2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	
Intern Credential Holders Properly Assigned	
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)	
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)	
Unknown	
Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Los Alamitos Unified School District sets a high priority upon ensuring that high quality, standards-based textbooks and materials are available for every student to support instructional programs in the schools.

Prior to adoption, the Los Alamitos Unified School District conducts a thorough review of its curriculum to ensure that it is aligned with the State Frameworks and high academic standards. Under California law, the State Board of Education reviews K-8 textbooks and other instructional materials and then adopts those meeting specific quality standards. In the Los Alamitos Unified School District, textbooks considered for adoption are carefully reviewed by a committee of teachers and administrators. The most promising programs are piloted using established criteria and guidelines. The recommended books are then approved by the Los Alamitos Unified School District Board of Education.

To receive State instructional funds, the Los Alamitos Unified School District ensures that it has fully complied with the requirements of Education Code Section 60119. The District has also conducted an annual public hearing ensuring the sufficiency of instructional materials.

Each school maintains a library/media center which is supported by District and State supplemental funding.

School Facility Conditions and Planned Improvements

The Los Alamitos Unified School District has always emphasized the importance of a clean, safe environment for learning. The environment of each campus is a matter of pride for students, staff and parents. Several schools have planted individual gardens, organized workrooms, and planned workdays for students and parents to enhance the facility. To insure that our facilities are in good repair condition, custodians at each site perform monthly safety inspections and the District maintenance crew places safety as the number one priority.

Oak Middle School was built in 1962. Overall the school is in good condition. It is clean and well maintained. Voters within the District boundaries approved a local bond in 2008. Due to the passage of the Measure K Bond in 2008, all school sites within the District were modernized. The modernization work included the installation of new roofs, electrical, HVAC, plumbing, fire alarm and data systems. The doors, windows and flooring were replaced along with all new restroom fixtures. The modernization of Oak Middle School was completed in December of 2014. A new Well Space was added to the campus to provide a safe and welcoming place for students to access support with mental health and well being. Additional information about the condition of the school's facilities may be obtained by speaking with the school principal.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

The community actively supports the school through the PTA, School Site Council, and Oak's volunteer program. Parent volunteers donate hundreds of hours of time to help the school with student registration, choir and band activities, fundraising activities., student activity days, as dance chaperones, PAW press volunteers and by their participation at Back-To-School and Open House evenings. There is an established parent education program sponsored by the PTA which offers training in areas of identified need. For more information about opportunities for parent involvement at Oak, please contact the school office. The Los Alamitos Education Foundation(LAEF) is a community-based, non-profit organization which was formed in 1985. It consists of concerned community members working together to raise money to maintain and improve the quality of the schools of the Los Alamitos USD. The Foundation has a commitment of fundraising for class size reduction, intervention classes, and technology. Contact information: Los Alamitos Educational Foundation, P.O. Box 1210, Los Alamitos, CA 90720 or on the web at www.laef4kids.org.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21
Suspensions	2.60	0.45	2.10	0.24	3.47	0.20
Expulsions	0.00	0.00	0.00	0.01	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20

2021-22 School Safety Plan

Each site has a comprehensive School Safety Plan (CSSP), an Emergency Preparedness Plan, and a Crisis Intervention Plan. These three documents cover all aspects of campus safety. The plans are on file and available to all parents as well as the general public. The CSSP is reviewed and updated on an annual basis by the School Site Council, and subsequently Board Approved. The CSSP is also on file at the Orange County Department of Education. The goal is to ensure a healthy, safe and drug free environment on all of the LAUSD campuses.

2018-19 Secondary Average Class Size and Class Size Distribution

This table displays the 2018-19 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Subject	Average Class Size	Number of Classes with 1-22 Students	Number of Classes with 23-32 Students	Number of Classes with 33+ Students
English Language Arts	30	4	28	24
Mathematics	27	7	10	14
Science	32		13	13
Social Science	32		16	10

2019-20 Secondary Average Class Size and Class Size Distribution

This table displays the 2019-20 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Subject	Average Class Size	Number of Classes with 1-22 Students	Number of Classes with 23-32 Students	Number of Classes with 33+ Students

Professional Development

The primary areas of focus for staff development are the District's *Signature Practices*: Cognitively Guided Instruction (CGI), Readers & Writers Workshop, Reading Foundations for the Common Core (RFCC), Thinking Maps and Depth and Complexity. Student data is collected via District benchmarks and various formal assessments, such as CAASPP and Fountas & Pinnel Leveled Reading Assessments, to determine instructional needs for teachers. The District provides annual training to ensure accurate calibration in the administration of reading and mathematics assessments in order to assess site vs. district-wide areas of concerns.

Professional development is delivered by way of release time for teachers in the all of the Signature Practices. Teachers new to the Los Alamitos Unified School District are placed on a five-year professional development plan. Teachers are placed into cohorts according to the number of years with the District and attend professional development sessions. Teachers are also released to attend pre-approved workshops and conferences with the expectation of disseminating their findings by way of instructional networking. The District also provides content specific training when needed by departments or grade level teams. Teachers are supported through on-going, in-class coaching by District TOSAs. Site administrators provide regular, ongoing feedback by conducting classroom observations, setting individual goals for teachers, and by providing time for teachers to collaborate and review data within grade level teams, subject teams and departments. Teachers are provided opportunities to participate in instructional networking where teachers observe other teachers and debrief on the instructional strategies employed within the lesson. The practice of instructional networking is cross-curricular and non-evaluative.

At Oak Middle School, all English teachers participate in the Shared Inquiry Development through the Great Books Foundation. In addition, the math department continues to participate in the Stanford math project, work with site mentors and district TOSA's. Many of our science department teachers participate with our district science TOSA to increase knowledge in NGSS. Ambitious Science training is provided as an optional resource for the science team. All teachers at Oak utilize the Wednesday early out for PLC. This year we are working with Challenge Success team at Stanford University to identify success of current practices in support of overall wellness of both students and staff. In addition, many teams use additional days to create common assessments.

Due to COVID -19, Professional Development has been reduced for the 20-21 school year.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.

2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with "NT" values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.
