

January 2022

PARKLAND HIGH SCHOOL

Parent Newsletter

All information in this newsletter is subject to change.

From the principal's desk

Dear Parents and Guardians:

Each new year is marked by resolutions and opportunities for a fresh start for students, parents, teachers and administrators. At PHS, students will quickly be reacquainted with their curricular opportunities as our course registration process begins as soon as we return in January. This month each student's 2022-2023 educational program will be created through various meetings with teachers, counselors, parents, and administrators.

Parkland High School offers a rigorous and standards aligned curriculum for students of all ability levels. For the 2022-2023 school year our students will receive a course offerings menu unparalleled in its diversity and quality. Students currently in grades 9, 10 and 11 will receive their course registration books along with live virtual instruction to walk them through the course registration process during an extended homeroom period on Monday, January 3, 2022. **A link to a virtual presentation with specific information from administration, counseling and academic departments regarding the course registration process will be emailed to parents of these students on Tuesday, January 4.**

Similar to years past, PHS utilizes online registration. Students will use Home Access Center to see teacher recommendations and choose their courses for next year. Instructions will be sent via SchoolMessenger to all parents prior to the new year. **Students should complete their initial course registration selections by Friday, January 7.** Throughout the months of January and February counselors will meet with your child during English classes to finalize the course selection process.

Continued on page 2

From the principal's desk

Continued from page 1

The high school and middle schools use a team approach to provide course registration information to our current 8th grade students and parents. Activities involving career inventories will take place at the middle schools in early January to aid our students in selecting a career pathway. Course registration books will be provided to all Parkland 8th grade students during a presentation at Parkland High School on Wednesday, January 5, 2022. All parents of 8th grade students at Orefield and Springhouse are invited to and should attend a **"Parent Meeting for Course Registration for the Class of 2026" on Thursday, January 6, 2022 at 7 PM in the Parkland High School Auditorium.**

All 8th grade students must submit their 2022-2023 course requests online through Home Access Center by Friday, February 4, 2022. New to these parents and students will be the selection from various elective programs which are available at the high school. Parents will also receive directions to support them through this course selection process. Throughout the months of January and February, teachers, counselors, and administration will assist your child with the course selection process.

Just a reminder for parents: Students who did not yet demonstrate proficiency on **Keystone Exams** will be retested on January 4 and 5 (Literature), January 6 and 7 (Algebra), and January 11 and 12 (Biology). **Just a reminder that we are not administering midterm exams during the third week of January.** Wednesday, January 19 and Thursday, January 20 will be full days of school. On Friday, January 21, we will have a 1 PM dismissal.

Our **winter sports teams** are off to an outstanding start to their seasons. It may be the off-season for some sports, but you would be impressed with the dedication our athletes show while training to always improve. The gymnasiums and weight rooms are used every night in preparation for next season's goals. **If you didn't hear about this yet, our wrestling team, led by PHS Science Teacher Mr. Jon Trengre, is currently undefeated with a record of 8-0.** The basketball and swimming teams are off to successful starts as well and look forward to excelling in 2022.

Congratulations to our music program on their wonderful winter concert performances this past month. Having live performances and audiences was such a great reminder of why we value the arts here in Parkland. The exceptional quality of their concerts showcases the talents of our students, their incredible work ethic, and the passion shared by our music educators and students.

Happy New Year!

Sincerely,

James E. Moniz II
Principal
Parkland High School

- Lunch periods are assigned during periods 4, 5, 6 or 7.
- PM LCTI students will eat lunch period 4 or 5 and are dismissed at 11:25.
- AM LCTI students will eat lunch at LCTI and return for class Period 6.

- ❖ Students who are approved for "early dismissal" must leave the school building and property immediately upon dismissal.
- ❖ Students who are approved for "late arrival" may not enter the school until 10 minutes before their first class.
- ❖ All students must leave the school building and property immediately upon dismissal unless they are involved in a PHS-sponsored and supervised, after-school activity.

Counseling corner

Course Registration

The registration and scheduling process for the 2022-2023 school year begins at Parkland High School during the month of January. Throughout the next few months, students will be selecting courses that best meet their academic goals, administrators will be calculating student enrollments, staffing assignments will be prepared, and a master schedule will be created for next school year.

