Question /Comment: _____

Transition Issues:

① Don't split families - let siblings stay together
e.g. 2017 I have a 10th + 12th grader
and the younger should stay at the
siblings school and finish there.

② Let all high schoolers finish
where they start. Otherwise they
are short-timers one/two years and
outsiders the rest.

Question /Comment: During the first openhouse meeting, the map presented
seemed reasonable, simple and clean relatively speaking.
However, the changes that have been made to the
current proposal appears to have a lot more gerrymandering.
Having boundaries that look like fingers, or wrap around
other boundaries is truly disappointing.

- Furthermore, this style/approach to districting
will only increase the bus transportation costs
and increase the school related traffic on the
public roads from private vehicles and school vehicles
alike.
- Additionally, this type of gerrymandering will not
foster community among the students at some schools
since they will live so far apart.
- Finally, consider something radical: allow students to
choose their school. This will foster competition
between the schools, ultimately improving overall
education.
