As a family we are not impacted by the boundary change, however we have many friends who are. I feel a strong consideration needs to be given to allowing Juniors to stay at their current high school. Especially for those transitioning ~~to~~ or from an IB school. Changing from an IB school to an AP school after you have ~~started~~ the IB program is not fair to those students. They should be allowed to stay and begin the diploma program they have been preparing for. Thank you.

Please leave juniors and seniors at original high schools. The change is so dramatic district wide that the transition will be smoother with juniors and seniors together.

Transition Comment: My student will be a senior when South  
Cooper Mountain H.S. opens. I am concerned that  
her last year as a Beaverton student will  
be ruined by the loss of many of her friends  
who will now be in the South Cooper Mountain  
boundary.

Please consider allowing students who attended Scholls Heights Elementary to enroll at South Cooper Mt. H.S. regardless of boundary/address. For example, those who attended on admin. transfer. Keep this academic community intact.

Also, please consider offering open enrollment or admin. transfers to South Cooper Mt. H.S. for the freshman class and give preference to future sibling open enrollment/admin. transfers. Perhaps open enrollment would address reduced class size at SCMHS due to some students
