2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

This School Accountability Report Card is designed to give a snapshot of the school and its programs. It gives an indication of our efforts to offer quality educational experiences for all students. The mission of Lancaster High School is to prepare our students for college and careers through providing a safe and supportive culture that fosters creativity, collaboration, communication, and social responsibility.

Several academic programs are available at LnHS, including Air Force Junior Reserve Officer Training Corps (AFROTC), a Project Lead the Way (PLTW) BioMedical program, Advancement Via Individual Determination (AVID), Multimedia and Engineering Academy, and our Computer Science Pathway. Our Graduate Student Profile guides our work with students each step of the way. Students will become bold innovators who explore multiple creative and technological possibilities and persevere through challenges. Students will become skilled collaborators through working with diverse groups to achieve a shared goal. They will become dynamic communicators through clearly expressing and defending ideas using evidence. Lastly, they will become global and productive citizens through using cultural awareness when working towards solutions.

Lancaster High School provides opportunities for students to participate in multiple types of online supports for students. The Princeton Review, Khan Academy, and PSAT prep programs, as well as access to their College Board accounts, are available for students to access at all times. Students may access the programs from school or at home. In addition, the Comprehensive Guidance Plan provides six yearly parent nights for all students to attend where college information is presented and questions are answered. The Curriculum provided for students at Lancaster High School meets all State and local guidelines. An emphasis is placed on aligning the curriculum and instruction with the Common Core State Standards and the Graduate Student Profile. Rigorous and relevant instruction continues to provide students with fundamental skills and extended learning opportunities. Students participate in the learning process by working in teams to problem-solve, taking responsibility for much of their own learning through active participation, discovery, investigation, research, and communication skills. At the same time, students prepare for assessments used by the State to determine a level of academic achievement.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	
Intern Credential Holders Properly Assigned	
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)	
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)	
Unknown	
Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Lancaster High School maintenance, custodial, and grounds crews work year-round to ensure that the campus remains in top condition. Recently our heating/ventilation/air conditioning systems have been upgraded and replaced.

The Antelope Valley Union High School District maintains educational facilities that are safe, clean, and provide an educational environment that exceeds adequacy standards established by the state as set forth in the Williams vs. State of California educational lawsuit mandated for public schools in the state of California. The school district is staffed to provide each school with site-based maintenance and operational staff including custodial staff, grounds crews, and maintenance and repair personnel. These persons are based at each school site and report to school site administrators in rendering service to the District. Site-based maintenance and operations persons are supported by a central maintenance and operations crew including carpenters, painters, heating/ventilation/air conditioning personnel, and one individual who operates the District's field mower. All sites receive operating funds for maintenance and operations from restricted funds identified for maintaining each campus. In addition, the District takes full advantage of the state's deferred maintenance funding program whereby a five-year deferred maintenance plan is submitted and updated to reflect major repair/reconstruction projects in the District. This includes appropriate upgrades and repairs to roofing, asphalt, electrical, and plumbing on District-owned facilities.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

2020-21 Career Technical Education Programs

Lancaster High School offers a range of Career Technical Education (CTE) course options that provide a strong foundation for our students to pursue college and career opportunities within high-quality CTE courses and pathways. Course sequences from introductory to advanced options in the Arts, Media and Entertainment, Engineering, Health Sciences, and Information Technology industry sectors. Specialized programs within these sectors include the STEM Multimedia and Engineering Academy (MEA), one of the first 12 Linked Learning certified programs recognized in the state to address rigorous technical, academic, student support, and work-based learning opportunities at a high level. MEA provides small learning communities of student cohorts who learn content within integrated lessons. Students master the use of technology, find solutions to modern problems, take field trips to industry and higher education institutions, and hone their employability skills through a range of work-based learning opportunities. The CTE STEM programs use an industry-driven curriculum (Project Lead the Way) that addresses technical and career preparation content. The biomedical pathway courses offer interactive lessons that afford students a closeup into the world of CSI investigation to learn DNA code, assess symptoms, and recommend treatments. Students in the CTE classes have opportunities to receive value held industry certifications.

In addition to the support provided through categorical funding at the site, we work collaboratively with the Career Technical Education office to provide CTE opportunities for all of our students, including after-school programs that offer STEM activities and instruction.

Data is pulled from the California Longitudinal Pupil Achievement Data System (CALPADS) to provide comparison data for LnHS CTE students and progress in the College and Career Indicator for CTE pathways. Supplemental data provided in coordination with the CTE office includes work-based learning, college coursework and acceptance rates, graduation rates, and attendance.

2020-21 Career Technical Education (CTE) Participation

Measure	CTE Program Participation
Number of Pupils Participating in CTE	1,110
Percent of Pupils that Complete a CTE Program and Earn a High School Diploma	54.7
Percent of CTE Courses that are Sequenced or Articulated Between the School and Institutions of Postsecondary Education	22.7

Course Enrollment/Completion

This table displays the course enrollment/completion of University of California (UC) and/or California State University (CSU) admission requirements.

