Date: 1/21/16.

Name: Deepa Rajesh.

Current High School: Westview.

Transition Comment: _____

I have a freshman in Westview this year who will be a junior when the transition takes effect. Junior year is going to be a stressful year with SAT & ACT prep in addition to taking challenging classes. I feel that it will be in the best interest of the students to not put added pressure on them of new high school and new program. Also they will have to abandon the teams they would have worked hard to get in.

Date: 11/21/16

Name: Brenda Stober

Current High School: Westview

Transition Comment: Please consider allowing students to remain at their existing high school. My daughter will be going into her junior year and switching schools would be difficult; socially & academically. Westview is an AP school & Sunset is an IB school. It would be difficult to change "course" midway through ~~the~~ high school.
Thank you for your consideration.

Transition Comments

WELCOME...to a special meeting of the Beaverton School District. The Committee welcomes your participation and feedback. Please give us a brief description of your topic and concerns. Be sure to hand this completed form to a Committee Member before leaving.

Date: 1/21/16

Name: Avery

Current High School: Westview.

Transition Comment: ~~Seniors and Juniors~~ Seniors and Juniors should be allowed to stay at their current high school. It is ridiculous to make upperclassmen switch from a school they have been at for 2-3 years, as well as switching from A.P.-I.B. Programs.

Transition Comments

WELCOME...to a special meeting of the Beaverton School District. The Committee welcomes your participation and feedback. Please give us a brief description of your topic and concerns. Be sure to hand this completed form to a Committee Member before leaving.

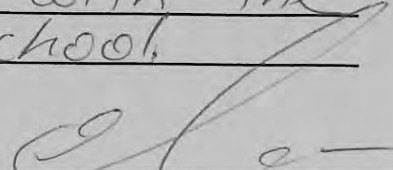

Date: 1/21/16

Name: Irina Malinov

Current High School: Westview

Transition Comment: Thank you for adjusting the boundaries of Sunset and moving them to the Bethany Blvd. I think it makes much more sense than the previous map. It will also be beneficial for the criteria of the feeder pattern:
Jacob Wismer → Stoller → Sunset

*I also hope that there will be no change in the Jacob Wismer boundaries with the addition of the new elementary school.

Name: SUBHADRA

Current High School: WESTVIEW

Boundary Comment: Grandfathering of current high school students.
Historically when new schools such as the Bonny Slope & the K-12 schools came up
it was started off with only either K or K & 6th grades and was slowly built
upon. Same when Sumner program was introduced. This allowed for a clean fresh
start for the students & community and less disruption to existing students.
Why can't this approach be adopted with the new HS? Having a junior move
schools during a very crucial period of HS is not a feasible option. Much is
at stake for the juniors & seniors & will impact them badly!
Isn't providing the best education for our students one of the guiding
principles of BSD? Then why not allow for grandfathering of all current
high school students & start only with 9th grade & grow the school!

Transition Comments

Date: 1/21/2016

Name: Cheryl McLaughlin

Current High School: Westview

Transition Comment: Moving students from one type of high school to another in the middle of their career is tricky. If a student starts at an AP school, they should be able to finish there. If they start at an IB school, they should finish there. This could all be solved if the new high school opens one grade level at a time. Freshmen could finish where they start. They could follow the same format all 4 years. Not to mention, stay with their friends, and sports teams.

Name: Subhadra

Current High School: Westview

Questions: Problems during college admission

Having the same physical address but moving schools in junior year and ranking high in the new school raises suspicion with college counselors. It will look as though the student moved to get a higher school ranking and/or due to other disciplinary issues. Also moving in junior year would pose a hard challenge to get into school teams for sports, science competitions and worst of all getting a good recommendation from the teachers who don't know you for long. Please include Juniors & Seniors in the grandfathering process.

~~Questions~~ Transition

Current High School: WESTVIEW

Questions: Valedictorian requirement is 3 years in the same school. So technically, juniors and seniors should be allowed to continue at their existing high school.

So grandfathering should include both juniors and seniors.

~~Questions~~ Transition

WELCOME...to a special meeting of the Beaverton School District. The Committee welcomes your participation and feedback. Please give us a brief description of your questions. Be sure to hand this completed form to a Committee Member before leaving.

Date: 01/21/2016

Name: Subhadra

Current High School: West View

Questions: School ranking, teacher recommendation

Junior year is the most stressful year for any student. With having to take ACT, PSAT, SAT + having to take 75 AP's before applying to college is a full plate. Now having to change social circle, try and get into school teams, build a relationship with teachers to get a good recommendation is additional burden.

Should the welfare of the students not be the foremost concern in this process? ~~the~~ Letting the kids grandfather & complete at the same school would be the most sensible thing in the best interest of the student.

Public comments for BSD High School Boundary Adjustment - 1-19-2016

We live in Oak Hills and my son will be a junior when he will be shifted from his pathway & AP Courses at Westview to IB at Sunset. These are two different programs and shifting a student in the middle of high school is a mistake. I don't agree to move juniors from their school when their next two years already have planned educational pathways. Students are moving into leadership positions and in the midst of PSAT & ACT testing. Research shows that student grades go down when they move schools and junior year is a vital year to maintain grades in planning for college.

My son has developed relationships with teachers, clubs, band and wrestling. This kind of shift affects a students academically, emotionally and socially. Juniors will lose out on leadership and higher level opportunities that start their Junior year. I have volunteered at WestView's career center as a student mentor and I have seen how moving students in high school affects their lives.

Oak Hills is closer to Sunset and should eventually move in the boundary change with the new incoming students. Grandfather in at the very least juniors and seniors, if not all students currently attending their schools. Students wishing to remain at their school can provide their own transportation. This decision helps maintain a good educational choice for all students.

