \$2,173,525, resulted in a \$78,534,710 General Funds appropriation for FY 2022. The following information is a financial update of the status of this appropriation through November 30, 2021.

Through November 30, 2021 the District has expended \$30,910,847 and has outstanding encumbrances of \$3,431,481. This total of \$34,342,328 reflects 43.73% of the District's total appropriation. A statistical spending range for the District is based on two analyses: first, time elapsed is five months or 41.67% of the fiscal year has passed. Secondly, ten of twenty-four (10/24), or 41.67% of the total pay periods have passed. Figure 4 illustrates these points.

Figure 4

Overall, the District's encumbrance/expenditure level through November is slightly over the target based on the above analysis. As an examination of the categories of expenditures is performed, cyclical variances are noted between categories which relate specifically to school opening activities. Figure 5 compares the various expenditure categories to the expected level and to the prior two years. The three years of data will be beneficial for trend analysis performed throughout the year.

Figure 5

Figure 6

STRONGSVILLE CITY SCHOOL DISTRICT

July 1, 2021-November 30, 2021 Financial Report

As Figure 6 illustrates, salaries are slightly higher than last year for this time of year which is due to negotiated agreements. We will continue to closely monitor this area for the remainder of the fiscal year. Salaries averaged \$1.9 million in November which is similar to the \$1.9 million in October. Benefits are higher compared to last year which is primarily due to the increase in healthcare and other benefits cost. Healthcare premiums increased 1.37% in fiscal year 2022 from fiscal year 2021.

The current year Purchased Services and Materials categories indicate a 61.02% encumbrance/expenditure level for November. This encumbrance/expenditure rate is higher compared to the 49.34% from this point in time last year. These expenditures vary from year to year base on the timing of when goods are needed and the invoices are paid and received. In addition, many of the annual contracts are encumbered at the beginning of the fiscal year and then spent down during the year. This is consistent with prior years and the cyclical nature of school operations.

The capital outlay encumbrance/expenditure level, whose budget comprises only 1.53% of the total General Fund budget indicates a 42.01% encumbrance/expenditure level for November. This encumbrance/expenditure rate is mainly attributable to school opening cost (technology updates, hardware, etc.). It should be noted that the vast majority of on-going construction and permanent improvements projects are accounted for in other funds and therefore not reflected in the encumbrances/expenditures above.

Finally, the debt service and other objects category of encumbrance/expenditures, which mainly reflects the payment of principal and interest for the energy conservation and facility improvements debt, treasurer and auditor fees, and the transfer of monies to other District funds (as required by State regulations), is as expected as of November 30, 2021. Debt payments occur in November and May while the transfer of monies to other funds will occur in June.

July 1, 2021-December 31, 2021 Financial Report

EXPENDITURES

The fiscal year 2022 adopted General Fund budget for the District is \$76,361,185. This budget, coupled with carryover encumbrances of \$2,173,525, resulted in a \$78,534,710 General Funds appropriation for FY 2022. The following information is a financial update of the status of this appropriation through December 31, 2021.

Through December 31, 2021 the District has expended \$37,113,519 and has outstanding encumbrances of \$3,474,798. This total of \$40,588,317 reflects 51.68% of the District's total appropriation. A statistical spending range for the District is based on two analyses: first, time elapsed is six months or 50.00% of the fiscal year has passed. Secondly, twelve of twenty-four (12/24), or 50.00% of the total pay periods have passed. Figure 4 illustrates these points.

Figure 4

Overall, the District's encumbrance/expenditure level through December is slightly over the target based on the above analysis. As an examination of the categories of expenditures is performed, cyclical variances are noted between categories which relate specifically to school opening activities. Figure 5 compares the various expenditure categories to the expected level and to the prior two years. The three years of data will be beneficial for trend analysis performed throughout the year.

As Figure 6 illustrates, salaries are slightly higher than last year for this time of year which is due to negotiated agreements. We will continue to closely monitor this area for the remainder of the fiscal year. Salaries averaged \$2.0 million in December which is higher to the \$1.9 million in November. The increase is due to the payment of the certificated six-hours professional development payments that are made during the second payroll in December. Benefits are higher compared to last year which is primarily due to the increase in healthcare and other benefits cost. Healthcare premiums increased 1.37% in fiscal year 2022 from fiscal year 2021.

The current year Purchased Services and Materials categories indicate a 67.07% encumbrance/expenditure level for December. This encumbrance/expenditure rate is higher compared to the 57.67% from this point in time last year. These expenditures vary from year to year base on the timing of when goods are needed and the invoices are paid and received. In addition, many of the annual contracts are encumbered at the beginning of the fiscal year and then spent down during the year. This is consistent with prior years and the cyclical nature of school operations.

The capital outlay encumbrance/expenditure level, whose budget comprises only 1.53% of the total General Fund budget indicates a 44.09% encumbrance/expenditure level for December. This encumbrance/expenditure rate is mainly attributable to school opening cost (technology updates, hardware, etc.). It should be noted that the vast majority of on-going construction and permanent improvements projects are accounted for in other funds and therefore not reflected in the encumbrances/expenditures above.

Finally, the debt service and other objects category of encumbrance/expenditures, which mainly reflects the payment of principal and interest for the energy conservation and facility improvements debt, treasurer and auditor fees, and the transfer of monies to other District funds (as required by State regulations), is as expected as of December 31, 2021. Debt payments occur in November and May while the transfer of monies to other funds will occur in June.