To begin the registration process, all students, eighth through eleventh grade, will receive a copy of the 2022-2023 Parkland High School Course Study Guide. This is a valuable resource and reference guide for students and parents selecting a program of study for the next school year.

Several informational meetings will be held for parents and students throughout the month of January to highlight new course offerings, review graduation requirements and provide guidelines for selecting appropriate course levels. Parkland High School will once again have students register via the **Online Course Registration** process.

Students will receive instruction on how to enter their courses on **January 3**.

Students will then have until **June 7 at 3 PM** to enter their courses.

From Monday, January 10 through Friday, January 14, students and parents can review course selections and teacher recommendations, and make necessary changes.

More detailed information regarding the online course registration process will follow. Planning your child's program of study is one of the most important tasks completed each school year. Counselors, faculty, and administrators will work closely together to guide your child through this important process.

Juniors: College Admissions Testing

SAT

Juniors interested in taking the SAT should select and register for a March, May, June and/or August test.

Registration for the SAT is now available online at www.sat.org/register. Juniors should carefully plan their spring testing schedule and follow the registration procedures required by the College Board.

ACT

Juniors may also want to consider the ACT as a college admission test option. The ACT is offered in February, April, June and July in the Lehigh Valley.

Students can register for the ACT at www.act.org/student.

All colleges and universities will accept the SAT and/or the ACT for admission purposes. Please feel free to consult your counselor if you have any questions.

Seniors

Order your Cap and Gown today

Every graduating senior who wishes to participate in the 2022 Commencement Ceremony must have a cap and gown from Jostens.

Place your order by **January 31** before the \$10 price increase goes into effect.

Visit www.Jostens.com to place your order.

"Snow falling soundlessly
in the middle of the night
will always fill my heart
with sweet clarity."

Visual and performing arts

Trojan Art Gallery

Parkland High School Painting Students will have their paintings on display in the Trojan Art Gallery during the month of January.

During December, we were delighted to welcome back live concerts in the high school auditorium. The high school choruses, bands, and orchestras were all able to present their annual Winter Concerts to parents, families, and members of the Parkland Community.

On December 12, **The Parkland Chorale** performed their seasonal concert at Neffs Union UCC. It was great to reestablish this community tradition by welcoming audiences for an evening of choral music. [\(photo 1\)](#)

Strolling Strings and **Chorale** were busy in the month of December spreading holiday cheer around the Lehigh Valley. Both groups were active throughout the community sharing their time and talent with area organizations including Greater Lehigh Valley Chamber of Commerce, Lehigh Valley Health Network, and Lehigh Valley Country Club. Dance Team was also in action at the North Whitehall Township Tree Lighting Ceremony.

Parkland High School Dance Teams [\(photo 2\)](#) and Jazz Bands began their performances at home basketball games. After months of rehearsals, our students are eager to show off their talents. Be sure to check out a game this month to support our athletic teams as well as our fantastic student performers.

CONGRATULATIONS

PMEA District 10 Orchestra

Congratulations to the following students who have qualified for PMEA District Orchestra:

Violin: **Yechan Cho, Joshua Chou, Julian Ettinger-Finley, Rachele Grigoli, Erin Joo, Lucas Le, Giovanni Poloni, Imaan Saeed, Tariq Shahid, Andrew Song, Ella Wu** and **Ryan Wu**

Viola: **Victor Cai, Joanna Choi** and **Brooklyn Vasquez**

Cello: **Harrison Kim, Graham Smith, Brynn Suhocki, Kevin Tong** and **Taehyuk Yang**