Thank you for all your hard work in maintaining the best education possible for all BSD students.

Hilary Barrett

Current High School: Westview

Transition comment: Hello, I am here to give that BSD grandfather in the 2019 class @ Westview. My understanding is BSD pushes themselves on evidence based practice and yet I could not find one article in favor of moving HS students. How is it evidenced based to uproot children in the middle of their HS years?

As a mental health professional who uses evidence based practices, moving these kids can be devastating, and not in their best interest.

I was, however, able to find many articles talking about the impacts of moving kids in their HS years. One article by Marie Bauer-Waller, Ph.D. states: "The conventional wisdom about moving kids in high school is Don't." She goes on to say that moving kids during the latter part of HS can have serious academic, social, and psychological consequences that should be taken into consideration. While younger children teens are at a stage of life where they are beginning to separate from family toward independence & move back their HS can affect development.

A concern is that moving Junior year will affect so many things for our children - PSRTs, SATs, APs, Choosing colleges. Not to mention that the grades go in transcripts. My child is a 4.0 student & she can maintain that so many doors will open.

Her social world is also important. Sport team placement, debate teams - they've been on since freshman year... all clubs and activities all be affected, which again can affect self-esteem and morale anyway in and so their are crucial to their success. A varsity placement WV may not be varsity @ Sunset. BSD would be taking away the opportunity to letter in a sport that they have been doing.

WELCOME to a special meeting of the Severn School District

Index

Current High School: Washburn High School

Teacher Comment: Jim, we should be careful. It is not fair to give a letter to some people who I guess may not like it. They will have their family, sports, drama, clubs, & friends. How will they change from an A to a B person? How will they make money at the new school when the school doesn't give them more? How will they get involved in new sports or others - how do we get them to want to play basketball and football? How do we get them to want to play soccer or to play tennis? How do they have a school with other people that will have friends? How do they support it when their lives & family are affected & have moved to a new school? How could we make it something that would be fun, like?

please, please please allow parents to wish to
remain at their current school. Please don't
rip them out of their school, after 3 years. This
is emotionally damaging. It is cruel. It will ruin
the last 2 years of high school. My daughter will
lose all her friends, her sports teams, the chance
to play sports in college, and her school. She
will lose everything. She is devastated by this.
She needs to be enjoying the last 2 years of high school
& focusing on getting ready for college. Not dealing with
the emotional aspect of leaving her friends, sports teams,
& schools. I respectfully ask (beg) that you
grant the parent

Current High School: Westview

Transition Comments: My daughter will be a junior when she enters it
about 11th. The subject matter for her will be harder to go to school.
Some of her friends will be changing schools. She is worried
she will miss her friends. Please don't do this to her.
She plays multiple sports and wants to continue this when
she goes to the university. But her program ends 11th grade.
She will be as excited as I am about going to college.
She has already been to college. But she has to
wait for making sure. She wants to play football in
college. A great coach, who helped her to be

not going to college. She is worried. This could prevent her
from going into the job market or college.

She has a question. She wants to know if she can
continue to play football in college. She is worried
about it. It is part of her identity.
How can you take that away from her? She can't
just switch that to another sport. If you force
her to leave football, she'll eventually lose her sense
of self. She will lose her identity.

The district has a chance to help her to be
happy. Please do the right thing.

Please consider her future. You will make so
many people happy if you do this. You will
make so many kids happy.

Date 1/21/2016

Name Ning Hu

Current High School Westview

Transition Comment My daughter is currently transferred into an high school. Her school is Sunset. After boundary change she is a Sunset high school district. She will be junior. If she has to go to Sunset, it will be very hard for her. Westview is AP and Sunset is IB. It will be very hard for a junior student to transfer from AP program to IB program. I think the boundary change in 2017 should not affect new 9th grade. ~~It should~~ All the student in currently high school should not be transferred to other school. They should stay in current school. Junior year is very important for student.

They already established relationship with teacher, program, student, friend. ~~It is not~~ Go to a diff school will impact them a lot, especially for college application.

BEAVERTON SCHOOL DISTRICT

ASIDE: to a special meeting of the Beaverton School District. The Committee welcomes your participation and feedback. Please give us a brief description of your topic and concern. Be sure to send this completed form to a Committee Member before leaving.

Date: 1-20-2016

Name: Don Barr

Current High School: Westview

Transition Comment

This student will not have to change schools, but I am concerned for the Juniors who have to transfer. For example, a 3 student who had AP Calculus AB as a sophomore at Westview who might transfer to Sunset where they teach Calculus as the Junior level 1st math course. Also, some Juniors have a strong affiliation to a school via sports or other activities. Please consider allowing Juniors to stay at their current school through graduation.

Also, the Junior year is key to making connections to help with college applications in the fall of Senior year. It may be hard to build those relationships in only one year at a new school.

please don't hurt my child. Please don't take
her school away from her. It is her world.
please don't force jessica to change schools.

WELCHES is a special meeting of the Education School District. The Committee solicits your participation and feedback. Please give us a brief description of your goals and concerns. Be sure to hand this completed form to a Committee Member before leaving.

DATE _____

1. The first step in the process is to identify the problem or issue that needs to be addressed. This involves gathering information and understanding the context of the problem.

Current High School

[illegible]

Teachers are already involved in their schools. They are on an on-going track. They go to district meetings & district meetings should relate with the on-going for schools. Their school is the community & that world. How could the district ever consider forcing them to change schools after 3 years?

Please grandfather juniors!!! You
will help so many kids if you do that.
Please give juniors the chance to stay
at their current school.
