2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Eastside High School, home of the Lions, is located in the Antelope Valley, about 60 miles northeast of the Los Angeles basin, in Los Angeles County in the high desert at 3200 East Avenue J-8, in the city of Lancaster. Formally a rural community, the area is rapidly becoming urban/suburban. The Antelope Valley's total population of approximately 340,000. Many parents commute to the Los Angeles area to work.

Eastside High School is the eighth and newest comprehensive high school in the Antelope Valley Union High School District that serves 23,000+ students and another 2,000 adult education students. The student body is composed of students from three primary feeder schools from Eastside Elementary School District and the Lancaster Elementary School District. The high school district and elementary district are not unified. The majority of students provide their own transportation to school, but buses are currently serving students who live more than three miles away. The school serves 9th - 12th with a projected enrollment of approximately 2500 students.

School Mission/Vision Statement:

Mission

Eastside High School is dedicated to empowering and inspiring students to strive for success, to set goals, and to become lifelong learners. This is achieved in a safe, mutually respectful learning community that provides students with the skills and knowledge necessary to succeed in today's technologically connected and global society.

Vision

EHS students will graduate with the skills and adaptability necessary to achieve their own personal goals and compete in an ever-changing world.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	
Intern Credential Holders Properly Assigned	
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)	
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)

Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

2020-21 Career Technical Education Programs

Eastside High School Career Technical Education (CTE) academies and pathways reflect an integrated approach to college and career preparation. Academies are small learning communities where students are cohorted and take courses together. The Biomedical Academy, a Gold Certified Linked Learning Academy, is a comprehensive program that includes rigorous academics and a four-course sequence in the Health Science and Medical Technology industry sector. The Education and Social Service Careers Academy provides a foundation for students to continue their career pathway in K-12 education or the social services profession. Students in the academy are placed in cohorts by grade level that enhances their learning experience. Guest speakers, field trips, and internship opportunities are ingrained in the academies to allow students to learn all aspects of the career-focused programs through relevant academic and technical content. Our school also offers CTE pathways, a sequence of courses, in the Arts, Media, and Entertainment and Computer Science sectors. The Arts, Media, and Entertainment sector includes courses in multi-media, stagecraft, sound engineering, film, and photography. Computer Science provides an introduction to programming language and problem-solving skills. After-school activities in CTE STEM fields give students additional opportunities to access career technical education content.

The district's CTE division supports EHS in the development and implementation of high-quality career pathways that address regional labor market needs. They work in conjunction with school sites, industry, and the community college to ensure students in the CTE programs at EHS are able to transition successfully after graduation.

2020-21 Career Technical Education (CTE) Participation

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

Grade 5	N/A	N/A	N/A
Grade 7	N/A	N/A	N/A
Grade 9	N/A	N/A	N/A

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Parents are welcome to participate in school activities in a number of ways. Parents participate as members of the School Site Council, School Advisory Council, as well as participate in multiple booster clubs for various activities.

EHS employs a full-time Parent Volunteer Coordinator who facilitates parents in giving assistance and support campus-wide. EHS opened a Parent Center in 2012 to encourage PowerSchool usage and assistance to parents in filling out school-related documents. School personnel is on hand to assist parents.

Regularly scheduled EL and AVID Parent Nights and celebrations are held throughout the school year. In addition, an EL Mini-Conference was held for students and parents to highlight A-G college requirements, PSAT/SAT information and information on how to read a student transcript. A district ELAC Meeting is held each semester.

Separate conferences for each grade level, College Fair, Making College a Reality, Senior Nights, School Showcase, and other special nights for both students and parents are held throughout the year.

One a month student parent-teachers meeting

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.15	0.00	0.24	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Our Safety plan is a resource of information designed to assist our staff in dealing with crime and emergencies on campus. The information in the plan encompasses the following areas: crime assessment, policy, and procedures, evacuation plans, people and programs, physical environment and compliance. It is designed to maintain consistency regardless of which staff member or administrator is dealing with situations on campus. A complete copy of the School Safety Plans can be obtained in the Administration Office.

