

2022/2023 STUDENT APPLICATION MIDDLE SCHOOL (GRADES 6-8)

STAGE I: PARENT VISIT

Virtual tour of school and /or attendance at the virtual Middle School Information Night (Thursday, March 3, 2022)

STAGE II: WRITTEN APPLICATION

All completed applications must be received by **March 31, 2022**, to be considered in the first round of the admissions cycle. Applications received after that date will be reviewed if spaces are still available. Acceptance decisions will be made by May 6.

Please review the enclosed application instructions and check list on the inside back cover.

STAGE III: STUDENT VISIT

All-day visit to Countryside School for applicants for whom there is a potential opening. Masks must be worn during the visit, regardless of vaccination status.

Nondiscrimination Policy: Countryside School admits academically qualified students of any race, color, national and ethnic origin to the rights, privileges, programs and activities generally accorded or made available to students at the school. It does not discriminate on the basis of gender, sexual identity, race, color, national and ethnic origin in administration of its education policies, admission policies, scholarship programs, and athletic or other school-administered programs.

Dear Prospective Family,

Thank you very much for your interest in Countryside School! We offer a unique educational opportunity for middle school students, with exceptional preparation for high school in a warm and secure environment.

Countryside School enrolls students through an application process. The procedure helps identify students who will most benefit from the philosophy and goals of the school program.

To qualify for admission, a student should be working at or above grade level in all subjects and be able to work successfully in the Countryside environment, as evidenced in Stage III of the application process.

Enclosed is an Admission Application Packet for Middle School. Parents are requested to visit the school on a virtual tour before the written application is submitted, so that you may better understand the mission and philosophy of the school before making a decision about application for admission. You and your student are also invited to attend the **Middle School Information Night Webinar** on **Thursday, March 3**, at 7 p.m. (Preregistration is available on our website.) In-person student visits are scheduled as part of the final stage of the application process.

If you have any questions relating to the procedures or forms, please contact me. Again, thank you for your interest in Countryside School. I look forward to seeing you.

Sincerely,

Thank you for your interest in Countryside School.

Countryside School is an independent school for grades K-8 that fosters high academic achievement, develops creative and critical thinking skills, and emphasizes balanced growth - intellectually, physically, emotionally, and socially - for every student.

For more information, please visit our website
www.countrysideschool.org

INDEPENDENT. SINCE 1992.

Countryside School is fully accredited through the Independent Schools Association of the Central States (www.isacs.org), is a member of the Illinois Coalition of Non-Public Schools, and is recognized by the Illinois State Board of Education. The extensive ISACS accreditation process, which must be repeated every seven years, assures that the school adheres to the highest quality educational and operational standards, and it holds the school accountable for achieving our mission *Joy in Learning, Excellence in Education*.

WHAT IS AN INDEPENDENT SCHOOL?

Independent schools are unique. Each was founded with a distinct mission – a specific, distinct approach to education. These schools are supported through tuition dollars, and do not receive any government funding. Such schools usually belong to an accrediting organization. Countryside is a member of ISACS (Independent Schools Association of the Central States).

TECHNOLOGY INFORMATION

Countryside uses the model of Bring Your Own Device (BYOD) for middle school students. BYOD programs enhance student learning in the following ways:

- Students who bring their own devices from home are already familiar with and comfortable using the device, thus increasing productivity.
- Students take care of and are responsible for their device, leading to better outcomes in digital citizenship.
- Having the same device at school and at home creates a seamless opportunity for learning.
- Students' mobile devices tend to be more cutting-edge than what we as a school can provide.

We do not recommend any specific device over another. Students can use a laptop, Chromebook, or tablet with attached keyboard.

Students are provided with a school email account for our Learning Management System.
