Name: Julie Moore

Current High School: Aloha

Transition Comment: my son currently goes to Aloha and will be a junior in 2017. my other son will be a freshman. Both are involded with AP Classes and Sports with Aloha. my concerns is with the new boundry my kids will be part of the move to the new HS. - this will not affect any of their peers. that they have gone to Elementary & middle School. I believe moving them would be a detrament to their education.
what are my options?

Date: 1-21-16

Name: John Mann

Current High School: Aloha

f.p.s. Transportation is not a concern. The new school is in easy driving distance

Boundary Comment: We live in an area that is marked
unresolved. Based on the current estimates of capacity
it makes little sense to keep our home in the Aloha
district. The move to South Cooper Mountain makes the
most sense based on the estimated census. With Aloha
at capacity and other schools near capacity, it makes
little sense ~~to~~ not to utilize the excess capacity
now at South Cooper Mountain. Because of our location,
our son is in numerous activities with children at
most of the affected high schools. I urge the
Committee to remove the unresolved tag and keep us at SCM.

Date: 1/21/2016

Name: Tom Law ~~JS~~

Current High School: ALOHA

Boundary Comment: Current boundaries for So. Cooper Mtn. only make partial sense. Excluding the SW end of Aloha's boundary (area south of Farmington Rd - Hazeldale Elem. area) is unwise as this area is geographically closer to So. Cooper Mtn. than the semi-shaded ^{purple-ish} area in the NE end of its boundary. Resetting this area to the original learning map will balance distances of travel and will reduce transportation costs. This will also help increase the diversity of So Cooper Mtn.

Boundary Comments

Thank you to Joth
from Beaverton HS
for your patience
and help with our
questions.

Date: 1-21-16
Name: Geni and Brian Slosser
Current High School: Aloha

Transition Comment:

We currently have students at Aloha HS,
Mt View MS and Chehalis Elem.

We are concerned that our undecided
neighborhood could result in our kids
moving to a different school with other
kids they didn't grow up with. (Example -
going to Mt. View then Southridge)

F.Y.I. Please consider Division St as a natural divider
for our neighborhood when selecting boundaries.
North of Division - apartments South of Division - single

family houses

Questions

Current High School: Aloha

Boundary

Transition Comment:

I like that you are trying to diversify the new school by going 160th to TV. I suggest you go 160th to Farmington & the last section go back to Bear. Tough traffic between TV & Farm makes it much longer commute. ~~Maybe offset by adding back to Aloha the title~~

Current High School: Aloha

General

Transition Comment: I think it is critical, to because so many families are fearful of moving to a "poor" school, to put \$ from our bond measure into Aloha (+ maybe Beaverton). Our physical structure works against us - talk about equity the wealthy families get the new schools + the low socio-economic families get the old structure with displeasing bathrooms, a lousy auditorium, old paint etc. Looks shouldn't matter, but they do.

Current High School: Aloha

*P.S. When you use the article below and combine the zip codes 97006 (ranked #7) and 97007 (ranked #2) they sold over 500 more houses than Bethany.

Transition Comment: As I spoke w/ a rep. from Aloha tonight she mentioned that the committee was trying to keep Westview and Sunset at a little lower capacity due to homes being built in those boundaries. However, according to the *Portland Business Journal Beaverton/Aloha zip 97007 sold only 200 houses less than Forest Heights/Bethany zip 97229, yet Aloha is at 100% capacity! This is not equitable for Aloha High Students. We now have the highest number of low SES students + the biggest class sizes. Our area is growing just as fast as Bethany and yet we carry the burden of low income families w/ the largest class sizes. Please remedy this! For full link to that article enter this address:
<http://www.bizjournals.com/portland/blog/real-estate-daily/2016/01/a-walk-through-portlands-25-hottest-neighborhoods.html#91>

Date: 4/21/10

Name: Jim & Scott Glass

Current High School: Albion

Transition Comment: We currently live near Chehalis ES + will attend Mt View HS. We are concerned that our children will attend middle school with a group of kids that will attend Albion HS and/or Beaverton HS with the current maps, but our neighborhood will be sent to Southridge HS where they know nobody. We understand that boundaries must change, but that care needs to be taken so that kids may move through the system with kids from their previous school.