Our focus areas include increasing school safety while expanding and emphasizing school pride by reducing referrals for fighting, gang activity, and graffiti. The Staff of EHS is trained to identify and recognize signs of at-risk youth and how to access resources and programs within the EHS community. Evacuation and Lock Down Drills are held on a quarterly and monthly basis.

Eastside High School requires all students to present their IDs prior to entering campus. An additional campus supervisor will patrol the perimeter of EHS during school hours. In support of students' emotional and social development, EHS has identified six mentors to work with students throughout the day helping them to focus on their attendance, academic and school participation.

District Statement: We want our community to be aware of our continued commitment to safety which includes multiple, proactive approaches to fortifying security throughout our schools.

In April and June 2018, we conducted safety reviews of our campuses that resulted in the implementation of enhanced safety measures. These measures vary by school and include enhanced fencing, additional security and counseling personnel, updated surveillance cameras, front entrance modifications, and door locking devices. We also incorporated additional training with the Lancaster Sheriff's Station and revised student, staff and visitor identification processes.

For more than 25 years, we have had a dedicated school deputy on campus each day. In addition to this, we continue to focus on our students' social emotional needs through various programs and counseling outreach, provide safety training to our students and staff, and underscore the importance of vigilance through "See Something, Say Something." Our district and site websites have links to confidential student referral forms, where students and parents are able to submit safety concerns for administration to address.

2018-19 Secondary Average Class Size and Class Size Distribution

This table displays the 2018-19 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

2020-21 Types of Services Funded

Eastside High School is currently a school-wide Title I school, with a majority of its students qualifying for Title I funds. Literacy Support classes are offered for students who do not read and write at grade level. These classes use Read 180 to teach reading and writing skills so students maintain literary skills at or above grade level. The use of daily planners supports organizational skills, time management and school-to-home communication.

The Special Education program, an inclusion model, provides assistance from instructional aides and special education teachers in the classroom to support all students in meeting the standards. Literacy Support and ESS classes provide time to ensure goals for each Special Education student are met. Teachers and the Special Education support staff implement student accommodations to ensure the opportunity for academic success. A Teacher on Special Assignment also provides ongoing staff development and is present during transition IEPs for students coming to high school from feeder schools.

We offer the LINK Program, a mentor program specifically designed for the transition from Junior High to High School. Through this program, 9th grade students attend a summer orientation and various activities throughout the year. In addition, our AVID Program, which encourages college readiness, currently serves several hundred students. EHS is currently honored as an AVID Demonstration School.

Math Intervention and support classes such as Algebra 1 Support and math support are offered.

Coordinated Academic Maintenance Program (CAMP) is in effect for credit recovery, tutoring, and supplemental instruction. Through this program, students also have opportunities for enrichment and grade improvement to become A-G eligible. Tutoring is offered most days after school in the library.

Professional Development

Teachers have multiple opportunities to participate in voluntary and mandatory professional development sessions. These take place during staff meetings, department meetings, Professional Learning Communities, and other optional Professional Development sessions that occur monthly outside of the school day. In addition, teachers have the option of attending district trainings and/or collaborating either during the school day or after school. Finally, teachers are given opportunities to attend conferences outside of the district through LACOE, the College Board, and other agencies in conjunction with district offered pd.

To support teachers in implementing the various professional development initiatives, Eastside High School has identified a variety of instructional partners and coordinators who have varying periods of release time to observe, conference, plan, and co-teach with other teachers. Teachers are encouraged to observe each other in implementing strategies, and consistent follow-up in Professional Development sessions ensures that there is a clear focus and direction to our Professional Development. The professional development plan continues to evolve based on data collected and identified the needs of our faculty, staff, and students.

All teachers are trained in AVID Strategies (WICOR), Catapult, (Anatomy of a Lesson) and new teachers have an IP who works with them. New teachers go through AVTI for support

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Student Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