String Bass: **Isaac Daniels**

Trumpet: **Mitchell Roth**

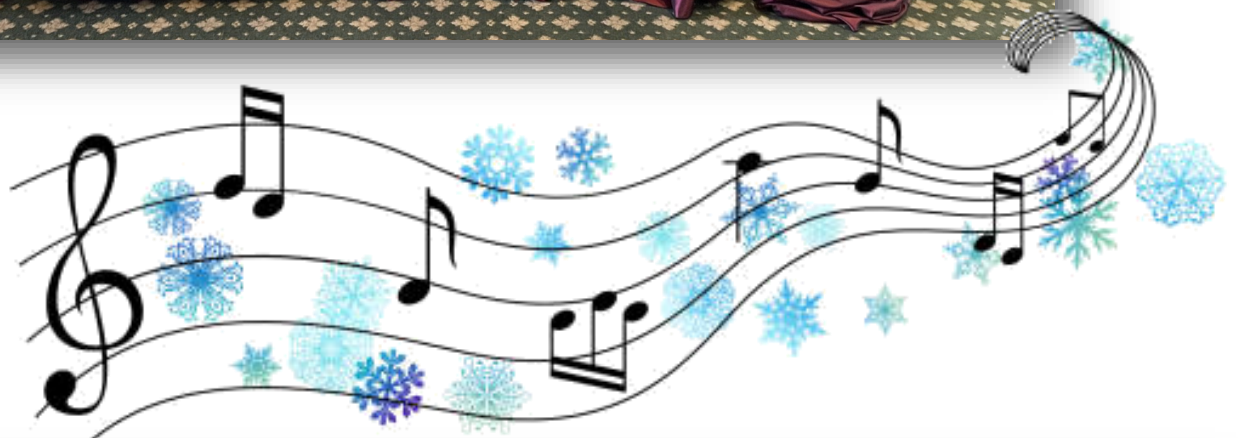

PMEA District 10 Band

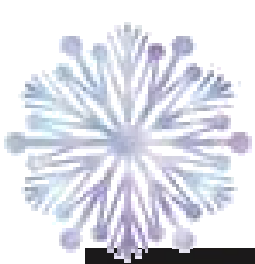

Congratulations to the following students who have qualified for PMEA District Band.

Bass Clarinet: **Meredith Schmoyer**

Trumpet: **Andrew Hill** and **Mitchell Roth**

Baritone: **Isabella Landis**

Athletic news

Winter Sports

Girls and Boys Swimming, Basketball and Wrestling are underway.

All other sports post season will take place in February and early March.

Good luck to all of our Winter Athletes and Coaches.

Cheer Team to Compete for District Championship

Cheer took second place in the EPC Competition and will compete on January 8, 2022 for a District Championship.

The first day of Spring Sports is Monday, March 7, 2022.

Spring Sports Physicals
Saturday, February 12, 2022
at Parkland High School
8 - 11 AM
by Appointment Only

Spring Sports Physicals are free of charge. No student can participate in a spring sport without a full PIAA physical. Recertification forms may be used for spring if athletes had full physicals for a fall or winter sport. The Parkland Athletic Department understands that it may not be convenient to come to our scheduled free physical event. However, those who miss must get a PIAA physical on their own prior to March 1, 2022. Paperwork for it is on the PHS [website](#) under Forms. All Parkland athletes must get an ImPACT test once during their four years at PHS and before participation.

Health Room Updates

Flu season complicated by the pandemic

The flu season continues to be in full swing through April and again this season it is complicated by the pandemic. It is recommended that your student receive their flu vaccine at this time. Please check with your doctor to have a flu vaccine scheduled.

Utilize the [Health Screening Tool](#) on the District Website to assist you in determining if your child should attend school.

Stay home when sick

To help stay healthy and decrease the spread of illness in the school, we are encouraging all families to adhere to the following guidelines for sending your child to school.

Please keep your child home from school (even if they have a test or sporting event) if he/she is experiencing any of the following symptoms:

- Fever of 100 degrees or more
- Vomiting
- Diarrhea
- Severe head cold
- Persistent cough
- Severe sore throat

These are the same criteria the Health Room uses as guidelines when sending students home ill from school.

Students should not return to school until they are fever free for twenty-four hours without the use of fever-reducing medications.

Health forms available online

All **Health Forms** are available
on the PHS Website under
Health Services [here](#).

Juniors:

Return Completed Physicals to the Health Room

All eleventh grade students should
return their physicals to the Health
Room as soon as possible.

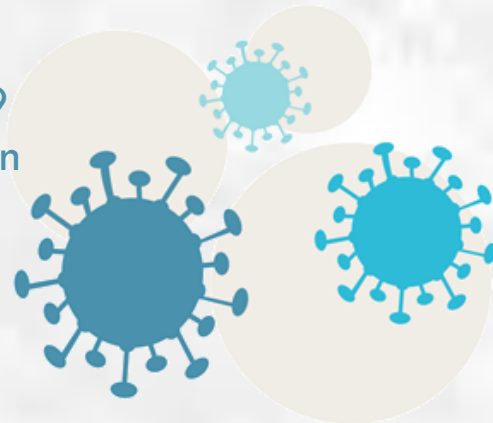

Immunization Requirement

The meningitis vaccine is required on or after your
student's 16th birthday. Students in grade 11 will
be required to have this immunization on the first
day of their senior year. The eleventh grade
physical is a good time to be sure this
immunization is completed. Forms are available on
the website.

