Question /Comment: I AM WRITING IN SUPPORT OF
KEEPING AREA #4 AT WESTVIEW HIGH SCHOOL

I APPRECIATE THE SCHOOL BOARD
FOR LISTENING TO OUR NEIGHBORHOOD
AND SEEING THAT THIS AREA DID
NOT MEET THE CRITERIA ESTABLISHED
AT THE BEGINNING OF THIS PROCESS.

AS A NEIGHBORHOOD LOCATED BETWEEN
WESTVIEW AND SUNSET, WE REALIZED
THE WE COULD BE ASSIGNED TO EITHER.
WHEN THE MAP EVENTUALLY SWITCHED
US TO ALOHA, WE WERE CONCERNED
WITH THE LACK OF PROXIMITY TO
ALOHA AND THE PHYSICAL DISCONNECT
WITH THE REST OF THE ALOHA COMMUNITY.

THANK YOU FOR FINALLY RESOLVING THIS ERROR.

Question /Comment:

I am the parent of two children : a
senior in high school and an eighth grader. I
am not happy about the potential change that
will be affecting my eighth grader. With the
proposed boundary change, he will be shifting
to Beaverton High School. Although this is not
ideal and I am not a fan of this move, he will at
least not be forced to attend two high schools within
his four year high school career, due to policy changes
Do any of you find the irony in the old phrase "hind-
sight is 20/20?" That's the class of students
that is being asked to move and attend three
different schools in three years. I'd like the school
board to please consider an exception for these students.

I have a perspective on moving that I would like
to share with you. My husband and I are both 50 years
old. He was raised in the same house and did not move
as a child. I, on the other hand moved between my
sophomore and junior year of high school. Moving high

school affects children. When I think of the friendships that my husband has been able to foster over his life, I cannot say that I have the same long-term friendships. He has friendships that span over 45 years. When children are uprooted from one school and sent to another friendships are changed. Now, a lot of explanations are given to parents that "Kids are resilient and they will do just fine. Most of them will."

However, there could be a student in the class of 2020 that will not do as well because of a loss of friendships. Friendships are made with common interests and events you experience together, and they are what make the already challenging time of high school easier to navigate.

I encourage you to allow student that have started high school be given the opportunity to complete high school at that school. Let the children choose if they wish to stay at their current high school. If a student's entire friend base is moving to a new school, ~~so~~ they will be more willing to shift to that new school.

Question /Comment: Although I appreciate the volunteer
hours the BAC contributed to this process,
I am very disappointed they will be
included in the final decision meetings.
Based on documented comments made
by the BAC, they are biased, have
been misinformed, and not one will be
directly affected by the proposed changes.
The SHS representative was ineffective
and unsupportive. The BAC was formed
to advise the Board and District. Their
voice is no more valued than the
parents who continue to participate in
these open house meetings.

Final thought: WHAT AREN'T YOU TELLING
THE WEST TV COMMUNITY?

(something very wrong and corrupt is going on
if West TV does not remain at sunset!)