UC/CSU Course Measure	Percent
2020-2021 Pupils Enrolled in Courses Required for UC/CSU Admission	94.37
2019-2020 Graduates Who Completed All Courses Required for UC/CSU Admission	40.15

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

Grade Level	Percentage of Students Meeting Four of Six Fitness Standards	Percentage of Students Meeting Five of Six Fitness Standards	Percentage of Students Meeting Six of Six Fitness Standards
Grade 5	N/A	N/A	N/A
Grade 7	N/A	N/A	N/A
Grade 9	N/A	N/A	N/A

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Lancaster High School welcomes family involvement while maintaining Covid-19 health precautions. We rely on our Parent Volunteers for a number of projects, celebrations and committees at the high school. A Parent Advisory Committee (PAC) meets with the principal to discuss the school's School Plan for Student Achievement, as well as other school-related topics. Similar advisory committees exist for our English Language Learner (ELL) program. The School Site Council provides parents with an avenue to have a direct voice in school governance, as well as to discuss school-wide issues such as curriculum standards, programs, and policy decisions that would benefit from community input. Parent Engagement Workshops are offered to parents on weekends in subjects such as college readiness, homework strategies, etc.

In the spirit of unity and mutual support, your participation is desired in the hope of offering students the most relevant and valuable experiences for continued growth. A sense of community is continually sought after and extends beyond the classroom. Parents and local businesses are encouraged to be an active part of our programs. Lancaster High School pays for fingerprinting fees for our volunteers. Please contact Melissa Baranowski, Parent Volunteer Coordinator, at (661) 726-7649 x-791 to obtain information on the Parent Volunteer Program, or to ask questions regarding school committees.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.21	0.00	0.24	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

School safety continues to remain a top priority. Issues that revolve around safety include, but are not limited to: school climate, violence on campus, crisis preparedness, school/law enforcement relations, and alcohol/drug use. Lancaster High School's Safety Action Plan is updated and reviewed annually. The LnHS School Safety Plan can be viewed in its entirety at <http://www.lnhs.org/SchoolSafetyPlan.pdf> (PDF Format) and copies can be obtained in the Administration Office. Our maintenance, custodial, and grounds crew work year-round to ensure that the campus remains in top condition. The campus has two lunch schedules and a snack to help alleviate overcrowding.

In addition to safety enhancements across the District (see below), Lancaster High School provides campus safety conversations for students in class and at lunch. Perimeter and gate checks are enforced, and administration and security are present in numbers before and after school, as well as during snack and lunch periods.

District Statement:

We want our community to be aware of our continued commitment to safety which includes multiple, proactive approaches to fortifying security throughout our schools.

In April and June 2018, we conducted safety reviews of our campuses that resulted in the implementation of enhanced safety measures. These measures vary by school and include enhanced fencing, additional security and counseling personnel, updated surveillance cameras, front entrance modifications, and door locking devices. We also incorporated additional training with the Lancaster Sheriff's Station and revised student, staff, and visitor identification processes.

For more than 25 years, we have had a dedicated school deputy on campus each day. In addition to this, we continue to focus on our students' social emotional needs through various programs and counseling outreach, provide safety training to our students and staff, and underscore the importance of vigilance through "See Something, Say Something." Our district and site websites have links to confidential student referral forms, where students and parents are able to submit safety concerns for administration to address.

2018-19 Secondary Average Class Size and Class Size Distribution

This table displays the 2018-19 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

2020-21 Types of Services Funded

Instructional Partners have been hired to support teachers in improving instructional practices to most effectively implement rigor in our classrooms. AVID strategies, CCSS, Academic Language Development, AOL instructional model, digital literacy, data collection/analysis/utilization, and building positive relationships with students, to help ensure a highly effective instructional program for students is a focus. The AVID program is supported through hiring an AVID coordinator, paying for substitutes for professional development, collaboration time, professional development and conferences, additional collaboration hours, and AVID tutors. A College/Career Liaison is provided with an Advanced Placement Emphasis to monitor the progress of AP students, pull performance data, provide AP-specific tutoring/workshops and parent workshops to improve student achievement in AP classes and on AP exams. Support is provided for the extension of the Biomedical Pathway and replacing consumed items or updating/replacing equipment as necessary, purchasing software and equipment to support digital literacy, and staff development through additional hours for Biomedical teachers in developing the pathway according to PLTW and Linked Learning concepts. After-school tutoring is provided for students. Teachers are provided with opportunities to collaborate in developing common assessments, reviewing data, etc. Instructional Materials for Interactive Notebooks, Read 180, Arts, etc., are provided to teachers. A Freshman Focus is funded to ensure freshmen are supported in the following areas: Feeder School Outreach (Road Show & LINK Crew Activities), Academic Supports (Tutoring/Monitoring), Transition Activities (Freshman Conference), and Parent Outreach. Subs/conference periods are paid to support proctoring ELPAC, AP, SBA, and SAT, as well as additional hours for a testing coordinator. Algebra I and Algebra 2 Teams align lesson plans, develop common assessments, review data on a consistent basis, and provide interventions. Student retention is supported in programs through holding parent conferences throughout the year to discuss academics, goals, etc. Supplemental Instruction and Grade Improvement (10th, 11th, and 12th) are provided to students. An AP Coordinator is funded to assist with program management and testing logistics. Science department collaboration is provided to assist with NGSS implementation.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