COVID-19 Information

For information
regarding the
**Coronavirus
(COVID 19)**,
please see the
[district website](#).

As always, if you have any
questions for the Health
Room do not hesitate to
call.

“Snowflakes are one
of nature's most fragile
things, but just look
what they can do when
they stick together.”

VESTA M. KELLY

Driver's Education

Tips for Driving in the Snow

Stay home.

Only go out if necessary. Even if you can drive well in bad weather, it is better to avoid taking unnecessary risks by venturing out.

Drive slowly.

Always adjust your speed down to account for lower traction when driving on snow or ice.

Accelerate and decelerate slowly.

Apply the gas slowly to regain traction and avoid skids. Do not try to get moving in a hurry and take time to slow down for stoplights. Remember: It takes longer to slow down on icy roads.

Increase your following distance to five to six seconds.

This increased margin of safety will provide the longer distance needed if you have to stop.

Know your brakes.

Whether you have antilock brakes or not, keep the heel of your foot on the floor and use the ball of your foot to apply firm, steady pressure on the brake pedal.

Don't stop if you can avoid it.

There is a big difference in the amount of inertia it takes to start moving from a full stop versus how much it takes to get moving while still rolling. If you can slow down enough to keep rolling until a traffic light changes, do it.

Don't power up hills.

Applying extra gas on snow-covered roads will just make your wheels spin. Try to get a little inertia going before you reach the hill and let that inertia carry you to the top. As you reach the crest of the hill, reduce your speed and proceed downhill slowly.

Don't stop going up a hill.

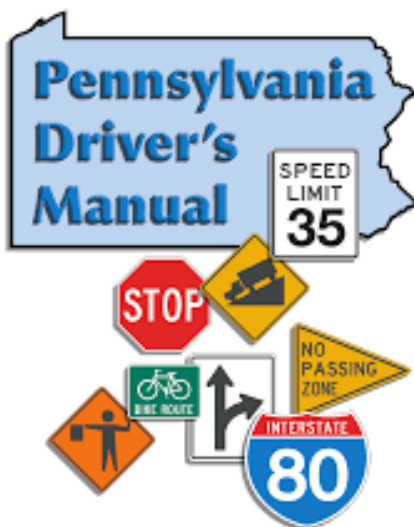

There is nothing worse than trying to get moving up a hill on an icy road. Get some inertia going on a flat roadway before you take on the hill.

WINDY,
WINTERY,
WISHFUL

JANUARY

Driver's Education Theory Course Certificate of Completion

If you have the Driver's Education Theory Course during the first semester, Marking Periods 1 and 2, all students receiving a passing score will be issued a Certificate of Completion. Parents, please ask your child for it and file it with your automobile insurance policy. This is important for the following two reasons:

1. A copy must be submitted to the CLIU-21 if your child is interested in completing the Behind-the-Wheel Driving course. For complete information go to www.cliu.org; click on Departments, scroll down to the 'key' icon for Driver's Education. Specific questions should be directed to 610-769-4111, ext. 1299.
2. Most insurance companies offer a driver's education discount. Submit a copy to your insurance company when you add your child to your policy.

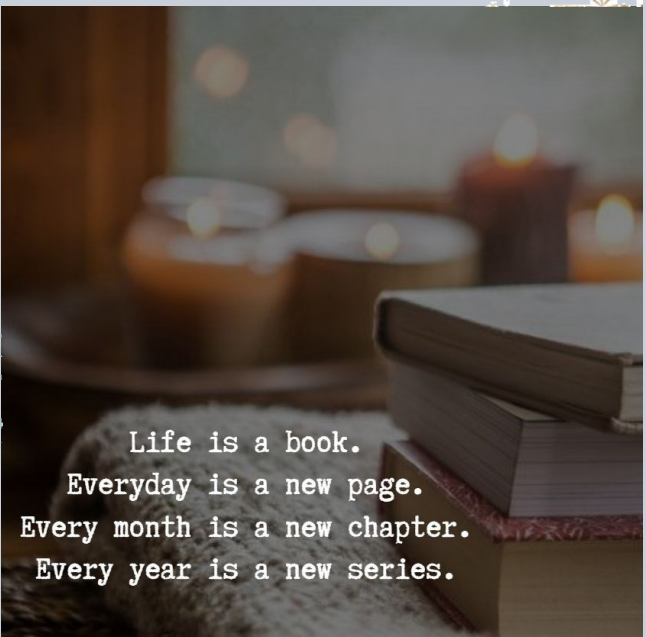

Good luck and safe driving.

