Current - Aloha // preliminary proposal - S. Cooper Mtn.

Question /Comment:

My concern lies in the transportation and safety of the proposed school boundaries. My neighborhood has been moved 3 times on 3 different boundary proposals - #1 - Beaverton, #2 - Aloha, #3 - S. Cooper Mtn. I currently live 1.5 miles from Aloha High School and nearly 5 miles, and on the other side of a mountain, from the new high school. Currently my son is a 6th grader at Five Oaks MS.....which is 3.5 miles away, and we live exactly 1 mile from Mt. View. He sits on a bus every morning and afternoon for 30-40 mins, when we are literally a 10 minute walk from Mt. View. My question is why propose boundaries that are putting kids significantly farther away from their closest neighborhood high school? How long will he be sitting on the bus every morning and afternoon to and from the new high school? And, what about the future new drivers that will be asked to commute over a mountain and traverse

Whindy roads to and from school for academics and extracurricular activities? I do not believe that the safety of transportation is being taken into consideration. My son has grown up in the Aloha High School family and community. He plays football for AYF, Lacrosse for AYL, and wrestles for AYW. He is very much looking forward to playing football at Aloha High School for Coach Volk. He is looking forward to being able to ride his bike, and walk to and from high school, as well as carrying a TON of pride knowing that he is a warrior and will be a warrior through high school. The Aloha community is a family. I ask that you consider geography and proximity, as they pertain to safety, when proposing school boundaries. Keep our kids close to their home high school.

Thank you for your time and efforts.

School attendance area: Aloha- and proud of it! Hope we get to stay.

Question /Comment: I have one major concern about the current
learning map. While I really appreciate the attempt to
balance socio-economic factors in our high schools; and I
think that taking the area between ~~160th~~ Murray & 170th
down to TV helps both Aloha & the new school in that
regard - and has good access for transportation - I really
would like the committee to seek out the people most
affected & actively seek their feedback. On the surface it
seems like an advantageous move to go from Aloha → S. Cooper mtn
but maybe it's not to them. These are poorer
families who may not have good access for after/before
school activities unless they are able to walk or ride bikes.
It may be hard for these parents to travel that far for
conferences or back-to-school etc. It would be very sad
to inadvertently put more obstacles in the way of these
students who already have obstacles. Also - what is their sense
of community that they may lose? I suspect they are less
aware of these issues & may need their voices sought out in

order to really be heard.

Perhaps you could have some specific listening sessions - by invitation
at Aloha High School.

Thanks for that consideration.

Question /Comment: _____

The Hazeldale community south of Farmington Road
would like to be included within the boundaries
of the new Cooper Mountain HS. This new High
School continues to be under utilized for capacity.
The schools in the north WestView and Sunset
are at maximum capacity with zero room for the
exposive growth at the north end of Bethany.
The new High School represents the best learning
opportunity for my children. Thank you for your
consideration and efforts.

Question /Comment: _____

Please consider The original line of Gassner Rd
as the cut off for The Cooper Mtn neighborhood.

- Consider Rd murray to #170th back to
Aloha to stabilize the AP classes by keeping
The large neighborhood of active middle income
to high income families.

- AP & IB must be discussed as a community &
by the school board before a decision is made.
Community Input & Go back & put
down boundaries & Then discuss academics.

Question /Comment:

I am glad to see that the
committee has reduced the
overcrowding at Aloha High School (in
the new map). The committee should continue to
balance low income and high
income at Aloha. It is apparent
from the ~~comments~~ comments at
the public hearing and at the public
viewing hearing that Aloha is perceived
as the ugly stepchild of the Beaverton
School District and this is a very
sad state of affairs. More must be done
to improve this school.