Date: 11/21/2014

Name: Scott DEKKER (8985 SW 190th AVE)

Current High School: Aloha

Boundary Comment: With the current plan our children are scheduled for Aloha HS. In previous versions they were slated for S. Cooper Mtn, which we would prefer. The new high school is 3 miles from our house and can not understand why kids who live along TV Hwy would go to the new school when they are much closer in proximity to Aloha. I strongly believe the kids that live on Cooper Mtn. should be going to S. Cooper Mt. HS and not Aloha. Additionally, based on the projections Aloha will be at capacity, while S. Cooper Mtn. will only be at 80% capacity.

ALLOD ↓

The kids literally across the street from our house will go to SCMHS while we go to Aloha. Kids in the same neighborhood should be going to the same high school. I can not wrap my mind around how it makes sense to send kids in the "unresolved" area to SCMHS, ~~while~~ while our kids go to Aloha. Just from a logistical stand point some of the "unresolved" area is twice as far away from the new HS as we are.

I would propose send some of those kids to Beaverton & the balance to Aloha, and then drawing the North boundary for SCMHS along Gassner or Pang Roads.

Date:

1/21/16

Name:

Susan ~~and~~ Tinsley

Current High School:

Aloha

Boundary Comment:

I believe that the area bounded by 170th to the west and ~~the~~ Farmington to the north should be included in the new high school South Cooper Mountain.

Aloha is over-crowded and this pressure needs to be relieved so that this school has a chance to improve.

~~The~~ Our area considers itself part of Cooper Mountain area. We also are concerned about reinvestment of resources in our neighborhood;

because it is starting to decline. Many people are moving out and are ~~moving out~~ creating rentals. People do not ~~aff~~ have a strong affiliation with their high school and this needs to happen.

Date: 1/21/2016

Name: Dayna Grajewski

Current High School: Aloha

Transition Comment: - new map today aloha

- We are in the Hazedale school district & don't understand why we wouldn't be put in the New Cooper Mt South School. Let's ~~not~~ not over pack Aloha ~~area~~ to 100% capacity, let's use the new resources. Aloha needs to continue to focus on smaller class sizes to help improve performance. Research shows smaller class size, particularly with minorities & immigrants & disadvantaged kids there is a stronger student engagement, improved academic performance & long term success beyond test scores. Why stress Aloha at 100% capacity & stress students & teachers.

Do the right thing with the continued growth north of Farmington, the Hazedale district, & let that area be part of the under utilized new school to free up capacity & resources at Aloha so they can focus on individual student attention & learning.

Date: 1/21/2016

Name: TOM LAW

Current High School: ALOHA

Transition Comment: The current map does not seem to create a diverse environment at all schools. With Beaverton and Aloha serving the most diverse student bodies- while South Cooper Mtn has a very non-diverse student body. ~~Also, the current map is putting a lot of students from the Aloha area into South Cooper Mtn. This is a very poor decision. These students should be in Beaverton, Aloha, or Hawthorne. Within the south west end of Aloha moving to South Cooper Mtn. Please work to balance the diversity! When the Hazelclade Elem students were originally placed in South Cooper Mtn, the picture was more balanced for Aloha!~~

Also.... new - complete lack of balance for Sunset. Its embarrassing

to see the lack of economic mix in that school. That must be fixed!

Date: 01/21/2016

Name: Melissa A. Hoerner

Current High School: Aloha.

Boundary Comment: Currently I have a student at Errol Hassell elementary and at Mountain View Middle. Our neighborhood is south of Bany/East of 185th. Our neighborhood is picked out to go to new School but yet most all of Mountain View Middle goes to Aloha. This will be taking both of my kids from friends they've had 9+ years in school. If Mountain View Middle was either split more, where it was more of a 60/40 at least, then the kids would have some they knew going. This proposed plan looks as if it's only →

picking a small neighborhood out of Aloha. Why even take any then?