Library lines

Library Resolutions for the New Year

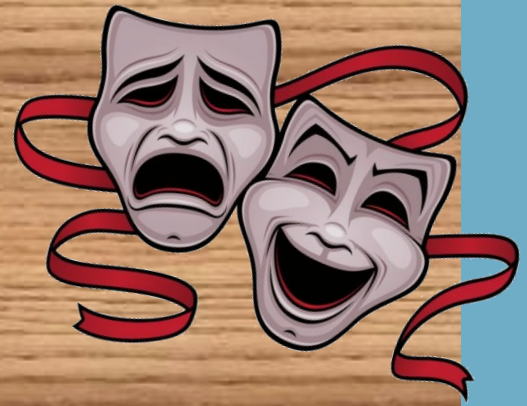

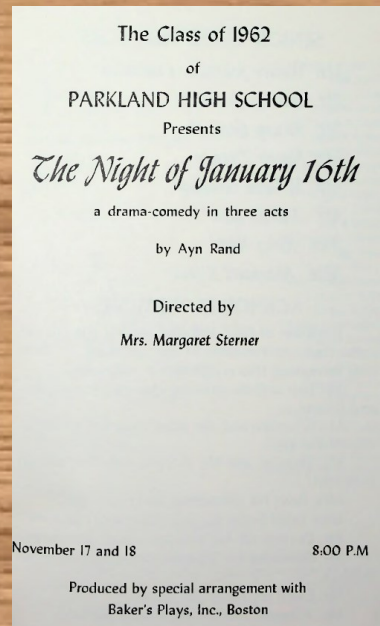

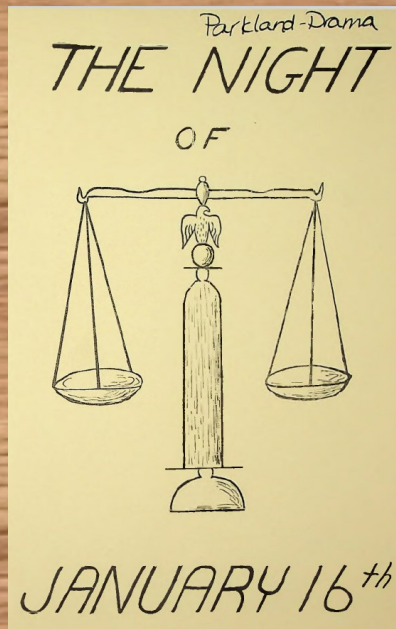

1. Read more books.
2. Try an audio book on SORA.
3. Use a database for a class project.
4. Try a project in the makerspace.
5. Read a new genre.
6. Try non-fiction.
7. Drop in for a study hall.
8. Come in after school for Walk-in Tutoring.
9. Download an e-book on SORA or Destiny.
10. Get citation help from a certified school librarian.

Life is a book.
Everyday is a new page.
Every month is a new chapter.
Every year is a new series.

Student Assistance Program (SAP)

Peak Performance Program for Students and Peak Performance Program for Coaches and Parents of Athletes

There are approximately 7.6 million high school athletes in the United States. The competitive dynamic has increased and performance anxiety for student athletes, as well as a willingness to do whatever it takes to gain a competitive edge.

To address this challenge, Caron's Education Department developed the Peak Performance Program, a program for student athletes, and the Peak Performance Program for Coaches and Parents of Athletes.

This free, one-hour program includes the following topics:

- * Explanation of the unique risk factors that make athletes more vulnerable to substance abuse than non-athletes.
- * Scope of substance abuse for athletes.
- * The impact of commonly abused substances on athletes and the effect on performance.
- * Ways to maintain peak performance without the use of substances
